Dorothy Gish, best known to Salem film fans as the "Little disturber" in "Hearts of the World" is said to weigh only 117 pounds, comprising 100 pounds of genius, 10 pounds of nerves

and 7 pounds of humor. One of the nerviest and most comical things she ever undertook is shown in the latest Paramount drama—"I'll Get Him Yet!"—in which she undertakes to manage a railroad and to drag a hesitating lover to the marriage altar, and at the same time conceal the fact that she is at the head of a corporation and heiress to several millions of property. This film, which constitutes a most delightful comedy from start to finish, is full of just such "jazz" movements and astounding situations as the "little disturber" delights in. She is supported in the play by George Fawcett, Richard Barthelmess, Ralph Graves, Edward Peil and Porter Strong. This fancy comedy drama will appear at the Oregon theater three evenings—Sunday, Monday and Tuesday—and along with it an extra good vaudeville series. Dance at army Sat. night. The funeral services of John W. Welles, who died at the home of his son in Portland Wednesday, was held this afternoon at the chapel of Webb & Clough in charge of G. A. R. Sedgewick post No. 10. He was past com-

mander of Kit Carson post, No. 28, of the Pendleton G. A. R. In 1862 he enlisted in company C of the 12th Kansas infantry and served until the close of the Civil war. Hunt's orchestra will play at another big dance at Stayton Friday July 18. Auto leaves Masonic Temple at 7:30. Round trip 50c. Loju dance at Gervais Saturday July 19. Hunt's orchestra. Be there. 7-19. In the case before Judge Bingham wherein R. D. Gibson asked for an injunction against H. H. Ridgeway to compel Mr. Ridgeway to deliver his berries to Mr. Gibson, the court refused the injunction. The case will later be tried on its merits and as the matter now stands, Mr. Ridgeway may sell on the open market. Mr. Gibson alleged that he had gone to some expense in building a dryer at Liberty and that having contracted for Mr. Ridgeway's berries, he also had contracted with the Salem Fruit Union to deliver a certain amount of dried logans. That he would be damaged should Mr. Ridgeway fail to deliver. This will add one more to the equity cases to be tried before Judge Bingham, as all these loganberry suits are cases in equity and are not to be tried before a jury.

You Just Try NR For That Indigestion. Get your organs of digestion, assimilation and elimination working in harmony and watch your trouble disappear. NR does it or money back.

One Day's Test Proves NR Best. The stomach only partly digests the food we eat. The process is finished in the intestines when the food is mixed with bile from the liver. It must be plain to any sensible person who realizes that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome. This fact also explains why sufferers from indigestion, also suffer here or less from headaches, biliousness and constipation. If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spots, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. Give it a trial for a week or two. Daniel J. Fry, druggist.

Now that the word has gone out there is an airplane in Salem, and that the Commercial club is in a receptive mood for securing aviators to do some commercial flying, half a dozen or more telegrams have been received by Manager McCroskey from men who have been in the service. One of the aviators wired that he was engaged to go to Argentine next October to lay out airplane mail routes for that government and that he would be willing to help out here. Others wired their qualifications. But just at present Lieutenant Cook is on the ground and having been a front line flyer just when the armistice was signed, he will be given an opportunity to try out the plane of Lieutenant Browne. If he makes good, there will be commercial flying over Salem within a few days. If not, some of the other aviators who have offered their services will be given an opportunity to fly. Anyhow, after waiting since July 3, the chances are that those who want to take an airplane ride, will be given the opportunity within a few days. Buy old papers at the Journal office.
