## PEACE BUT NO LEAGUE IS REPORT

### Senate Foreign Relations Committee Orders Favor- able Report On Bill Sepa- rating Treaty.

### INCLUSION OF COVENANT IN PACT IS DISCOURAGED

### Senators Oppose World Fi- nancing Proposal Of Bank- ers On Ground It Would Send Prices Soaring.

Washington, June 12.—The senate foreign relations committee today by a vote of 8 to 7, ordered a favorable report on the Knox resolution, virtually to separate the league of nations covenant from the treaty proper.

The resolution if passed by the senate would notify the world that the United States reserves the right to do away its decision on the membership in the league of nations until the members and the people have fully determined whether they wish such membership.

Those voting in favor of reporting the resolution were:

Lodge, Borah, Brandegee, Fall, Knox, Johnson, California; New and Moore, all republicans. Those opposing: Mc-Cumber, republican; Hitchcock, Will-iams, Swanson, Smith, Arizona; Pitt-man and Shields, democrats.

The committee's action was almost coincident with introduction of a resolution by Senator Sterling, South Dakota, to exempt the United States from compliance with article 20 of the league covenant.

### Opens Big Fight

Today's developments were regarded as the opening of the great fight to amend the treaty, as approved by President Wilson in Paris, a course which if successful, republican leaders admit, may result finally in the United States making a separate treaty with Germany.

Senator Harding, who was absent from the committee meeting, was paired with Senator Pomeroy, who therefore could not vote. Harding, it was announced, would have voted for the resolution and Pomeroy was opposed to it. Hence the committee was really lined up vice to eight.

Hitchcock voted for Senator Shields, who was absent, but who opposed reporting the resolution. The report was ordered after two hours' warm debate.

## HIGHWAY COMMISSION LETS MORE CONTRACTS

### Grading and Paving Work Provided For In Many Sections of State.

Portland, Ore., June 12.—The state highway commission awarded the following contracts yesterday:

Baker county, grading 4.05 miles, Sag section, Baker-Oregon highway, Morrison Knudsen company, \$41,924.

Clackamas county, grading 3.8 miles, Canby-Aurora, W. B. Tull, \$34,401.

Benton county, grading and paving 9 miles, Monroe north, Pacific Bridge company, \$214,98.

Cosco county, grading 1.9 miles, Cedar Point-Copville, Mann and company, \$10,840; removing slides, Marshfield-Cedar Point, Cosco county, \$6500.

Curry county, grading 6.9 miles, Hubbard Creek Branch Creek, Moon and company, \$157,390.

Douglas county, grading 4.5 miles, Roseburg-Wilbur, H. J. Hildebrand, \$21,731.

Jackson county, grading 8.15 miles, Green Springs Mountain-Jenny Creek, Jackson county, cost plus ten per cent; grading 16.9 miles, Green Springs-Pacific highway, A. Giesbrecht, \$114,573.

Multnomah county, paving 2.43 miles, Berthel-Beverton, Warren Construction company, \$67,291.

multnomah county, grading 29.8 miles, Cabbage Hill-Kamela, Dalrymple and Ackerman, \$127,874; grading 21.4 miles, Echo-Pendleton, Johnson Construction company, \$192,015.

Yamhill county, merrillan, 2 miles, Grande Bonne-Butler's store, W. N. Trout, \$16,170. Referred to engineer with power to act.

## Technical Training Work of Students in Schools of Sales Shows Worthy Results

Although the Salem schools have operated during the past year against the most serious handicaps ever known, the end of the season finds them in a most gratifying position as regards organization, equipment and efficiency—largely the result of the system developed by Superintendent Todd to bring the schools abreast of the times.

