TELEGRAPH STRIKE

Barbosa promises, said Koenekamp today. "He never keeps his promises."

Carlton Says "Failure"

New York, June 6.—(United Press)—Newcomb Carlton, president of the Western Union, today declared the strike of telegraph operators in the southeastern states was "a flat failure."

"Not a man who leaves the Western

Union in this attempt to embarrass the company will ever be permitted to return," Carlton said.

"The strike is a flat failure. We have not felt the effects of the walk-out. We will control the situation and deliver our business."

Carlton said he had received messages from various points indicating the strike is a very feeble effort. His figures showed, he said, that more than 90 percent of the normal working force remained on duty at New Orleans. He added that in Atlanta more men are available for duty than there are positions to fill.

Strikers Claim Support

Atlanta, Ga., June 6.—(United Press)—Strike leaders early today claimed that at least 95 per cent of Western Union telegraph workers in the southeast have already responded to President S. J. Koenekamp's strike order issued late yesterday.

Railroad operators also are refusing to handle Western Union business at the way stations, union leaders asserted.

"Complete reports probably will not be received for a few hours," said Charles F. Mann, international third vice president, directing the strike. "However, all indications point to a complete insubordination."

General Manager H. C. Worthen of the Western Union declared at 9:30 a. m., it was impossible to compile any definite statement regarding the strike effect before this afternoon.

Many striking telegraphers are reported being employed by the Postal Telegraph company to handle telegrams directed to that company by business concerns and individuals.

DELL NEVER FELT BETTER HE SAYS

Denver Man Takes Tanlac—Is Relieved After Two Years' Suffering.

"For the first time in two years I am feeling strong and well again, and it was nothing but Tanlac that fixed me up," said George M. Dell of 1357 Thirteenth street, Denver, Colo. "I don't know what was the matter with me," he continued, "but I had lost my appetite and the little I forced down failed to digest and I suffered terribly with gas on my stomach. There was a constant pain in my back, and my legs and feet would swell so at times that I couldn't put on my shoes. My kidneys worried me so much I never could get a good night's rest. I felt tired and worn out all the time, the medicine I took did me no good and I got into such an awful fix that I had to lay off from work as much as three days at a time, and when I did go to work it was all I could do to get through the day."

Tanlac was recommended to me so strongly that I decided to try it and my first bottle brought my appetite back. I have been entirely relieved of that pain and bloating, my kidneys don't bother me any more, I sleep like a log and can do as good a day's work as anybody, in fact I never felt better in my life than I do right now."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goeck, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Y. M. C. A. PLANS TO EXTEND ACTIVITIES

The directors of the Y. M. C. A. held a meeting at the rooms yesterday afternoon, with State Secretary I. B. Rhodes present for conference with regard to the county and state budget. The canvass for this fund was commenced yesterday and several hundred dollars secured. No action was taken at this meeting with regard to locating a man for the office of secretary to take the place of Mr. Compton, who has presented his resignation, to take effect July 1. In accepting this resignation the board expressed its appreciation of the work of Secretary Compton.

The campaign for the establishment of the Y. M. C. A. branches in rural centers is going forward with every prospect of co-operation from both city and county. This work is in the hands of the following county committee: Sellen—Paul Wallace, Jos. H. Albert, Wm. Guldorf, Dr. P. E. Brown, W. M. Smith, chairman; Aumsville—Charles Hanson; Aurora—J. W. Sadtler; Brooks—J. P. Applewall; Donald—H. N. Goode; Hubbard—Babu Paulson; Macleay—Henry Young; Jefferson—E. D. Smith; Marion—Eli Davidson; Silverton—Dr. Keene; Stayton—J. W. Mayo; Woodburn—J. M. Poorman.

Prior to the war the smaller towns and communities, constituting one-half the population, were not receiving any benefit from the Y. M. C. A. except what they have derived indirectly through Buys' Conference and work in the colleges. The committee feels that it can no longer ignore the many appeals that have come to it from outlying districts, and it proposes to undertake a program that will within a few years put some form of association work within reach of 90 per cent of the boys in the rural centers, in line with the work

of the following county committee: Sellen—Paul Wallace, Jos. H. Albert, Wm. Guldorf, Dr. P. E. Brown, W. M. Smith, chairman; Aumsville—Charles Hanson; Aurora—J. W. Sadtler; Brooks—J. P. Applewall; Donald—H. N. Goode; Hubbard—Babu Paulson; Macleay—Henry Young; Jefferson—E. D. Smith; Marion—Eli Davidson; Silverton—Dr. Keene; Stayton—J. W. Mayo; Woodburn—J. M. Poorman.

L.L.L.L. To Celebrate In Eugene On Fourth Of July

To discuss plans for raising \$5000 for the biggest Fourth of July celebration that has ever been staged in Eugene, to be put on July 4th and 5th under the auspices of the Loyal Legion of Loggers and Lumbermen, an executive committee appointed by E. C. Simmons, president of the chamber of commerce, will meet at the chamber of commerce rooms tonight. This cause of celebrating the winning of the war was decided upon last night at a meeting of the business men of Eugene, in the chamber of commerce, and a resolution inviting the members of the L. L. L. L. and their families and friends to Eugene for the demonstration was passed. Returning soldiers and sailors will share honors with the Loyal Legion as guests of the city—Eugene Guard.

CONGRESS BUSY

(Continued from Page 1.) for some legislation, both Senator Cummins, and Representative Esch, chairman of the senate and house interstate commerce committees, agreed. Cummins said the continuation of rates fixed under government control seemed to him the principal matter needing congressional action. May Continue Rates. "We shall determine today," said Cummins, "whether to go ahead with the Kellogg resolution, now on the senate calendar or to withdraw it and introduce an amended measure of narrower scope." The Kellogg measure provides that the telephone and telegraph properties will be returned "forthwith" and that rates fixed under government control shall be continued at least until the president has signed the measure. Members of the senate committee said in the opinion of the Burleson order, by limiting the relinquishment of federal control to "control of operations," makes necessary a law actually putting the physical properties back in the hands of private owners. They regarded Burleson's step as preparatory to give the companies time to adjust their bookkeeping. According to testimony of Newcomb Carlton, Western Union president before

house and senate committees, the transition from public to private control will mean absolutely no change so far as the public will be aware, in the conduct of the business. Carlton said he had been permitted to run the business just as before the war.

Regulation Big Need

Representative Esch, chairman of the house committee on interstate and foreign commerce, in announcing his committee would meet today to consider the needs of the situation, hinted that Burleson appeared to be trying to "get out from under." "At first hand it looks like Postmaster General Burleson wants to avoid the difficulties that now confront the companies," Esch said. "The most important thing to determine is to how the postmaster general's higher rates will affect efforts of the public to obtain lower rates through their utility commission and legislation is needed so that clear authority is given the commission to adjust rates as soon as the line are completely returned so that the companies cannot (by upping the rates in the courts for years)."

Members of the committee seem to favor some fixed adjustment period. First Assistant Postmaster General Koons suggested a year, but other witnesses stated three to six months would be sufficient. The senate bill provides sixty days.

At an open meeting of loggers and sawmill workers at North Bend Tuesday a local union of timber workers was formed in opposition to the Loyal Legion of Loggers and Lumbermen.
