

Help Strikes Many Places

(Continued from page one)

were locked out of their jobs—involving projects costing more than \$20,000,000—when they failed to report for work yesterday without having sent any notice or demands to their employers.

The traction votes were to be sent to the head office at Boston, Mass., of the streetcar men's union, where the final decision on the strike will be given. Hope that their pay would be voluntarily increased was expressed. President Blanton Budd of the elevated lines railway asked the state public utilities commission for authority to increase fares so the increase in wages might be granted.

Ten thousand packing house workers employed at several of the larger plants were on strike today. The men quit work because, according to John Kikukaki, a union organizer, policemen had been detailed throughout the stockyards to keep order. The officers will have to be withdrawn before the men return to work, Kikukaki declared.

POSTMASTER GENERAL WILL MAKE NO EFFORT TO SETTLE PHONE STRIKE

Washington, July 19.—Postmaster General Burleson is "averse" to further mediation by the labor department in the telephone strikes, according to unofficial information here today. The postoffice department desires to "deal directly with its labor controversies" without interference from other governmental agencies, it was said.

Labor department officials refused to confirm the report they had withdrawn conciliators dealing with present wire strikes. Future strikes, however, will not be considered by them, it was said.

New Tangle in Situation.

San Francisco, July 19.—The Pacific coast telephone strike tangle received a new twist early today, when members of the central strike committee met the order of international officials to return to work Monday with preparations for mass meetings to protest the settlement. Members of the strike committee say the settlement would be only temporary.

An order directing all strikers on the coast to return to work at 8 o'clock Monday morning was issued last night by Miss Nellie Johnson and L. C. Grasser.

GRAIN BOUGHT

We will be in the market for Wheat, Oats, Barley and Rye in any quantity and expect to pay the highest cash prices.

We will furnish sacks for all the grain we buy. Be sure and see us when you are ready to sell.

international vice-presidents of the operators' organization and the international Brotherhood of Electrical Workers. This followed instructions from international officers at the conference with the wire control board in Washington.

The order said operators would be put on their former pay plus new rate to be posted by the company, while the government's final award would be submitted to the strikers by a referendum later on for approval or rejection.

The central strike committee objects to the possibility of returning to work only to strike again in disapproval of the terms submitted. The statement of D. P. Fullerton, local superintendent of the telephone company, that any award by the wire control board will be effective only during the brief remaining period of federal wire control has also turned a number of committee members against returning to work until a final flat agreement is reached between the telephone company and the unions.

Mr. Fullerton said the company would stand by its offer made to the workers at the beginning of the strike.

This offer was as follows: Operators, minimum of \$12 a week, with a maximum of \$18 to be reached after five years' service; electricians, a basic wage of \$5 a day, with a readjustment of classifications.

The operators had asked for a maximum wage of \$24, effective after three years' service, and the electricians demanded a basic wage of \$6.40.

President Wilson wired to Mayor Ralph of San Francisco and Mayor Bartlett of Berkeley last night, advising the strikers to return to work pending a wire control board hearing, which, he promised, would "in a just and equitable manner treat the demands of the strikers."

Tacoma Strikers Object.

Tacoma, Wash., July 19.—The Tacoma telephone strike committee today was preparing messages to be sent to international union officers strongly protesting against the conditions of settlement of the strike as well as the order to return to work.

"We are dead against the orders in Tacoma," said Chairman Rankin of the strike committee. "Although we have not received official copies of the order here, from what we can learn it gives us nothing more than what we could have had when the strike was called."

SEAMEN'S STRIKE TIES UP MANY VESSELS NOW

New York, July 19.—With more than 500 ships idle in various Atlantic and Gulf ports, the seamen's strike continued today with no prospects of settlement in sight.

The freight embargo declared by the United States railroad administration late yesterday was expected to result in similar action by the steamship lines affected.

Union officials estimated today that the strike had caused a loss of \$8,000,000 in this port and \$3,000,000 in other ports.

Ottawa Strike Broken.

Ottawa, Ont., July 19.—Striking street railwaymen voted, after a stormy session, to return to their jobs on terms of the company. The employers will retain all strike breakers. The company announced it would increase wages later.

A Winnipeg deputaion has instituted proceedings in opposition to deportation of alleged reds.

