"I know something that will clear your skin"

"When my complexion was red, rough and pimply, I was so ashamed that I never had any fun. I imagined that people avoided me—perhaps they did! But the regular use of Resinol Soap—with a little Resinol Ointment just at first—has given me back my clear, healthy skin. I wish you'd try it!"

Resinol

Resinol Ointment and Resinol Soap also clear away dandruff and keep the hair healthy and attractive. For trial free, write to Dept. B.R. Resinol, Baltimore, Md.

SOCIETY.

By Gertrude Robinson The executive board of the Oregon Federation of Women's clubs met this morning at 10 o'clock. One of the subjects discussed was the festival meeting which will be held in Corvallis in October. Great interest will be attached to this meeting and already the clubs are wondering whom will be the delegates and what policies will be pursued.

Commemorating the amendment enfranchising women, Mrs. Elizabeth Ross, chairman of the woman's bureau democratic national committee, will be honored with a luncheon in Portland at the Benson hotel on June 30. Although given under the auspices of the democratic state committee of Oregon it will be a non-political affair.

The alumni of the University of Oregon are working diligently in the effort to complete the amount needed for funds for the woman's building. They are attempting to have the campaign closed before the commencement exercises next week.

Mr. and Mrs. H. O. White are Portland visitors this week and while there are domiciled at the Imperial hotel.

Dallas, Or., June 13. — (Special)—A most delightful afternoon was spent at the last meeting of the fiscal year of the Dallas Woman's club, held in the club room in the library on Tuesday afternoon. One of the features of the meeting was the talk by Lieutenant Campbell, formerly Miss Bertha Feyer of Independence, now wife of Major T. C. Campbell of a British medical corps, who is still in the service in England. Lieutenant Campbell, who spent two years in England in Red Cross hospital work, gave a very entertaining account of her personal experiences while overseas. A musical program of vocal solos by Miss Marjorie Holman and Mrs. D. A. MacKenzie was given. Mrs. H. A. Woods, the newly elected president, took the chair and appointed the following standing committees: Auditing committee, Mrs. H. B. Cooper, Mrs. George Richmond, Mrs. I. N. Woods; program committee, Mrs. J. B. Craven, Mrs. E. L. Chapman, Mrs. U. S. Laughery; educational committee, Mrs. D. P. Patterson, Mrs. I. L. Smith, Mrs. A. P. Staphuek; property committee, Mrs. M. L. Boyd, Mrs. E. V. Dalton, Mrs. Z. M. Knight; press committee, Mrs. H. C. Eakin; membership committee, Mrs. H. L. Crider, Mrs. W. D. Collins, Mrs. Conrad Staffin. Among the guests were several ladies from Independence, including Mrs. J. S. Cooper, Miss Genevieve Cooper and Mrs. Clarence Ireland.

C. H. Gram, labor commissioner, is a guest at the Seward hotel in Portland.

OPERATORS

(Continued from Page 1) effective, leaders of the unions continued to predict victory. Edward Reynolds, vice president of the Postal, which was admittedly handicapped in moving its business the first day of the strike, said the situation was better from his viewpoint, and that more men were returning to work. The strikers expect they will be aided by the Order of Railroad Telegraphers not to handle commercial business after tomorrow morning 6 o'clock. Western officials said only a small percentage of their business was dependent upon the railroad telegraphers while at the Postal it was stated the railway telegraphers action would have no effect however.

Brook operators are to meet here tomorrow night to decide whether they will walk out in a sympathetic strike. Advice from Springfield, Ill., where the electrical workers' union headquarters is located, that conferences might bring about a settlement of the strike threatened for Monday.

Chicago, June 13.—(United Press)—Between 35,000 and 40,000 telegraphers will have joined the nation wide strike called by the Commercial Telegraphers of America by tomorrow, S. J. Keace.

