SOCIETY

By Gertrude Robinson

Mrs. Otto Hedrick entertained the ladies of the South Circle of the First Christian church last Wednesday at her lovely home, 1705 South Commercial street. The hours were spent in sewing and informal talk. Those present were Mrs. Harvey Stanton, Mrs. Clarence Townsend, Mrs. Clifford Elgin, Mrs. G. T. Robinson, Mrs. Wilma Pratt, Mrs. F. T. Smith, Mrs. Chas. Davis, Mrs. Ruth Hatch, Miss Roberta Morton, Miss D. Albee, Mrs. Otto Hedrick, Mrs. Martin Viesko, Mrs. Lee Canfield, Mrs. Wm. Busick, Mrs. John Humphreys. The next meeting will be August 13 at the home of Mrs. Chas. Davis, 210 Owens street.

Members of the Elks band announce a dance in the armory next Wednesday evening. The fifteen piece orchestra which has been meeting with such favor since its first presentation, will furnish the music. These occasional dances, sponsored as they are by one of the most hospitable and entertaining organizations in the city, are always great favorites with the dancing public. They are given for the purpose of raising enough money to take the band to the Elks convention in Klamath Falls next month, and if the attendance continues to be as good breaking at the future dances as it has been at those past, there is little doubt that the delegates from Salem will be able

to show the representatives from their sister cities, a band worth seeing and listening to, when they gather for their annual festivities.

Miss Gladys Reef has returned from a few days visit with friends in Hillsboro.

Coming from Wasco for the purpose of seeing his younger brother Paul, who has just returned from France, Glen Maurer was the guest of his parents, Mr. and Mrs. John Maurer, recently.

Mr. and Mrs. Charles A. Johns who have been visiting at the K. O. Johns home in Albany, have returned to Salem. During their visit the two families formed a party and motored to Cascadia for a few days.

Dr. and Mrs. Fred Ellis and Mr. and Mrs. Clair Vibbert will leave tomorrow for a two weeks outing at Newport.

Mrs. A. E. Day and daughter, Miss Hattie Day, have gone to Portland to attend a three day convention of the I. B. S. A. They expect to hear Judge F. Rutherford of New York, who will deliver a public lecture Sunday afternoon at the Heilig theater on "The hope of distressed humanity."

Reverend Alfred Bates was a Portland visitor yesterday. He is musical director at the symposium meetings at the Gladstone chautauqua.

T. L. Williams is a guest at the Carlton hotel in Portland.

Subscribers for the Ellison-White Chautauqua are requested to get their tickets next Monday at the Hartman jewelry store.

In years past it has been found necessary to even canvass from house to house to get those who had subscribed to take up their tickets. Things are different this year and the guarantors and officers of the Chautauqua association do not feel they can take the time to solicit and canvass and urge those who have subscribed, to take up their tickets.

Hence next Monday has been appointed as ticket day and every one of the

er way out of it," one of them explained. "The bolsheviks have led the people to believe they are fighting to save Russia from invasion and are defending the revolution. The bolsheviks are probably not more than one per cent of the population. Yet the bolsheviks can dictate, because this is a military emergency. They have mobilized everybody.

"The Russian people support the bolsheviks in preference to the whites. The Russians do not want a czar again. Nor will they allow the bolsheviks to continue long. When this war is over the Russians themselves will throw out the bolsheviks. But we cannot do it now. It is war and we must fight. But we want to do it ourselves and make our own government, a socialist democracy. Most of the people are social democrats, but the bolsheviks refuse to allow us to organize now. Military precaution, they say, but wait until the war is over."

Along the route, the correspondent heard this story many times in various forms.

Army staffs are odd military organizations in Russia. They are mostly young men, almost boys. Their principal work seems to be signing papers, stacks of them on every table. All orders must be signed by three men and a commissaire. The commissaire is a vital feature of every staff. He comes from Moscow, and replaces the soldiers' soviet, or council, which formerly debated every order before it could be carried out.

Hot Summer Sun Trying on the Complexion

How to Protect Your Skin and Bring Roses to Your Cheeks

A Free Oatmeal Prescription Does Its Work Overnight. You Can Prepare It at Home

New York—Exposure to sun, dust and wind has a very bad effect upon the skin and complexion. There is a way to overcome this. "It is my own discovery and takes just one night to get such marvelous results," says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice," she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows:

"Go to any grocery store and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend this method for a yellow skin, shiny nose, freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and in fact every blemish the face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and what abuses they have had through hard work and exposure to sun and wind, this oatmeal Derwillo combination will work a wonderful transformation in 12

hours at the most. Thousands who have used it report the same results I have had."

