SENATE WANTS FACTS OF ALLEGED TREATY

Resolution Up Asking President For Copy Of Jap-German Agreement.

Washington, July 10.—(United Press)—When the senate foreign relations committee takes up discussion of the peace treaty and the league of nations, it will also have before it a resolution offered by Senator Lodge asking President Wilson to produce a copy of a reported secret treaty between Germany and Japan.

This resolution was based on a United Press dispatch from Moscow, quoting from what was given out by the bolshevik authorities as the text of this agreement. A copy of the United Press dispatch was attached by Senator Lodge to his resolution.

The treaty, said to have been under negotiation last October, was apparently designed to give Germany advantages in the Orient and Japan advantages in Russia. The Japanese government has denied that such a treaty exists, it was learned today. The state department here also denied any knowledge of it.

However, the alleged text as given out in Moscow did not say whether the treaty had ever been actually signed and there would be no official record of it if it had not been signed.

Mrs. Burns' Letter

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances:

Savannah, Mo., Oct. 12, 1916.

"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."

GROVER SIMMONS DIES

E. C. Simmons and his brother L. E. Simmons, left last night for Silverton, having been called by the death of their father, Grover Simmons, aged 60 years. Mr. Simmons died Monday afternoon at 3 o'clock from heart disease. He is survived by his wife and three sons, the other being Dr. A. W. Simmons of Silverton and one daughter, Mrs. A. Johnson, also of Silverton. The funeral will be held at 3 o'clock Wednesday afternoon in Silverton.—Eugene Guard.

Biggs. The commission declined to make any decision in the matter until an investigation could be made of all routes. The location of the coast highway in Tillamook county was also left for further investigation. The commission decided that no more post road projects would be considered until those already planned were disposed of. Hence the Forest Grove delegation who were boosting for a post road from that city to Astoria by way of Verona were turned down. It was decided that at the August meeting contracts would be let for reconstructing the Mosier-Hood River section of the Columbia highway, and that bids would be called on all uncontracted sections of the Columbia highway between Portland and Astoria.

STATE HOUSE

The Oregon insurance rating bureau has recently filed with Commissioner Harvey Wells a list of new rates for the city of Astoria. This resulted from an investigation carried out at the request of the Astoria Chamber of Commerce, which represented that the city had made material improvements in its fire protection facilities. The list shows that 429 rates have been lowered about 15 per cent, while on 22 risks the rates were slightly increased.

People who were looking for something sensational to evolve from the investigation of the alleged defective paving laid by the Blake-Compton company on the Aurora-Salem unit of highway, were disappointed, for the state highway commission after its hearing of the case at its meeting in Portland yesterday, decided to make no statement whatever, but merely submitted the official report of the experts who have been making investigations. This report is very exhaustive and goes into minute details; and in the final analysis it makes plain that there was no deliberate attempt to cheat either in the quality of paving mixture or in thickness of the surface. A large number of cuts made through the paving showed that the average thickness over the entire unit was in excess of the specified five inches, although there were spots where it showed but four inches. On some of the edges owing to the condition of the sub-grade and the pressure of the roller, it was found to be spread to three inches. The report assigns all defects to negligence either on the part of the contractor or the inspector and makes no charge of collusion between the contractor and state employes. It further shows that the mixture is good and well compressed.

No awards of contracts on road work were made by the highway commission at the meeting in Portland yesterday, though a total of 60 bids were opened. The entire day was occupied with the hearing of delegations, and there were spots where controversy over routes reached the "flash" point. One of these spots was as to the location of the terminus of the John Day highway, which according to one faction should go by way of Arlington, while another contends that it should go by way of

LAST YANKEE TROOPS FROM BORDEAUX HOME

Port To Be Abandoned As Embarkation Point Is Word Men Bring.

New York, July 10.—The last American troops to come home by way of Bordeaux arrived here today aboard the transport Santa Olivia, according to her officers, who said that all troops hereafter will pass through Brest. The Santa Olivia will be turned back, it was said, to the shipping board, which will in turn give her back to her original owners, W. R. Grace & company. The Santa Olivia brought 1757 men, all of whom were casual, in command of Major E. P. Lawlor of Columbus, Ohio. She arrived at Bordeaux June 28, loaded in eight hours and started her return voyage.

The transport Nansmond also arrived, bringing 3232 men, among them the 80th pioneers, all negroes, with the exception of officers. The rest of the Nansmond's troops were casuals. One officer of the Nansmond was Ensign Frank Monroe Upton, Denver, one of the few cavaliers to receive the congressional medal of honor. It was presented to him for heroic work at Brest early in the war when a quantity of explosives aboard the U. S. S. Florence blew up. He leaped overboard and rescued several men.

New York—Two highwaymen forgot their own guns when C. Cavuoti raised up his hands at their command. One had a gun in it. They fled.

Kansas Congressman Would Keep Presidents At Home

Washington, July 10.—A bill prohibiting presidents of the United States from leaving the country during the term of office was introduced today in the house by Representative Campbell, Kansas. The bill provides that it shall be unlawful for the president to transact legislative business at any place other than Washington.

In connection with this measure, Campbell's statement asserted. He also that President Wilson, in his foreign trips, had been "beguiled by artful diplomats and international statesmen by flattery," and that he had "lost his own prestige and that of his country."

The United States is unpopular abroad because of Wilson's visits, Campbell's statement asserted. He also attacked the league of nations.

Dempsey Turns Down Offer To Meet Carpentier Abroad

New York, July 10.—Jack Dempsey will not go to Europe to box Georges Carpentier, according to messages received today from Jack Kearns, his manager. A large offer has been received, it was said, but will not be accepted. Kearns stated Dempsey will leave in a few days for Salt Lake City, where he will visit his mother. He now is in Cincinnati. Returning east, the champion will join a circus.

HAYWOOD'S BONDS REFUSED

Chicago, July 10.—(United Press)—For the forty-second time in two months William D. (Big Bill) Haywood, I. W. W. leader, was disappointed today. This time, like the other 41, it was because United States Attorney Charles F. Clyde refused to approve bonds offered for the leader's release from

Leavenworth prison, where he served a year of his 15-year sentence for interfering with the draft.

San Francisco—Mrs. Pearl Gargus stabbed May Nielsen, who was talking to a policeman. "Pardon me," Mrs. Gargus said, "I am afraid I have stabbed the wrong woman. Very sorry of me."