From the mechanical department of the high school, which a year ago was looked upon as a precarious innovation under the Smith-Rhodes act, comes a very creditable report. Professor Bergman, the instructor in charge, shows that up to May 1st the machine shop had turned out a total of 4011 pieces of work and parts of machinery, bringing into the shop the amount of \$370. The figures for May and June will probably bring this total up to \$1000 or more. If the school had purchased these materials simply for instructional work they would have created an expense of over \$2000; so that in a sense the school is to be credited with more than \$3000 from this source.

There have been three shop classes with an enrollment of 24; one class occupying three hours in the morning, and the two afternoon classes taking one and one half hours each. In addition to custom work on machine parts they have overhauled bicycles, motor cycles and automobiles of various makes, and done odd jobs of repairing for various firms in the city. The controlling aim has been to give the students an experience as nearly as possible in line with the work ordinarily done in a custom shop.

**Domestic Science Work**

In the domestic science department, under the direction of Miss Gertrude Partridge there have been 60 pupils engaged in the two branches of cooking and sewing. In the cooking department the young ladies have received a most practical training in nutritive values, food preparation and daintiness in table service. The actual value of this training has been demonstrated daily

## THREE CANDIDATES AFTER MAYOR'S JOB

### Otto J. Wilson, W. A. Wiest And Dr. F. H. Utter In Race For Office.

Now that Mayor C. E. Albion has signified his intention of resigning at the meeting of the city council next Monday night the political pot is boiling, all over the question as to his successor.

Already three of the councilmen have thrown their hats in the ring, or their friends have done the throwing for them. First to be mentioned when it was known that a mayor would have to be elected by the council was Otto J. Wilson, present alderman from the third ward.

Mr. Wilson is an old timer in matters of city business. Before his last election to the present term of four years, he had served two terms on the council, first with Mayor Harley O. White and then with Mayor Walter E. Keyes.

W. A. Wiest is known to be a rejected candidate. While not making an effort to sit in the mayor's chair, it is known that he is not averse to holding down the job. He has had about one year's experience in city affairs as councilman from the sixth ward and has taken an active part in all important matters coming up before the council. Mr. Wiest has been admitted to the bar, and is now an assistant clerk of the Supreme Court.

Dr. F. H. Utter has also thrown his hat in the ring. He is now councilman from the second ward and was elected for the four year term. He is chairman of the health and police committee, and as such, has been active in the city's affairs since taking office January 6 of this year.

With the three councilmen as receptive candidates for Mr. Albion's job, there has been a suggestion that the council might name as mayor some man who is not a member of the council. The suggestion has also been made that the Commercial club acting through the Business Men's League, should present the names of two or three representative business men and then have the council elect one as mayor.

There is also a probability that within a few months there may be other changes in the city council through resignations and through removals from the city. As the meeting Monday evening, ward 5 will probably not be represented, as Dr. O. L. Scott is out of the city and Ralph Thompson presented his resignation at the last meeting of the council. Ward 5 will be represented by Edward Schenke, as Mr. Roberts is out of the city on a summer vacation.

The state highway commissioner has called for bids to be opened June 24 for the paving of the seven miles between Forest and Toledo, in Lewis county, Wash.

## Congressional Flashes

Washington, June 12.—(United Press.)—Favorable report on the senate bill returning the telegraph and telephone lines to their owners was made today by the house interstate and foreign committee.

Washington, June 12.—A resolution seeking to exempt the United States from compliance with article 10 of the League of Nations covenant was introduced today by Senator Sterling, South Dakota.

Washington, June 12.—The senate appropriations committee today favorably reported the \$750,000, 900 railroad deficiency bill in the same form as passed by the house. Efforts will be made to get the bill passed at once.

Washington, June 12.—The navy appropriation bill, carrying \$298,968,794.83 for the next fiscal year was reported to the house by the naval committee today.

This is a reduction of \$377,254,826.49 from the estimates submitted to Secretary Daniels, and \$122,024,285.45 less than the bill reported to the last session.

