FORTY-SECOND YEAR NO. 167.—EIGHT PAGES. SALEM, OREGON, THURSDAY, JULY 17, 1919. PRICE TWO CENTS ON TRAINS AND NEWS STANDS—FIVE CENTS

WILSON TO INTERVIEW EVERY REPUBLICAN IN SENATE ABOUT LEAGUE

Conferences Are to Continue Until All Opponents of Covenant Are Seen.

Washington, July 17.—President Wilson will continue his conference with republican senators until he has gone through the entire list, it was said at the White House today. He plans to schedule appointments with four or five each day, allowing an hour to each conference. Ordinarily presidential conferences are only for 15 minutes.

The senators invited to call today were: McCumber, North Dakota; Jones, Washington; Colt, Rhode Island, and Nelson, Minnesota.

All conferences are to be held in the White House, instead of the executive offices, where the president receives most of his callers.

Senator McCumber, first to call at the White House, remained an hour with the president. He said that he regarded the matter discussed as confidential.

Senator McCumber, first to call at the White House, remained an hour with the president. He said that he regarded the matter discussed as confidential.

Friends of the president said he would discuss freely reasons for adopting treaty provisions which the republicans are bitterly attacking in the senate and would attempt to answer questions they ask.

In many quarters Wilson's latest move in the treaty battle was regarded as a distinct effort to carry the war into the camp of the enemy.

SAN FRANCISCO PUBLIC BUILDINGS TO FLY TRI-COLOR OF IRISH TODAY

San Francisco, Cal., July 17.—(United Press.)—The tri-color of the Irish republic floats over public buildings in San Francisco in honor of Eamon De Valera, president of the "Irish republic" who arrives late today to spend four days here.

At the ferry, Mayor Rolph and city officials will formally welcome the party, and an informal reception will be held tonight at the St. Francis hotel.

Tomorrow forenoon De Valera will address the national convention of the Ancient Order of Hibernians at the civic auditorium.

De Valera's party leaves for Los Angeles Monday.

DAYLIGHT SAVING TO BE ATTACKED AGAIN

Republicans Determined to Pass New Agricultural Bill With Vetoed Rider.

Washington, July 17.—(United Press.)—A fight between President Wilson and congress over the question of repealing the daylight saving act seemed assured today by the determination of republicans, despite the failure of the house to override the president's veto of the repealer.

They have decided again to push through congress the agricultural appropriation bill, with the rider repealing the daylight saving plan.

The house rules committee was to be asked for a rule to make the new bill in order as soon as the president's veto of the sundry bill was disposed of.

Democrats, realizing the republicans are making a party issue of the president's veto, were conferring today and many leaders were urging that since the representatives from the country were already on record as voting against daylight saving, the party must now stand by the president.

New Zealand to Develop Trade With Pacific Ports

Vancouver, B. C., July 17.—New Zealand expects to develop trade with American Pacific ports as soon as shipping is available and its contracts with the British government have been fulfilled.

Government Promises Aid In Fighting Idaho Fires

Washington, July 17.—All government aid possible in fighting Idaho forest fires was promised by Secretary of the Interior Lane, according to Representative A. T. Smith, who conferred with him.

Lane said, however, that the help will be limited until the sundry civil bill, which carries funds for this work is passed.

SHERMAN SAYS JAPS GRANTED TOO MUCH LEEWAY UNDER PACT

Declares Treaty Threatens to Make The Mikado An "Asiatic Kaiser."

Washington, July 17.—The peace treaty makes Japan so strong that the mikado will in time become an "Asiatic kaiser," challenging the whole world, Senator Sherman declared today in attacking the treaty in the senate.

He denounced the action of the peace conference in giving Shantung to Japan, as "the superlative treachery of modern times."

Japan, he warned, will gradually absorb China and menace the world.

In that day, he predicted, the United States may be forced to appeal for help to the Chinese people in the dismemberment of whose empire he charged this government has been made a part.

"The United States has either been over-reached by more capable diplomats or the indifference of those recent to their duty," said Sherman.

"China was the first to respond from the neutral nations to the call of our president against Germany."

"China trusting the United States, the allies and associated nations at the peace table, finds herself facing another step in the dismemberment of her country. She finds too that the United States joins with those who plunder her territory and rob her of her people."

"The perfidy of China's mistreatment so taints and poisons the professed altruism with which the league of nations was heralded to the world as to crown it the superlative treachery in the history of modern times."

"It is as plain as the noon day sun that the Japanese government is autocratic and that it will add Chinese province upon province, concession upon concession, until an Asiatic kaiser armed with all the modern implements of scientific destruction in war will dominate the affairs of Asia and the Pacific ocean."

Pershing Recipient Of Further British Honors

London, July 17.—General Pershing continued to be the recipient of British honors today. At noon he was to be the guest of King George at a luncheon at Buckingham palace.

Tomorrow morning General Pershing will review the American soldiers and attend the military investiture of American and British officers at Hyde Park.

Speaking before the American Lunch club yesterday, Pershing enthusiastically praised the valor of the American soldier and paid tribute to Great Britain.

"We'll bet a feller has t' watch his step crossin' th' avenue of escape these days. If you want t' try somethin' hard jest try t' pull your trousers on over a pair o' rubber heels."

Striking Phone Workers Will Be Given Old Jobs Says Washington Report

Washington, July 17.—All telephone employees who have been on strike in west coast cities will be taken back and placed on the payroll immediately, if they report for work within a week.

Assistant Postmaster General Koons has telegraphed J. P. Noonan, president of the electrical workers union. The post office department officials today refused details on the situation.

MARINE STRIKE ALONG ATLANTIC COAST FIRM

Cooks, Stewards And Sailors Out And Engineers Ready To Quit.

New York, July 17.—James Furuseth, president of the International Seamen Union, was here today to investigate the strike situation preparatory to reporting on conditions to the seamen of the Great Lakes and the Pacific coast.

Although one or two steamship owners were reported to have granted the demands of the seamen, the leap apparently was as complete as at any time since the strike was called last week.

With the cooks, stewards and sailors now on strike, the engineers on the verge of going out and the order of the shipping board to dismiss strikers effective, the water transportation situation here and at other Atlantic coast ports had reached a critical stage.

As no embargo had been placed on freight from inland points, the congestion on wharves and at railroad terminals was increasing hourly and perishable freight was spoiling in large quantities.

To relieve the situation, at least temporarily, the shipping board last night called for volunteers to man ships under its control but it was admitted that it would be difficult to get licensed men to take the places of the strikers.

VITAL STATISTICS GATHERED UNDER PROVISIONS OF NEWLY ENACTED LAW ARE IMPORTANT

Way down south in Arkansas, the folks think it rains 11 months in a year in Oregon, while 'way up in Oregon, the people don't even think about Arkansas, unless it is something about the Arkansas traveler, all due to the lack of vital statistics as to what each state is good for.

Oregon's finest Bartlett pears are sold at five cents each in Arkansas wrapped in California labels, while a lot of people up this way may be wearing diamonds that are known in Arkansas as Hot Spring diamonds, worth about \$1 each, and they sparkle just like a real diamond.

This ignorance of each other has been due to lack of advertising and to the lack of real statistics as to what each state is producing. But this is past history for Oregon, as the assessor this spring secured a statement from every farmer as to what he had planted in grains, fruits and berries.

Portland Woman Denies Intimacy With Oil Man
Portland, Or., July 17.—"Least said soonest mended," was the remark of Mrs. Edna Poindexter when asked today regarding love letters she is said to have received from Charles W. Ward, millionaire oil man, who sprang into prominence in San Francisco as an exponent of contract marriages.