STATE HOUSE NEWS

As evidence of the opposition felt by the life insurance companies for some of the insurance acts of the 1919 legislature is shown in the proceedings just instituted in the federal court in Portland by the Western Union Life Insurance company to restrain Commissioner Wells from enforcing certain provisions that are alleged to interfere with the sale of insurance by agents. One of these provisions deals with the handling of notes by agents as payment for insurance premiums. According to the statute these notes cannot be negotiated except as guaranteed by the insurance company.

A recent summary of the sales of gasoline and distillate in the state of Oregon for the first half of the year is made up by Deputy Secretary Koser, showing that during this period there was dispensed to motor users a total of 11,419,813 gallons of gasoline and 1,904,275 gallons of distillate, and the total revenue derived from the tax was \$123,629.57. It is estimated that with the rapidly increasing demand for gasoline the balance of the year will make up a total of from 35,000,000 to 40,000,000 gallons.

The state desert land board has forwarded to the secretary of the Interior a request that a temporary segregation be made of 17,900 acres of land by Malheur county, adjoining the Jordan Valley Land & Irrigation company's holdings. It is the desire of the board that before the land is thrown open to settlement it be determined what part of it will come within the irrigation district.

Griefs Of Orphan Life And Mother Longing In Mary Pickford's Own Film

Child Paths Blended With Wonderful Humor by Director Marshall Neilan in Famous 'Daddy Long Legs' Story

"Daddy Long Legs" in which Mary Pickford will be seen at the Ye Liberty Theatre tomorrow is filled with the most delicate and artistic imagery throughout. One of the most effective incidents deals with a comparison of the rearing of Judy Abbott, the orphan asylum girl, and Angelica Wyckoff, a spoiled rich child.

Judy, (Miss Pickford) the little girl

who, despite cruel treatment and bad living conditions in the asylum, brings sunshine and aid to the smaller children is symbolized by a lily, rising from a dumping ground for old rubbish. Angelica is symbolized as a hothouse rose, beautiful because of intense cultivation but unable to stand the rigors of the ordinary out-of-doors.

* ROUND COAST *
* LEAGUE BASES *

(By United Press)
Yesterday's winners: Salt Lake, San Francisco, Vernon, Sacramento.

Home runs: Crawford, Killifer, Angelen; Messel, Tigers; Shick, Koerner, Baldwin, Seals; Sampson, Rainiers.

One prize fight, with no prize, an exhibition of cup heaving at amateurs and a sovietish protest from the Angels that the new wire fence must be removed—these all had something to do with the Tigers downing the Scraps, 8 to 2.

After he had the game already added to his win column, Bill Clymer was forced to subtract it, when the Seals gathered three runs and squashed the Swashes, 8 to 5.

Earl Sheely took the game from the Beavers when he made a wonderful stop and threw to the plate in the ninth in time to stop the scoring. The Bees won 4 to 3.

The Solons took their fourth straight from the Aces, 7 to 6.

PEACE TREATY WILL

ing the minds of his republicans senatorial callers, to learn just how little they can be satisfied with in the way of negotiations, was the statement today of one senator who visited the white house yesterday.

AMERICAN SAILORS

(Continued from page one)

Cheyenne with a fishing party was held up by bandits July 6, nine miles from Tampoico and the sailors in it robbed.

The sailors lost a ring, a watch and a pair of shoes. Secretary Daniels said he had not even seen the message before this afternoon. He said the launch must have been flying the American flag.

Secretary Daniels sent the following message to the commander of the Tolyba.

"Wire full report and result of investigation of robbery of motor sailing launch of the U. S. S. Cheyenne. Have parties been identified or apprehended?"

NATIVE SIBERIANS

(Continued from page one)

evening, the fighting Russian had changed his mind about fighting. Running looked safer, which he did when the officers came in sight. But the moonshiner didn't run far, as he was soon gathered in, brought to the city and lodged in the county jail.

This morning before Justice Caruth, he filed a plea of guilty and will be brought before the court Monday morning for sentence. The state law is that anyone guilty of making whiskey may be fined by the court not more than \$500, or six months in jail or both, at the discretion of the court.

TIE UP STEEL INDUSTRY

San Francisco, July 19.—A nationwide strike of steel workers, which would tie up the industry in America, has been advocated by the heads of 24 unions and a strike referendum will soon be taken, according to dispatches received today from John Fitzpatrick, Chicago, Federation of Labor.

Twelve children under the age of 12 were killed in San Francisco by automobile during the first six months of this year.