## FEDERATION OF LABOR LENDERS MORAL SUPPORT TO TELEGRAPH STRIKE

### Committee Appointed To As- sist in Early Settlement Of Tie-Up.

### POLICEMENS UNIONS ASK ADMISSION INTO RANKS

### Immediate Resumption Of Government Building Is Recommended.

By A. E. Johnson,  
(United Press Staff Correspondent.)  
Atlantic City, N. J., June 12.—The American Federation of Labor convention today adopted a resolution pledging the moral sympathy support of its 4,000,000 members to the telegraph and electrical workers in their strike which has been called for next Monday.

A committee was appointed to accompany a telephone workers committee to Washington in an attempt to settle the threatened strike before Monday.

The convention adopted a resolution endorsing Basil Manly, county chairman of the war labor board, and denouncing efforts to have him removed by President Wilson.

**Once Ask Admission**

Edgar Fenton, president of the Oklahoma State Federation of Labor, introduced a resolution which is now in the hands of the organization committee, providing that an A. F. of L. charter be granted to a policeman's union in Oklahoma City.

Immediate resumption of the government's building program is the only immediate solution of the problems of high rents, unemployment and stagnant building material markets, according to building trades union leaders attending convention.

**Federal Work Lags**

Samuel Griggs, president of the stone cutters' union, Indianapolis, asserted 250,000 building trades workers were idle. He has introduced a resolution which was expected to come before the convention shortly, asking congress to immediately provide money to work on federal buildings can be resumed. Griggs thinks that will start the ball rolling.

"Work on 108 federal buildings is being held up because congress refused to appropriate \$4,000,000," he asserted. "If the building is resumed, not only building tradesmen will get work, but those whose jobs they now fill through necessity, will find positions open again."

## Spokane Mob Applies Tar And Feathers To Pro-Hun

Spokane, Wash., June 12.—Accused of being a pro-German and of beating up a returned soldier Johann Hoffman, reservation rancher, was stripped, marched four miles into the woods and tarred and feathered by 20 armed and masked men. His right thumb was shot away when the firing party surrounded his cabin and fired a fusillade.

At the Desmet, Idaho, hospital, Huff-man denied that he is pro-German and said he has \$250 in Liberty bonds. No arrests have been made as yet.

The government barge Nebelung was swamped a few days ago and now rests on a sand spit in Yaquina bay.

There's about as much sympathy for Germany as there is for the girl that bears a death smokin' in bed. What's become of 'th' ole time bean that had two girls an' sat on their yases when he drove?

## Fear of Renewed Rioting Prevents Resumption of Car Service in Winnipeg

By James T. Kolbert,  
(United Press Staff Correspondent.)  
Winnipeg, Man., June 12.—Fear of renewed rioting led city officials today to abandon their proposed attempt to resume streetcar service. The announcement was made following reports that strikers would "strenuously oppose" resumption.

Strike leaders said today 1500 workers at the Ford automobile assembling plant will walk out before night.

Labor leaders said today the military have received a large armored motor car and numerous machine guns. No confirmation of the report was available.

Probable disintegration of the strike was here seen in an announcement by a high military intelligence officer that several important arrests of alleged agitators and "trouble makers" may be expected by Saturday.

**Deportations May Result**

The statement was made following several secret sessions between officials of all branches of the government here. It was hinted the dramatic deportation law enacted at Ottawa last week has been awaited by anti-strike leaders before beginning an offensive against undesirable aliens said to be at work here.

It is an open secret that intelligence officers have been working quietly for several days gathering evidence against undesirable. Tuesday's riot will hasten action, it was declared. At least eight men will be prosecuted immediately, an official said.

Strike leaders do not minimize this danger, but assert they are prepared for any action. They insisted they were law abiding.

**Deadlock Continues**

R. B. Russell, strike committee chairman, declared trouble last night when T. S. Morrison, a special constable was shot, and rioting on Tuesday, had not been planned by labor forces. Possible trouble incident to a proposed attempt to starting street car service today may not be blamed on the strikers, Russell said.

