rules committee, but it is practically certain it will not come up in the house until the middle of next week. A minority report will be filed by five members of the committee.

Separate Vote Falls.

Another eleventh hour move to report a separate bill for war time prohibition in the hope of rushing it through before July 1, failed by a vote of 19 to 8, the committee standing by its original intention to provide sep-

arate enforcement provisions for the two kinds of prohibition, but in one bill.

Just before reporting the bill the committee adopted an amendment by Representative Steele, Pennsylvania, allowing manufacturers of non-alcoholic beverages to reduce the amount of alcohol in intoxicating beverages so that they may be classed as soft drinks. The amount of alcohol after the reduction must be less than one-half of one per cent.

Situation Summarized.

Washington, June 27.—(United Press)—With only three days remaining until war time prohibition is due to go into effect, the prohibition situation today was:

1—Prominent officials and members of congress still believe the president will take some action to repeal war time prohibition as it affects light wines and beer. This action will come up on the signing of the treaty, they claim.

2—Dry leaders in congress admitted that it will be impossible to pass any enforcement legislation for the war time prohibition act in the two legislative days remaining before July 1.

3—The house judiciary committee was expected to formally report to the house today a bill with two distinct sections, one providing for the enforcement of war time prohibition and the other for constitutional prohibition.

4—Should congress approve the house plan, enforcement of the war time act will be more lenient than was previously planned by the house judiciary committee. Only the manufacture and sale of intoxicating liquors prohibited, but the house bill clearly defines intoxicating liquor under the war time act as any beverage that contains more than one-half of one per cent alcohol.

5—Although enforcement legislation

LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Magie! Just drop a little Preetone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humpage! Try Preetone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Preetone is the discovery of a noted Cincinnati genius.

almost certainly cannot be passed before July 1, drys in congress believe the war time act in itself provides adequate enforcement provisions. While it does not define "intoxicating liquor," the manufacture and sale of liquor is prohibited with penalties of imprisonment from 90 to 90 days and fines of from \$100 to \$1000.

A Free Prescription Does Its Work Overnight. You Can Prepare It At Your Home

New York: It is my own discovery and it takes just one night to get such marvelous results, says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice she says: I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of derwillo. Prepare the oatmeal as directed in every package of derwillo and apply night and morning. The first application will astonish you. It makes the skin appear transparent smooth and velvety. I especially recommend it for Perry stores.

If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. No matter how rough and ungainly the hands and arms, or what abuse they have had through hard work and exposure to sun and wind, this oatmeal derwillo combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it have had the same results I have had.

Note: To get the best effect be sure to follow the complete directions contained in every package of derwillo. You have only to get derwillo and oatmeal. You need nothing else and it is so simple that anyone can use it; and is so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money.
