

# Firestone Prices Are Down

### For Car Owners and Truck Owners Be Guided in Your Tire Buying Accordingly

Because never before have Firestone Tires been so decidedly better than others as they now are. Car owners from coast to coast, for the past year, have taken their hats off to Firestone over the improved Gray Sidewall Fabric Tire.

And the latest Firestone Cord, built to the new standard oversize, with extra heavy non-skid tread, is upsetting all records made by any other tire of any type.

As for truck tires—the fact that over half the truck tonnage of America is carried on Firestones proves unquestioned superiority in that line.

So, whether you want tires for your passenger car or your trucks, call up the Firestone dealer and get set right on prices.

The new prices give greater assurance than ever that Firestone means—most miles per dollar.

## COUNTER PROPOSALS IN BIG FOUR HANDS

### Various Commissions Submit Plans To Allied Leaders For Decision.

By Fred S. Ferguson  
(United Press Staff Correspondent.)  
Paris, June 10.—Reports of the various allied commissions regarding German counter proposals were before the big four today.

Some of the reports, it was learned, are ready to be incorporated in the allied reply—expected to be submitted Friday—while others probably will result in further discussion. In this category are the questions of a fixed sum for reparations and early admission of Germany to the league of nations. A lively debate on the latter was anticipated. The British and Americans, it was understood, favor earliest possible admission of the Germans, the French hotly oppose it.

The big four also was expected to devote some time to solution of the problem presented by the three cornered warfare in the Balkans, Rumanians, Czechs and Hungarians figure. The allies are reported to have dispatched an ultimatum to the Hungarian soviet government, demanding it cease its attacks on the Czechs.

The Adriatic question, which has been one of the hardest nuts to the peace conference to crack and which resulted in temporary withdrawal of the Italian delegates, is now reported to have been virtually settled. The United Press is able to outline this plan. It follows:

- 1—Fiume will be made a free city, under protection of the league of nations, together, with considerable surrounding territory, which becomes a free state.
- 2—Schenio will go to the Jugo-Slavs.
- 3—Zara will become a free city under Italian control.
- 4—Certain Adriatic islands adjacent to the Jugo-Slav coast will be awarded to Italy.
- 5—A plebiscite will be held in five years to determine whether the people

cause the Koreans seem not to be interested in the matter. Bishop Walsae of the Methodist church, who returned to the United States on the same steamer on which I was a passenger, told me that the Koreans, while they may have suffered some ill treatment at the hands of the Japanese, are entirely incapable of self government, and that the progressive method of the Japanese will result to the material good of Korea.

"Arriving in Japan, I found distress because of the collapse of freights and commodities following the armistice. Contracts had been canceled right and left by foreign traders. Those conditions were vastly improved before I left, however, and are now rapidly advancing. Business throughout the Orient has been in a waiting state, and now it is in a progressive state."

## HOW AMERICAN WOMEN MAY KEEP FACES YOUNG

"The American smart woman ages early, far earlier than the English woman," says Christian Miller, P. C. I., the famous English health expert. She adds that our climate "so exhausts that you over exert yourselves and grow old before you know it. That same exhilarating air dries the skin. The skin that lacks moisture grows pale and withered looking and soon forms wrinkles." "The American complexion" is best treated by applying pure mercurated wax, which causes the faded, lifeless cuticle to flake off in minute particles, a little each day, until the fresh, young skin beneath is wholly in evidence. Every druggist has this wax; one ounce usually is sufficient. Spread on at night like cold cream, washing it off next morning.

Justice company against Mrs. E. Gansley went by default, as Mrs. Gansley made no defense. In both suits, the damages are placed at 1 1/2 cents a pound, according to the contract.

Mildred Marie Moorman has brought suit against James Louis Moorman for divorce. They were married Jan. 6, 1918. She alleges that he made false accusations against her and that he induced her to sign a contract by which he was not to give her support as a husband.

Valentine M. Cone has brought suit for divorce from E. A. M. Cone. They were married May 11, 1918. She alleges that his mother lived in their home and drove her away. Also that she had to work in the hop fields to support herself. She asks for the restoration of her maiden name, Valentine M. Bailey.

Elizabeth Edwards has brought suit against Leroy Hollis Edwards for divorce. She alleges they were married in Salem Dec. 3, 1914, and they have a son two years old. She also alleges he struck her with his fists and kicked her. She asks for \$25.00 a month alimony for the support of their son.

Bertie E. Long has brought suit for divorce from George E. Long. She alleges they were married Dec. 2, 1912. In her plea for divorce, she asserts that he ran around with other women and names one special instance.

The county court approved the final report and account of Iola Gleason, administratrix of the estate of Thomas Gleason, deceased. The bondsmen were relieved and the administratrix discharged from further duty.

In the matter of the estate of Henry B. Thielson, the county court approved the final report of the executors Fred W. Thielson and Hans Thielson.

### What Is The Cause of Backache?

(By DOCTOR CORNELL)

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women.

for the vegetable growths of which it is made seem to have been intended by nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

## Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and in; the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the mean time try Nicotol tablets; you will be surprised at the result.—D. J. Fry.

You will soon approach one of the most important phases in your life; you will be called upon to make a decision that will influence and affect your whole life.

### It is this:

Are you going to college and have a college education, or are you planning on your life's work at some occupation.

