Lips of the Afflicted.

Eczema, Tetter, Erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relef, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter
