PRICED FROM \$1.50 TO \$4.50

Stetson Hats Stein Block Clothing Holeproof Hose

## COURT RECEIVES BIDS FOR THREE BRIDGES

Construction Proposals On Three Spans Near Jefferson Opened.

The Marion county court received bids this morning for the construction of three bridges on Jefferson Way, just north of Jefferson and south of the Jackson hill.

The bids were received on prices submitted first on concrete per cubic yard, then on steel per pound and hand railing per linear foot.

On these three estimates the following bids were submitted:

Curtis Gardner of Portland, concrete \$27, steel 7 cents and railing 2 1/2 cents.

Stebinger Bros. of Portland, concrete \$28, steel 6 1/4 cents and railing 3 1/2 cents.

G. S. Barlow of Lyons, Oregon, concrete \$23.85, steel 6 3/4 cents and railing 2 1/2 cents.

Union Bridge Co. of Portland, concrete \$33.40, steel 6 1/2 cents and railing 3 1/2 cents.

Erison and Jones, Salem, concrete 27.57, steel 6 cents and railing per linear foot 2 1/2 cents.

The county court has taken the bids under consideration as it reserves the right to reject any or all bids. The total cost of the three bridges to be built will approximate \$10,000.

One of the bridges is just north of Jefferson, the other four miles north and another five miles north of Jefferson. They are from 15 to 20 feet wide and will be of the square concrete form instead of round.

Plans for these bridges are drawn by the state highway department and the building superintendent by the department. As they are on the highway, it is for the county to prepare the bridge and build necessary bridges before the work of paving begins. Marion county pays the cost of the bridges just as it does other work of grading preparatory to turning over the road to the highway department.

## WILLARD STATION TO HAVE NEW BUILDING

\$10,000 Brick and Concrete Structure To Rise On High Street.

This afternoon there was signed a contract between the Willard Service station and William McGilchrist, Jr., calling for the erection of a \$10,000 brick and concrete building on High street, between the Derby building and the Rigdon undertaking parlors.

The building will face 40 feet on High street and will have a depth of 80 feet. The front will be of pressed brick to correspond with the Derby building, while the general structure will be of cement. The site of the building is now occupied by a frame residence, which will be removed at once as the contract calls for the completion of the building by early fall.

The Willard Service station owned by J. R. Dege and E. H. Burrell has found that its rapidly growing business required larger headquarters and since last December has been looking for a satisfactory location. With the building facing on High street, there will be a driveway through with the exit on the alley to the rear leading out to Court street.

The business was taken over in April of 1918 by Dege & Burrell with a location first in the Derby building and later on account of increasing business moved to 418 Court street.

In the new building it is estimated there will be ample space for the Willard service station but also for all kinds of auto electrical work and to care for this part of the business the firm has already employed an expert electrician.

Cable rates to Orient will be reduced August 1.

San Francisco, June 20.—Cable rates from San Francisco to the Orient will be reduced on September 1, it was announced here today by the Commercial Cable company.

The rate to Japan will be 88 cents per word as against the present rate of \$1.21. Rates to Manila and China will be reduced proportionately.

260 Interned Germans To Be Deported In Few Days

Salt Lake City, Utah, June 20.—(United Press)—Two hundred and sixty Germans interned at Fort Douglas as enemy aliens will begin the first step of their journey back to Germany within 10 days, government officials stated today. They will be sent from here to Charleston, S. C., where they will be put on a vessel chartered for them by the Swiss government.

Among those leaving are Captain German Ebel and Ernest Diebel, who were connected with the Hindu uprising plots on the coast.

There will be 350 war prisoners left in the camp here.

More Details Of Burning Of War Environment Heard

Washington, June 20.—(United Press)—More details of the alleged burning of war equipment near Solly were given the house committee investigating war department expenditures today by the three service men who witnessed the incident.

There were W. T. Gardner, 2611 Sixty second street, southeast, Portland, Or.; C. W. Seymour, Chicago and Thomas C. Johnson, Ontario, Or.

Gardner told the committee he had been ordered by an officer of the 7th division to throw more than 40 overcoats on this fire.

Seymour and Johnson confirmed statements that gasoline had been thrown on the fire to keep it burning.

ARMY PLANE HOPS OFF ON LAST LAP OF RETURN TRIP

Roseburg, Or., June 20.—En route to Mather Field, Sacramento, the sixth of the army airplanes which participated in the Portland Rose festival stopped here for half an hour this morning.

The plane, which is piloted by Lieutenant Hackett, was left behind by the remainder of the squadron when it developed engine trouble at Albany on the way south, a few days ago.

Charles Clark, Montesano high school boy, who suffered a fractured skull in an automobile accident near Satsop, died without having regained consciousness.

Victory Gardens

and another little farm wouldn't do us any harm

THE SONG OF THE HOE

The whole family is happy because of that fresh, crisp home-grown food. Now, everybody get a garden book by sending a two-cent stamp to the National War Garden Commission, at Washington.

Garden cities are blossoming all over the Central West and great activity in home food production in that section of the country has been reported to the National War Garden Commission of Washington. The campaign for Victory Gardens this year has gone over the top and when the count is made it is believed there will be found to be more Victory Gardens than there were war gardens. The determination to "carry on" and follow up the first victory with defeat of old General Hunger has taken hold of the American people, according to reports.

Along with other railroads which are cooperating in the Victory Garden campaign the Rock Island lines are spreading the message of home food production along their lines; and at the request of L. M. Allen, passenger traffic manager of this road, posters were placed in stations along the line and a large consignment of garden booklets forwarded by the National War Garden Commission have been distributed.

Down in Oklahoma the Indians of the Five Civilized Tribes, who did fine war garden work last year, are following this up in their Victory Gardens; and at the request of Gabe E. Parker, superintendent, they have been furnished with garden books by the War Garden Commission.

The Journal Job Department will print you anything in the stationery line—do it right and save you real money.

## Tobacco Habit Dangerous

Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and let the pernicious habit quickly vanish. Druggists refund the money if they fail. Be sure to read large and interesting announcement soon to appear in this paper. It tells of the dangers of nicotine poisoning and how to avoid it. In the mean time try Nicotol tablets; you will be surprised at the results.

## Telephone Strike Still Holds California Cities In Deadlock; End Foreseen

San Francisco, June 20.—Pending a decision by the officials of the telephone company and unions representing its striking employees all over the state, there is no change in the telephone situation this afternoon. Service continues impaired and picketing of the exchange by girl operators continues with but little excitement.

The conference of employers and employees today is expected to get down to a real basis of settlement. For pressure is being brought to bear upon both sides by business interests, seeking an early termination of the tieup.

Strikers claim they were joined by several supervisors today, who stated they remained at work because they thought the union was not backing their demand for \$4.25 a day. Union officials say this is included in the scale they are urging.
