A new one for very young men

It's only one of the many spirited designs that we are showing for the young fellows in school or in business.

Hart Schaffner & Marx and Bishop's Ready Tailored Suits are here in styles that are the snappiest and Bishop's have them in all sizes and styles.

We have a way of knowing what young men want; we make it a point to have plenty of models in many sizes. We carry the largest stock of men's clothing outside of Portland, and why not take advantage of this opportunity that is offered you, while the stocks are complete.

WEAR:—That's an important item with the young man; they put their clothes to hard tests. These suits will stand the "gaff"—they are guaranteed.

DESIGNS:—Waist-seams are here in this Prep style; all the best things in Hart Schaffner & Marx also Bishop's Ready Tailored Suits.

They are made of "Virgin Wool" that means extra service and satisfaction to you.

Priced from \$35.00 to \$50.00 in the Hart Schaffner & Marx and Bishop's Ready Tailored Suits.

Willamett Students To Attend Seabeck Meeting

A group of about twenty Willamette University students have signified their intention to attend the Students' Conference to be held at Seabeck, Washington, from June 14 to 23. This has become one of the strong institutions of the northwest, combining outdoor and camp life with religious, sociological and economic discussion of the most valuable type.

During the war Seabeck was attended by large numbers of Y. M. C. A. workers eager to get the latest training in the art of reaching men. Those in charge plan to make the conference essentially a training school, and leaders in student activities are especially urged to attend. It is expected that more than 200 students, representing every college of the northwest, will attend.

ED DOWNING SURPRISED ON BIRTHDAY ANNIVERSARY

Ed Downing, born and raised north of Sublimity, had a birthday Sunday. He was sixty-four long years old that morning—and he knew it, but did not dream that anyone else in the world believed the start will not be made before the end of the month, owing to the extreme thoroughness of the tests she is undergoing.

The R-34 will seek to fly to New Foundland at an altitude of about 7,000 feet, which is above the lower storm filled area usually traversed by airplanes. From Newfoundland it is planned to follow the coast to Atlantic City.

Austrian Reply To Take Form Of Counter Terms

Zurich, June 7.—(United Press.)—The Austrian reply to the peace treaty will take the form of counter proposals, a dispatch from Innsbruck reported today. The main points are ready as the dispatch said, but the full text of the reply will not be headed to the allies before June 15 or 16.

There is nothing worse than bad, foot-smelling breathy get rid of it for your friend's sake anyway. Hollister's Rocky Mountain Tea will clean and purify your stomach and bowels; your breath will be sweet, your disposition improved, your friends increased. 35c. Tea or Tablets, D. J. Pdy.

that the committee subpoenae the following men."

Borah Has Copy of Terms.

Borah then submitted the list above, accepting Vanderlip and on motion of Senator Hitchcock they were ordered to appear with the documents mentioned.

"Would you mind adding the name of Frank A. Vanderlip?" asked Senator Williams, Mississippi.

The committee acquiesced in this suggestion.

Continuing his statement Borah said:

"I think by questioning these gentlemen the committee will learn first that their interest in the league has been constant and active and second that they have had copies of the treaty for the past ten days.

"There will be no difficulty about establishing the facts concerning their possession of the treaty. The difficulty will come in showing their interest in it. But I want to lay a foundation for developing that."

Borah then announced that he has a copy of the treaty text and that he plans to read it into the record at today's session of the senate.

Former President Taft, who is being mentioned here as one of the prominent witnesses in the senate investigation, stated to close advisers today that he is anxious to appear before the committee. Taft today refused to comment on charges that he had secret information as to the contents of the treaty.

How Much More Tobacco Will My Heart Stand?

A Vital Question for Every Man Who Smokes or Chews to Answer.

May Cost a Life to Find Out By Experiment

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find out how much tobacco your heart will stand without serious results.

and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit, make it easy for yourself by getting Nicotol tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure to quit.

Manufacturers' Note: Nicotol is sold under the positive guarantee that it is not injurious; that it contains no habit-forming drugs; that it will help any man to throw off the tobacco habit, and that any druggist will refund the entire purchase price if it fails. It is dispensed in Salem under this guarantee by D. J. Fry and other good druggists.

STRIKE IN

pany heard them say they intended to comply with the Wednesday strike order.

Union leaders declare that 154 Western Union workers will walk out here Wednesday morning.

Chicago, June 9.—(United Press.)—S. J. Konecny, president of the Commercial Telegraphers Union, was Saturday called a strike of all telegraphers and electrical workers for Wednesday, said here today he had no reason to expect official action from Washington looking toward settlement of the trouble.

"If there is such a move on foot, I know nothing of it," he said.

Konecny said he has received telegrams from all parts of the United States and Canada giving notice of readiness for the strike.

Big British Dirigible Waits Only For Favoring Weather To Start Overseas

By Edwin Hallinger

(United Press staff correspondent) London, June 7.—The big British dirigible R-34 is undergoing its final tuning up near the Firth of Forth before attempting to fly to Atlantic City, N. J.

"The airship's equipment is complete and she will be ready to start for America as soon as the crew is convinced that every piece of apparatus is 100 percent perfect," an admiralty official said today. "We have given

the crew permission to leave any moment they wish."

The admiralty is uncertain regarding the day of departure.

Although the officials say they would not be surprised to see the R-34 "cut loose any day," it is generally believed the start will not be made before the end of the month, owing to the extreme thoroughness of the tests she is undergoing.

The R-34 will seek to fly to New Foundland at an altitude of about 7,000 feet, which is above the lower storm filled area usually traversed by airplanes. From Newfoundland it is planned to follow the coast to Atlantic City.
