

Fruit Growers of Oregon:

Stop Gambling with your fruit—
Make your investment safe—
Broaden and stabilize your markets—
Get a better price for your fruit—

The Oregon Growers Co-Operative Association

Has organized with the following aims:

- 1--To nationalize Oregon's horticultural products under an Oregon label.
- 2--To gain wider distribution and thus prevent an oversupply of fruit in limited markets.
- 3--To eliminate as far as possible the market speculator that stands between grower and consumer.
- 4--To raise the general standards of fruits so that they may command a higher selling price.
- 5--To stabilize the value of your investment by stabilizing your markets.
- 6--To eliminate waste caused by duplication of equipment in new fruit producing centers.
- 7--To reduce growing and market costs and to cut out the unnecessary expenses of every nature.

This organization will be a business, owned and operated and controlled by and for you--the Oregon fruit producer.

It is backed by the most prominent and experienced horticultural men in Oregon. Adequate financial arrangements are being concluded for handling of products.

The present list of incorporators include:

the edge of this pavement, which showed considerable irregularity and varied between 3 and 5 inches in depth, the average probably being 4 1/2 inches. It will be noted in the attached report that the measurement over the 1.6 miles brings somewhat higher average.

In Mr. Whitmore's report, which goes into minute details regarding his investigation, the sub- of the matter at issue is contained in the following paragraphs:

Summary of Measurements.
West—
Left edge of pavement, 133 measurements 4.89
Right—
Right edge of pavement, 132 measurements 4.87
Left quarter cut pavement, 6 cuts 5.19
Right quarter cut pavement, 6 cuts 4.96
Center line quarter cut pavement, 12 cuts 5.84
Average of 24 cut samples, 5.1 inches.
As a result of the measurements taken I am convinced that the finding of this places on the edges and in the cut samples is because of negligence on the part of the contractor and the inspection of the work, and that there has been no collusion between contractor

and any employee of the state. The results show that there has been enough material put on the road to build a pavement 5 inches thick. It is impossible to get an absolutely perfect grade, but there is no reason except negligence on the part of the contractor and the inspector for its being only 4 inches in thickness, as was found in several places.

CRAVATH MANAGER FOR PHILADELPHIA

Will Attempt To Work Miracle With Saddest Club In National League.

By H. C. Hamilton

(United Press Staff Correspondent)
New York, July 9.—Cactus Cravath once performed a miracle when he came back to the big leagues after being counted out and bludgeoned his way to a fearsome spot in the averages. Today he has another miracle working on his hands for he has become manager of the saddest baseball club in the National league—the Phillies, with a boss over him who recently tied the wire to Pat Moran a shrewd leader.

Cravath's career in baseball reads like the stories of young wild west or some of those boyhood heroes who did everything they tried. He played with three American league clubs after making the ascent to the majors via the Los Angeles club and then was released by Washington to the Minneapolis club of the American association.

Cravath started out right away to gain fame in the small leagues. He busted fences and lost so many balls they almost had to restrict him. Then the Phillies came along and took him back to the big show.

This was seven years ago. Since then Cravath has hung up a home run record for the National league, and this year he has gone out after the league's batting championship. For a long time he had his clouting mark above 500 and now with the season half gone he is going at a 364 clip.

Cravath is one of the National league's oldest players. Very slow of foot, he still is a good outfielder because he plays intelligently. His hitting makes him one of the most feared players of the organization.

Sailor Is Defeated.

Los Angeles, Cal., July 8.—Denny Kramer won a decision in his four round bout with Sailor Kramer at Vernon last night. It was the main event of the four round show. Al Gruman beat Gene Watson.

Miss Ryan Wins.

Wimbledon, Eng., July 9.—Miss Elizabeth Ryan of California and Miss Suzanne Lenglen defeated Mrs. Lacombe and Mrs. Lambert Chambers in the final of the women's doubles tennis championship here yesterday. The score was 4-6, 7-5, 6-3.

Ritchie Is Through.

San Francisco, July 9.—(United Press.)—Declaring he is through with boxing, Willie Ritchie has wired Philadelphia promoters refusing an offer to box Lew Tendler, Quaker City light weight.

JUNK COMPANY SEEKS RECOVERY OF MONEY

Purchasers Of Sewer Digging Machine Ask Relief In Court.

The Capital Junk company would like to get some of the money it paid to Frank Day this spring for a sewer digger that had been standing a year or two at Hood and Front streets with apparently no owner.

According to a complaint filed in the circuit court against Frank Day and D. G. Drager as treasurer of Marion county, the Capital Junk company paid Mr. Day \$262 for what remained of the sewer digger, as he had represented that he was the owner.

When arrested April 7 for selling goods not his own and obtaining money fraudulently, Mr. Day had with him \$200 of the money he had received from the junk company. When brought before Justice Unruh for a preliminary

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my house work, was nervous and could not lie down at night. I took treatments from a physician but they did nothing for me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

—Mrs. JOSEPHINE KIMBLE, 935 West Race St., Portland, Ind.
Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.
For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

How Much More Tobacco Will My Heart Stand?

A Vital Question for Every Man Who Smokes or Chews to Answer.

May Cost a Life to Find Out By Experiment

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pains. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find out how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them—

and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit, make it easy for yourself by getting Nicotol tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure to quit.

Manufacturers' Note: Nicotol is sold under the positive guarantee that it is not injurious; that it contains no habit-forming drugs; that it will help any man to throw off the tobacco habit, and that any druggist will refund the entire purchase price if it fails. It is dispensed in Salem under this guarantee by D. J. Fry and other good druggists.