In either one of these decisions you are now and will be called upon to be well dressed. "Good clothes are a business asset." You will never find anything more true in your life.

Our advice is to get one of Bishop's Ready Tailored Suits, or one of Hart Schaffner & Marx's as they are always the latest in style, best in quality; made of the famous VIRGIN WOOL, direct from the sheep into your clothes—"our clothes are right."

Now for the Furnishings: They are always of the newest and of Bishop's Quality; and they are as necessary in their use as any part of your apparel.

Shirts, hosiery, underwear, ties, then last but not least come the

## Mallory Hats

Of course you will need shoes, but Bishop's are noted for their shoes, as the quality is right always, and they come in all the latest last's and in the wonderfully popular Cherry Red, Cordovan, Black, Cocoa Brown and Tan.

These shoes are of the well known and popular "Just Wright" Shoes and are guaranteed to give satisfaction.

Beginning now and through after life you will be protected and given the best that the market affords in quality and style and you will be known by your clothes—and the store you trade with. Why not BISHOP'S?

## State House Notes

Tomorrow the state highway commission will enter upon a two-day session of conference and hearing in Portland with regard to the demands for road construction in various parts of the state. It is expected that representatives will be present from more than 25 counties, all anxious to "start something." Following the meeting the commission will probably start on a tour of the southern Oregon country for the purpose of investigating the conditions in the various districts; and from this investigation they will determine upon the amount of state cooperation to be accorded the counties voting local bonds.

Replying to an inquiry from Labor Commissioner Gram with regard to the working hours of undergraduate nurses in hospitals, Attorney General Brown cites chapter 12 of the Oregon Laws as showing the lines of female labor that are exempt from legal restrictions, and gives the opinion that the working day of undergraduate nurses is subject to legislative restriction.

Very few firms have been organized in Oregon during the past week according to the records of the corporation department. The Graves Canning Co., of Dallas, have increased capital stock from \$50,000 to \$100,000; the Wittenberg-King Co., of Portland, have increased from \$250,000 to \$500,000, and the Pacific Evaporating Co. have increased from \$10,000 to \$100,000. Firms going into dissolution were the Florence Lumber Co., Florence; Townsend Creamery Co., Portland; Multa Machine Co., Albany.

## Greatest Yank War Hero Wife And Mother Hosts To Tennessee People Today

Nashville, Tenn., June 10.—Sergeant Alvin C. York, the "war's greatest hero," with his bride and mother, held a public reception, attended by thousands of Nashville residents at the mansion of Governor Robert, here today.

The Yorks arrived here from their home at Pall Mall yesterday. The mother and bride had never before ridden on a railroad train or seen a city.

The hero and his family attended a meeting at the auditorium last night where he was presented with a diamond encrusted medal for valor on behalf of the state. The mountain bride received a handsome brooch from the suffragists.

The mother, wearing a sun bonnet and dressed in plain black waist and white skirt was presented and stood smilingly and unafraid as she was cheered when termed by Governor Roberts as "the mother of the world's greatest hero."

## Vocational Agriculture In Turner School To Be Submitted To Tax Payers

The people of Turner interested in school will soon have an opportunity to pass on the question of whether Turner is to be one of the few districts in the state to include vocational agriculture in its course next winter.

Last night a meeting was held in Turner, attended by W. M. Smith, county superintendent, J. W. L. Smith, county supervisor, and Prof. H. P. Barrows of the Oregon Agricultural college. There seemed to be a general feeling that vocational agriculture should be taught in the schools and to properly submit the matter to the voters, a committee of five was appointed.

This committee is to include the present three directors and they are to select two. It is figured that should Turner accept vocational agriculture as part of its course that the district will receive \$900 a year in federal and state aid and that the pupils attending the school from outside the district will bring in \$500 tuition. In addition

to this, about \$550 is required and this amount the Turner school district will be obliged to raise.

It is estimated that a proper teacher for vocational training will cost \$1800 a year and other expenses will run the cost of the course up to about \$2250. The assessed value of taxable property in the district is \$504,331. There are now but five districts in the state to be permitted to adopt this vocational course. Woodburn has already accepted the course.

## Portland Realty Dealer Pleads Guilty To Arson

Eugene, Or., June 10.—W. J. Patterson, prominent realty dealer and broker of Portland, pleaded guilty to a charge of "burning with intent to defraud insurer", and was sentenced today to three years in the penitentiary. He was paroled to his brother-in-law, R. Alexander, of Pendleton, on condition that he make restitution for the building he fired.

Patterson made a full confession to District Attorney L. L. Ray and State

Deputy Fire Marshal Pomeroy when arrested here on April 23.

The building belonging to the Alvarado Fruit Growers association, was fired by Patterson on the night of April 8. Patterson had sixty tons of hay in the building, insured for \$1000 with the Phoenix company.

## Beaverton Bank Robbed Of \$4,000 In Daylight

Beaverton, Or., June 10.—Holding up Miss Lillian H. Evans, assistant cashier of the Bank of Beaverton, at 1 o'clock this afternoon, a lone bandit gathered \$4000 in cash and escaped. Miss Evans was alone in the bank at the time the robber entered. He was about ready to make his getaway when Charles Herbold, a bank depositor entered. The latter, with Miss Evans, was locked in the vault. The bandit then made his escape in an automobile.
