

MAZOLA

The Perfect Oil for Cooking and Salads

MAZOLA means a smokeless kitchen. It will not smoke unless heated far above the temperature required to cook food properly.

Test this out yourself by making:

These Delicious Crullers Today

3 cups Flour, 1 cup Sugar, 1/4 cup Argo Cornstarch, 4 teaspoons Baking Powder, 1/2 teaspoon Soda, 1 1/2 teaspoons Salt, 3 Eggs, 1/2 teaspoon Nutmeg or Cinnamon, 2 tablespoons Karo, 3 tablespoons Mazola, 2 teaspoons Vanilla, 1 cup Thick Sour Milk. Sift dry ingredients. Beat eggs light. Add Karo, Mazola, vanilla and sour milk. Stir liquids into dry ingredients and add flour to make a soft dough. Roll one-quarter inch thick, cut and fry in hot Mazola. If desired substitute 1 cup rye flour and add one-half square melted chocolate for chocolate doughnuts.

PACIFIC FLEET WILL START VOYAGE JULY 19

(Continued from page one)

Nearly all the ships are at present assembled at Hampton Roads.

Prisco Plans Welcome.

San Francisco, July 9.—Plans for a welcome for the Pacific fleet that will eclipse any previous celebration in San Francisco's history are under way today. The plan calls for a celebration here that will reflect the spirit of the entire Pacific slope.

A feature of the celebration is the plan being made to extend a "welcome home" to all members of the fleet. Postcards are being distributed to the men of the fleet, stating they are part of Admiral Rodman's command and giving the date they will reach the Pacific coast. These cards will be mailed to relatives and friends in the west, with directions that they get in touch with the sailormen through a special headquarters arranged here by the war camp community service.

to the executive mansion, the president standing up waving his hat and bowing again and again.

President Wilson, it was announced, will meet newspaper men in conference at 10:15 a. m. tomorrow. This will be the first conference between newspaper men and the president since the United States entered the war.

It was reported that Wilson might visit the capitol during the day to confer with senators.

Secretary Daniels conferred with the president at noon.

Senator Stanley and Former Senator Martin, both of Kentucky, called at the White House during the morning.

Ignacio Calderon, Bolivian minister, was the first member of the diplomatic corps to call. He left his card.

MUCH ROAD

miles of macadam this season and will continue until all its road money is worked out. This district is one of the pioneer districts to put down rock roads. It has been voting a special tax for the past 14 years.

Road district No. 53, five miles north of Sublimity, has laid one mile of macadam this year and finished same. The district is strong for good roads, having voted a ten mill tax extra, the legal limit.

Road district No. 24 at Sublimity, will continue the road known as Coon Hollow. The district has already levied special taxes and in addition to going the limit, the people of the district have raised \$500 to keep the work going to the maximum.

District No. 56, northeast of Silverton has spent \$1000 of its special money on the Evans Valley road. This money was donated by the people of the district in addition to the regular road funds.

In road district No. 90, leading from Silverton and Marquam, up the east side of Abiqu creek, two miles of macadam have been completed this year. This road leads to the quarry of the National Fireproof Building Co. of Mt. Angel. This is the mine where stone is sawed out of the ground in a soft state, but which hardens when exposed to the air.

In road district No. 12, south of Scotts Mills, funds have been voted to complete the road from Scotts Mills to the central part of the Crooked Finger prairie. This is one of the finest mountain roads in the state and the district is spending on it \$5000.

District 15 1/2, just south of Silverton, is operating a crusher and continuing the macadam road to Silver Falls creek. The district will spend \$4000 on the road this year. About half is already completed.

District No. 14, southeast of Silverton is continuing the macadam road towards Hull on the way to Silver Creek falls. The district is spending \$10,000 this year.

RETURN FLIGHT

made until some time between midnight and 8 o'clock tomorrow morning. The gale raging over mid-Atlantic was expected to abate by then.

The officers and men of the B-34 spent yesterday afternoon and last night in New York city and so did Colonel W. M. Housley, the American army officer who will accompany the dirigible as an observer, succeeding Lieutenant Commander Lansdowne.

All the engines had been thoroughly overhauled, gasoline and oil supplies taken aboard, the hydrogen supply replenished and everything was in readiness for the flight. As soon as Scott is assured the weather is favorable, the B-34 will make a short flight over New York city, then point her nose eastward for her trans-ocean voyage.

Major Scott, commander of the B-34, announced this afternoon that the big British dirigible positively would start its return voyage at 4 o'clock tomorrow.

Weather forecasts, Scott said, assured favorable conditions for getting away at that hour. He added that the B-34 would circle over New York city before starting.

PRESIDENT TO START

(Continued from page one)

His cabinet had been made ready for the expected calling together of his advisers and scores of persons had made application for appointments to see him.

Washington Gives Ovation
The president was expected to do

some of the most strenuous work of his career in order to dispose of the mass of legislative business confronting him, so a timely start may be made on his tour of the country, appealing for the support of the people in his fight for ratification of the peace treaty.

Wilson arrived in Washington shortly before midnight and in spite of the lateness of the hour was given a tremendous ovation. Thousands packed

Union Station and the route to the white house.

"This delightful welcome has taken me entirely by surprise," the president said. "It makes me very grateful to you all." He declared he was confident the people of the United States were in favor of the league of nations.

A wave of cheering swept along Pennsylvania avenue as Wilson's automobile slowly moved from the station