Morrison was hit in the leg by a bullet when a passing automobile fired in an attempt to frighten a group of foreigners engaged in an altercation with Morrison.

From outside appearances today, the strike was still in a deadlock.

Metal workers and the iron masters, between whom the trouble originally began, had broken "diplomatic relations." Officials of the railroad brotherhood admitted their negotiations for a settlement were at a standstill. The citizens committee of one thousand predicted the strike would be soon broken.

## MANY MERCHANTS JOIN IN BARGAINS

### Special Sales To Be Staged By Leading Salem Stores On June 21.

Annual bargain day in Salem has now become an established institution. When the plan of uniting all the progressive business men in the city in the effort to offer bargains was suggested three years ago, it was looked upon at first with doubt. Many thought it could not be done and others that it was not advisable.

However, the progressive merchants agreed to make the experiment and it was then discovered that the more bargains offered at one time in the city, the better it was for business.

One year ago bargain day again demonstrated that cooperation on the part of merchants produced most satisfactory results. Hundreds of bargain seekers came from a distance, assured that special prices would be offered not in just a few lines, but in every need of the household.

It is this assurance that the merchants are again giving for the coming bargain day, Saturday, June 21. Judges called in co-operative bargain giving, it will be almost impossible for any one to dodge bargains on that day.

Regardless of what store one may enter among the best merchants, there will be special bargains offered. These bargains are not what might be termed special prices on just a few odds and ends, but actual reductions in price of seasonable merchandise.

The bargain day movement is growing, and already the following up-to-date business men have announced their intentions of offering specials for Saturday, June 21:

Bush & Son, groceries.  
Coke & Co., dry goods, ladies' furnishings.  
Frier shoe Company, ladies' and men's shoes.  
Kafoury Brothers, ladies' furnishings.  
U. G. Shipley Company, ladies' furnishings.  
The Bootery, men's and ladies' shoes.  
J. C. Penney company, men's and ladies' furnishings, dry goods, etc.  
The Farmers' Store, A. W. Schriek, groceries and produce.  
Hossein & Greenbaum, ladies' furnishing goods.  
Hay & Farmer Hardware Company, hardware, cutlery, silverware, etc.  
F. W. Woolworth Company, 5c, 10c and 15c goods.  
Peoples' Cash Store, M. Solof, groceries, clothing, shoes, etc.  
E. T. Barnes, men's and ladies' furnishings, dry goods, etc.  
Salem Hardware Company, hardware, cutlery and silverware.  
Salem Woolen Mills Store, men's furnishing goods.  
W. W. Moore, furniture and house furnishings.  
The Scotch Woolen Mills, made to measure suits and overcoats.  
Portland Cloak and Suit Company, ladies' apparel, millinery, etc.

## Stockton Selected For 1920 Ad Men's Session

Portland, Ore., June 12.—Stockton, Cal., was selected as the 1920 convention city by the Pacific Coast Advertising Men's association at its sixteenth annual convention which closed here last night.

David S. Matthews of Stockton was elected president and the following are chosen as district vice-presidents: W. A. McAdam, Victoria, B. C.; Tom Keane, Spokane; J. Riley, Seattle; W. P. Stranberg, Portland; George A. Hughes, Oakland; Harry Carroll, Los Angeles.

The convention endorsed Rollin C. Ayres of San Francisco as the Pacific Coast Association for vice-president of the Associated Ad Clubs of the World.

## STRIKERS ASK AID OF CONGRESS

### Delegation Urges Senator Watson To Press Resolu- tion Demanding Investiga- tion Of System.

### ALLIED ORGANIZATIONS MAY JOIN IN WALKOUT

### Situation Unchanged With Both Sides Claiming To Be Satisfied; Companies Say Men Returning.

Washington, June 12.—(United Press.)—Striking telegraph operators today were seeking the aid of congress in their fight against the two telegraph companies and Postmaster General Burleson.