Miss O. C. says: "My complexion was poor and my skin rough. My neck, chest, hands and arms were dark from exposure. The very first application of this wonderful Derwillo Oatmeal combination convinced me that my poor complexion and skin blemishes would soon be a thing of the past. In a few weeks all those unsightly defects had entirely disappeared and I shall always use it to keep my complexion at its best all the time. I have recommended it to my girl friends and they are just as enthusiastic over it as I am. We all use it before going to the theater, dances or parties and it's wonderful what a difference it makes in our appearance."

Mrs. G. V. writes: "Oatmeal and Derwillo have worked miracles with my complexion. I had many deep-seated wrinkles and a sallow, rough skin. My hands and arms were covered with freckles. After eight weeks use of Mae Edna Wilder's wonderful complexion prescription these objectionable defects have entirely vanished. I look ten years younger and advise every girl and woman to try it and feel confident after one or two applications they will use it continually and be just as favorably impressed with it as I am. I recommend it to all of my friends."

NOTE—To get the very best effect be sure to follow the complete directions contained in every package of Derwillo. You have only to get Derwillo and oatmeal. You need nothing else, and it is so simple that any one can use it, and so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by department stores and all druggists, including the Fry and the Perry drug stores.

COULDN'T STAND TICKING OF CLOCK

Mrs. Martin Was So Nervous That Least Noise Disturbed Her; Gains 10 Pounds By Taking Tanlac.

"A lot of people have asked me lately about what it is that has made such a big change in my condition, and it just does my heart good to tell them that Tanlac is responsible for it," said Mrs. Frances A. Martin who lives at 459 Taylor street, Portland, the other day.

"I contracted inflammatory rheumatism about eleven months ago," she continued, "and I have undergone a world of suffering since that time. This trouble first started in the back of my neck and on the left side of my body. Then it moved down into my feet and ankles. The pain was so severe at times that I just thought I would not be able to stand it much longer. The swelling in my feet and ankles was so bad that for two months and a half I was not able to leave the house, and most of that time I was not able to walk. Oh, I just can't begin to tell you all the pain I suffered during those long weeks. I was so nervous that I would be awake until two or three o'clock every night, and I finally get in each nervous state that I had to move the clock out of my bedroom, as the ticking of it would worry me. I lost a lot in weight and finally got so weak and ran down that I was hardly able to be up at all.

"My husband insisted on my giving Tanlac a trial, but I just laughed and told him that Tanlac wouldn't do me any good. Then my daughters got after me to try it, and just to please them I commenced taking it. Well, I can't long change my mind about Tanlac, for before I had finished that first bottle, I was feeling much better. The swelling had gone down a lot and I didn't have near so much pain as I had been having. I just kept on taking Tanlac, and now the swelling is all gone from my feet and ankles, and I haven't a sign of rheumatism. My nerves have gotten all right, and I never slept better in my life. I have regained my old weight, which is about ten pounds, and am so well and strong in every way that I can do all my household, and get out and go any where I please. So you see, I have been thoroughly converted as the subject of Tanlac, and I never lose an opportunity to say a good word for it."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Good, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Geo. H. ident, it was said was quite ready to discuss the provisions with his opponents whenever they are ready to meet him. Administration senators said they were sure that after much verbal battling on the floor the treaty and league would win when it came to a vote. He considered the president, in his speech of yesterday, withheld most of his strong arguments for use later in the campaign after the opposition has revealed its own line of assault.

WASHINGTON, July 11.—President Wilson will make another appearance before the senate when debate over the league of nations becomes hot and will personally reply to attacks on the event, in the belief of many of his friends here today.

The president reserved presentation of the French-British-American defensive agreement until a later and indefinite date. This was considered by many the shrewdest strategic move yet made by either side in the treaty and league fight. The president now has an excellent reason for again appearing before the senate any time he sees fit, and—if he considers it necessary—making a speech which would practically amount to him taking a hand in the senate debate himself, it was pointed out.

The agreement provides that American and British forces shall come to the aid of France in case of an unprovoked attack by Germany.

No provision is made for determining what constitutes an unprovoked German attack. This, the president believes, is a matter for determination by the chief executive. He, however, would not have power to involve his country in war, it was understood. Recommendations would be made to congress and acted on by that body.

Has Thanksgiving Every Day

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me. Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal troubles, including appendicitis. One dose will convince or money refunded. J. C. Perry, Capital Drug Store, and druggists everywhere.

Colonel McCormick Says Japan Planned Separate Peace With Allies' Foe

Mount Clemens, Mich., July 11.—(United Press.)—That Japan has been threatening war with the United States for some time, was an unfaithful ally and sought separate peace with Germany, were statements made by Colonel R. R. McCormick, co-editor of the Chicago Tribune, during cross-examination in the Ford-Chicago Tribune million dollar libel suit.

"Do you mean that Japan was an unfaithful ally?" Attorney Lucking asked McCormick.

"I know she was," McCormick replied. "I learned this when I was a member of the general staff."

DON'T SPOIL YOUR HAIR BY WASHING IT

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all in pieces. You can get this at any drug store, and a few more will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.
