WOMEN'S REMEDY FOR WRINKLED FACES

Thousands of the fair sex are spending fortunes in frantic efforts to remove the signs of premature age from their faces. Such women willingly pay almost any amount of money for worthless wrinkle removers, of which there are many.

If they only knew it, the most effective remedy imaginable is a simple, harmless face wash which can be made up at home in less than a minute. They have only to get a ounce of powdered salixite and half a pint of witch hazel at the drug store and mix the two. Apply this daily for a while as a refreshing lotion. The effect is almost magical. Even after the first treatment a marked improvement is noticed and the face has a smug, firm feeling that is most pleasing.
