### DALLAS NEWS.

(Capital Journal Special Service.)  
Dallas, Or., July 10.—Mrs. I. N. Woods and Mrs. H. C. Eakin, accompanied Mr. and Mrs. Andrew Hulman of Portland went to Newport, Tuesday for a few days' outing.  
Arthur Rahn, a prominent resident of the Capital City was a Dallas business visitor Monday.  
Seth Bailey, formerly a Dallas newspaperman who enlisted in the ranks of company L at the outbreak of the war with Germany and who after the arrival of that organization in France was transferred to the A. E. F. newspaper The Stars and Stripes, was in the city the first of the week greeting old friends. Seth is now a reporter on the Portland Oregonian.  
Sheriff and Mrs. John Orr and Dr. and Mrs. W. C. Schaefer returned Monday afternoon from a several days' fishing trip on Salmon river.

Dr. and Mrs. A. B. Starbuck and family are guests of relatives in Portland this week.  
Miss Frances Boyd is visiting with relatives at Riskreall this week.  
Mr. and Mrs. Lew A. Cates expect to leave the latter part of the week for a several months' sojourn among the pleasure resorts along the Oregon coast. Mr. Cates last week disposed of the Polk County Observer to A. E. Koen, a Minnesota newspaperman.  
Judge and Mrs. H. H. Belt and family and Mr. and Mrs. E. K. Pizacki are enjoying a several days' vacation at Pacific City in Tillamook county.  
Mr. and Mrs. John E. Miller left Tuesday morning for a short visit with relatives in the Siletts basin.  
Miss Maude Robertson of Salem was a guest of relatives and friends in Dallas the first of the week.  
M. L. Boyd returned from Portland the first of the week accompanied by his mother, who had been visiting relatives in Seattle.

H. C. Eakin received a telegram from his son Jack Eakin, Monday stating that he had landed in New York that day after a year's absence with the American forces in France. He expects to be home at an early date.  
**NO STRIKE AT CORVALLIS**  
(Corvallis Gazette Times.)  
Corvallis has been very fortunate in not suffering any inconvenience from the telephone strike. The Corvallis central girls are to be congratulated in their display of common sense in refusing to join in an unfair and unwarranted effort to get a certain class of already overpaid workers, more money.  
The electrical workers here are already being paid \$6 a day for eight hours work and double time for Sunday and holidays. They are getting more money than the manager of the company himself and they have none of the worries and no responsibility. Two "trouble calls" a day they consider a

good day's work though any telephone manager in the world will tell you that two troubles a day are a joke.  
The girls here are showing their good sense and their appreciation of their duty to the public and the company and if the time ever comes when they have a grievance of their own against the company their present attitude will insure them a solid public support. Beginners are started in at \$45 a month and reach a salary of \$70 a month for experienced operators. That wage is in the course of being adjusted to a higher one through a government arbitrator and the adjustment may be retroactive. Surely nothing could be fairer than that. In the meantime, the public and the company have not been inconvenienced and the girls have continued to earn their salary checks.

**HARVEY WELLS ELECTED STATE FIELD SECRETARY FOR AL KADER TEMPLE**  
Harvey A. Wells has been elected field secretary for the coming year for the Al Kader shrine of Portland. His principal work during the year will be that of looking after the general program for the Shrine in Portland during the Imperial Council sessions to be held in Portland next June.  
This will require his visiting all local shrine organizations throughout the state and interesting all Shriners in the national event of next June.  
According to the records, there are 119 members of Al Kader shrine in Salem and vicinity and it is probable that a local organization will be effected, something similar to the one before the war.  
One of the plans of Mr. Wells is to arrange for visiting Shriners to this part of the valley during the Imperial

council sessions at Portland. It is estimated that the event will bring 60,000 to 70,000 people to Portland, and that a great majority of these Shriners and their wives will be here to have a good time and not come as delegates. There are but 567 delegates from all parts of the country and those will attend the business of the sessions.  
The remainder of the 60,000 or 70,000 will be in Oregon to have a good time next June. Mr. Wells says he hopes to bring from 500 to 1000 of these visitors to the capital city in order that they may be taken out into the valley and see how wonderful the country looks in the month of June. Mr. Wells recently resigned as insurance commissioner.  
San Francisco—This phone strike is becoming still more serious. Ernest Olson went to work as a strikebreaker. His wife, favoring the strikers, demanded his resignation. He was arrested, charged with wife beating.

**Prosser Man, Mourned As Dead, Found, Lost Again**  
Spokane, Wash., July 11.—After having been mourned for dead for four months and after his wife had given up her home at Prosser, Wash., and had moved to Seattle, Judge Bert Linn, one of the most prominent men in Adams county, has been found alive only to be lost again.  
A report several months ago that he had been seen on a railroad bridge, eastward and about to leap in the Columbia river led to the theory that he had taken his life.  
But now comes word that he was seen at Pendleton, Or., on the Fourth of July by two Prosser citizens, to whom he talked freely, saying he had worked on a wheat ranch.  
Now he has disappeared again.