A delegation of strikers was to call on Senator Watson of Indiana to urge that he press his resolution for an investigation of the wire administration.

While Postmaster Burleson and other officials here were waiting developments in the strike before making any further comment or taking action the local situation was unchanged. Western Union and Postal officials declared, while union officials claimed the ranks of the strikers were growing stronger.

## SCORES OF BOYS FROM OREGON AT CAMP MILLS

New York, June 12.—More than 100 Oregon boys are on the way to Camp Mills today where they will wait assignment to the various camps from which they will be discharged, following their arrival here from overseas on the transports Mount Vernon and Cape Finisterre, yesterday.

On the Cape Finisterre were several detachments of the 23d engineers, who went to Camp Mills. Oregonians in that unit are: Wagon company 1, Bill Alton, McDonald; company 2, James W. Carlton, Portland; George Salvan, Astoria; Earl D. Mowery, Woodburn; Earl P. Clark, Albee Carroll, M. Hurlbert, Hood River; Earl F. Jackson, Portland; E. Evin, G. Sherburn, Danier company 2, Omar J. Renshaw, Langell Valley; company 4, Clyde Goodland, Brookings; Thomas F. Norman, Linder; Sherburn L. Buckley, Redmond; Elmer J. Dawes, Portland; Verne W. Lauman of Yonahalla was in headquarters detachment of the main reconstruction park.

The following are the Mount Vernon arrivals, who are Oregon men: Sixth field signal battalion, company A, George W. Thrasher, Kirby; company B, Homer Mallory, John Day; Robert B. Sprague, Portland; Otto H. Olson, Silverton; Miller Haley, Albany.

Eleventh field artillery supply company, Lilburn A. Hunt, Winlock; Thomas T. Lam, Ballston; battery A, James C. Martin, Richland; battery B, George L. Ladd, Long Creek; George W. Larson, Dayville; Gene Gibson, Rabonette; battery C, Elmer Williamson, Enterprise; John M. Pranka, Lucius W. Franks, Silver Lake; Elmer Saunders, Long Creek; Henry M. Poursier, Salem; Chester N. Herington, Drain; Floyd W. White, Portland; battery E, Richard L. Williamson, Enterprise; Frank Cooper, Mapewood; Hiram Siffman, Portland; Ernest S. Pruner, Riddle.

Headquarters second battalion, 54th infantry, Sergeant-Major Arthur E. Voigt, Dallas.

Sales commissary unit 305, sixth division, Sergeant John R. Sarty, La Grande.

Headquarters troops, sixth division, Eugene W. Wheeler, Salem. All of these men are now at Camp Mills.

The following are casuals as yet unassigned: Archie Hopkins, Milton; John J. Steiner, Portland; Earl B. Van-ants, West Stayton; Richard Hart, Springfield; Spencer D. Bruch, Elgin. Two Portland men who arrived with Mount Vernon crew are Ray Shilling and George Pyno.

## SALEM TAKES FIRST HONORS IN ROSE SHOW

With first prize for the best float among those representing numerous cities of the coast in the opening parade of the Portland Rose show dangling from their belt, the Cheerians are drifting back home today after having left an indelible impression on the records of the Victory festival.

Salem's delegation was not only the largest of any of the out of town aggregations participating in the grand opening, but it was the most audible. Putting it tersely, it was "there"—all the time.

Led by King Bing Fullerton and their band, with Dr. H. C. Spley as drum major, the Cheerians got a hearty ovation along the entire line of march as they went through their maneuvers under the command of Joe McAllister.

A wonderful creation was the Salem float, which was entirely covered with blue starchy gauze, the outer fringes held up by small girls dressed in fluffy white dresses. The float carried a great strand of flags, with a jacks and soldier occupying a prominent place, and placards telling the story of Marion county's participation in the world war.

A total of \$152,534.48 was contributed by this county for war work, the placards said, and 1669 men and two years

## Float Captures Honors in City Class; Delegation Is Largest.