Time Brings Joy And Happiness

As the Hours Pass the Counting of Baby Days Near—Are You Prepared? No woman awaiting the joy of motherhood should allow the long pregnancy to pass without using the wonderful power of Mother's Friend. By its regular use throughout the pregnancy the system is prepared for the coming of the baby and tension is relieved. Keep the mind, but also the body, and they readily yield to nature's demands for expansion. As a result the nerves are not drawn upon with that painful stretching and tearing, and nervousness, backache, and stretching pains are minimized. The abdomen expands easily when baby arrives and the hours of the child are naturally less. Pain and danger as a consequence is avoided. Mother's Friend not only allows delivery in advance, but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and the baby's development is assured. Write to the Bradford Regulator Company, Dept. J, 1201 1/2 Third St., Atlanta, Georgia, for their Mother's Friend, and promptly a bottle of Mother's Friend from the druggist. It is just one standard on anything you can think of.

SHE'D WALK 20 MILES TO TELL OF TANLAC

Miss McKenzie Gains 25 Lbs. On Taking Tanlac—Health Is Restored.

"I have gained twenty five pounds on Tanlac and would willingly walk twenty miles to tell any sufferer how much it has helped me," said Miss Adela A. McKenzie, 426 Sixth Ave., South, Nashville, Tenn. "I suffered from attacks of nervous prostration for eighteen months," she continues, "I had no appetite and after eating anything my stomach would burn terribly. I would feel hot all over my pulse would seem to stop and then I would turn cold and numb. I was so nervous that I couldn't keep still and became so weak I could hardly get around."

"By the time I had finished my second bottle of Tanlac my appetite had returned and my troubles began to leave me, that numb feeling disappeared, the burning sensation passed away and now I can eat anything I want. All my nervousness is gone, I sleep like a child, and my health is now fully restored."

Tanlac is sold in Salem by Dr. E. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben. Gouch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Mrs. J. P. McCardy, in Stayton by C. A. Bonchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co., in Donald by M. W. Johnson, in Jefferson by Foshey & Macon, and in Mill City by Market's Gro. Co.

hamp, president, predicted here today. Konekamp declared this figure exceeded the union membership, explaining that many non-union men had walked out.

Much enthusiasm was prevalent among union officials here today, the result of the decision of the railroad telegraphers to refuse commercial messages after six a. m. tomorrow and the promised telephone strike due Monday unless Burleson intervenes, according to a decision reached at Atlantic City yesterday.

"The situation is very promising," Konekamp said. "As our cause is seen more clearly we are gaining. With fully 80,000 railroad telegraphers working with us and telephone workers out, Postmaster General Burleson will be compelled to take action."

President Konekamp wired chiefs of the western brokers divisions into yesterday telling them of the results of their heads to strike in sympathy and asking what they wished to do.

May Kill Trade Wires F. A. Davis, president of the western division of brokers operators, yesterday promised that 100 telegraphers from Pittsburg to the Pacific coast will walk out Monday unless the strike is adjusted, Konekamp said.

Union men estimated more than 1000 telegraphers have left their keys in the Chicago district.

"As far as the Western Union is concerned the strike is over," E. T. Jones, chief operator of the Western Union declared this morning. "We are now in excellent shape."

Jones said of 2134 employees in the Chicago district, less than fifty walked out and some of these have returned. He said Chicago's situation is a good barometer of the national condition.

Postal officials said the situation is improving wonderfully and that "bus-

FIRST FOREST FIRE The first forest fire of the season in Polk county was reported Sunday from the Willamette Valley Lumber company, above Black Rock. A large crew of men were put to work and succeeded in confining the blaze to the brush in the cut-over land and eventually extinguishing it altogether. The fire was kept out of the standing timber. When asked as to the extent of the fire, Manager George T. Gerlinger, of the Willamette Valley Lumber company, said: "The only damage done was the destruction of two flat cars and a delay of a couple of days in logging operations. Otherwise the fire was really a benefit, as it burned up a lot of brush that would have been a great menace later in the season when dry weather sets in." —Dallas Itemizer.
