Kansas Officials Prepare For Action Against I. W. W.

Kansas City, Kan., June 13.—County attorneys in the Kansas wheat belt will meet at Hutchinson, Kan., tomorrow to combat the I. W. W. agitators reported active in that section of the state. Further reports that the wobblies are "juggling up" (mobilizing) continued to reach the office of the United States Attorney Robertson here. The agitators are avoiding the cities and gathering in small groups, holding meetings in the woods, reports say, where they plan their campaign. So far no acts of violence have been reported but Attorney General Hopkins has issued instructions to all local offices throughout the state relative to handling agitators.

CAPTIOUS CRITICS PRAISE "THE UNPARDONABLE SIN"

"The Unpardonable Sin," which is being presented at the Liberty theater for a three day engagement, is a moving picture attraction which Salem people who have followed the development of the screen as a medium for the presentation of really big dramatic ideas cannot afford to miss. There have been many unqualified expressions of opinion to the effect that "The Unpardonable Sin" is the greatest photoplay ever produced, and there is no denial of the statement that it ranks with such attractions as "The Birth of a Nation," "Intolerance" and "Hearts of the World," all of which are outstanding successes in the realm of moving pictures.

CONTEST FOR MAYOR GROWS MORE HEATED

Commercial Club Refuses To Make Recommendation As Suggested.

The political pot in Salem, caused by the resignation of Mayor C. E. Albin continues to boil merrily. The suggestion that the Commercial club recommend two or three names to the city council as suitable for mayor, in case the council did not choose from its own membership, did not meet with the approval of the directors of the club. While deeply interested in the welfare of the city, the directors felt that the club was not exactly a political organization, and that it would be a little out of its line to tell or suggest to the council just what it should and should not do. Hence, there will be no candidate recommended by the Commercial club. J. Greenbaum and W. L. Staly have been suggested as representative men to sit in the mayor's chair, in case the council did not deem it best to select from its own membership and thus create another vacancy. Otto J. Wilson, alderman from the third ward, is receiving the support of a number of business and professional men. Their endorsement is based on his years of experience in the council and familiarity with the city's affairs. Should no other name outside of the city council be suggested at the meeting Monday evening, it is probable that the contest will be narrowed down to W. A. West and Otto J. Wilson. Before leaving on his vacation, C. M. Roberts, alderman from the fifth ward, handed in his resignation to be accepted at the Monday night meeting. The council will elect his successor and among those favorably mentioned are: Chas. Warner of the Tile works; Louis Fletcher of Fletcher & Byrd and Lee Urrah of the Commercial Printing Co. In the seventh ward, as a successor to Ralph Thompson, who resigned, the following have received favorable mention: Elmer Dase, N. D. Elliott, Amos Vase, A. F. Marcus and Geo. E. Halvorsen. The petition to be presented Monday evening, asking the council to elect Otto J. Wilson as mayor, is as follows: In view of the resignation of Mayor C. E. Albin, we, the undersigned citizens and business men respectfully petition your honorable body to elect a man in whom we have confidence and owing to his previous experience in city affairs we believe has the ability to fill the office of chief executive and therefore ask that you elect as Mayor, O. J. Wilson. The following names are affixed to the petition: Jos. H. Albert, Paul B. Wallace, Emil A. Schaefer, Cuyler Van Patton, J. B. Littler, C. D. Parvine, Max O. Buren, J. B. Hileman, Lawrence Gale, M. Gale, R. D. Gilbert, H. Heesen, A. T. Wain, L. A. Byrd, S. C. Stone, Landre Greenbaum, Danl. J. Fry, Mem Pierce, C. M. Lockwood, Ray L. Farmer, H. O. White, P. M. White, D. An Electric bakery from Portland has rented the business store room owned by the Klinger estate on State street, formerly occupied by the Gilson barber shop. It is understood that the building will undergo considerable repairs including a new front, and that the work will begin about July 1. The Electric bakery is something new in the bakery business as the baking is all done by electricity and is generally in the front display windows in full view of the passing public.

Private Secretary Upjohn, of the Governor's office, returned this morning from a visit in Portland with a grateful look upon his face, indicating that he had been well entertained in the city. Among other events in which he participated with Governor Olcott was a banquet on Portland Heights, given by the Royal Rosarians—a brilliant affair which was attended by Major General Johnson, of the 1st

Sheriff Busy Serving Summons Of Holders Of Stock In Fruit Union Sheriff W. I. Neehan has been pretty busy the last few days in serving summons on the 101 stockholders in the Salem Fruit Union who are made co-defendants in the suit brought against the union by the Phex company.

The hearing for the temporary injunction asked by the Phex people against the Salem Fruit Union is scheduled for Saturday afternoon at 1:30 o'clock before Judge George Bingham. The Phex company have asked the court for not only a temporary but a permanent injunction against the Salem Fruit Union, whereby the union shall be obliged to deliver to the Phex company 1200 tons of loganberries this year, next year and 1921 at the contract price of three cents a pound.

It is understood that the Salem Fruit Union, through its stockholders, will claim that this old contract is null and void, made so by a later contract.

It is also understood that the Phex people offered the farmers five cents a pound for the crop this year, with the proviso that the crop of 1920 and 1921 should be sold at four cents a pound. This offer was not satisfactory to the growers.

The loganberry season is fast approaching and in some localities picking will begin the latter part of next week. Hence with the season about beginning, and the disposition of many growers to sell their loganberries on the open market at night costs a pound, the proceedings before Judge Bingham tomorrow are attracting unusual interest, not only from growers everywhere, but from the business interests of the community.

Division getting Mayor Mann of Portland, the Rose festival officials and other prominent citizens. Another plea and for the benefit of the 300 delegates to the Pacific Coast Advertising Men's convention. The Portland Operator was host for the breakfast, and Master Fish Warden Clinton superintended the trout frying. A companion guest with Governor Olcott was Gal. Watson, the "sky pilot" who carried the governor to Portland.

The U. S. employment labor bureau sent out 10 strawberry pickers Wednesday of this week and Thursday 12 people were found jobs, mostly in the picking of strawberries. Very few people are registering in the employment office for picking loganberries. There seems to be a general disposition to take chances on securing loganberry picking jobs when the season is on. There is also a feeling among many growers who have contracted for the low price, that 3 cents is about the limit that can be paid.

Water is the cheapest beverage, tea next. "Why, how can that be? A pound of tea costs—" Excuse us for interrupting you, but the way to count the cost of tea is not by the pound, but by the cup.
