The Perfect oil for Cooking and Salads

### How To Make Perfect Pie Crust

Here is a Pie Crust recipe that will convince you of the wonders of Mazola. And remember, too, that pie crust made with Mazola is perfectly digestible.

Follow this recipe—you can get Mazola at your grocer's.

2 cups Flour Pinch of Salt  
1/2 cup Mazola Ice Cold Water

Work Mazola well into the flour and salt, add enough ice water to hold together, about one-fourth of a cup; roll crust out at once.

FRIDAY

### DALLAS CHAUTAUQUA CLOSING.

Dallas, Ore., July 22.—Dallas' big chautauqua for 1919 closed Monday night with a concert by the Apollo Concert company and a lecture by Henry Warren Poor on the "Closing Days of the War." Both entertainments were of the highest class and were greatly ap-

preciated by the immense audience which crowded the big tent on the Court House lawn. The chautauqua this year has been a record breaker for drawing large crowds and the attendance at all sessions both afternoon, morning and evening have been away above the attendance of previous years. At the lec-

ture of William Jennings Bryan, Saturday night fully twenty-five hundred people crowded into the big tent and many more were forced to stand inside the enclosure on account of the scarcity of seating space. Mr. Bryan spoke for over two and one-half hours to an audience that was so quiet that a pin could have been heard if dropped. After his lecture he held a hand shaking reception on the platform.

Private Post in his lecture on "My Experiences in the Great War" on Sunday night also drew one of the largest crowds of the season, people coming from miles around to hear him tell of the recent world war.

Constipation causes headache, yellow color, dull, sickly eyes; you feel out of sorts all over. Hollister's Rocky Mountain Tea will banish constipation, regulate your bowels, purify your stomach. You'll feel better all over. D. J. Fry.

## MONMOUTH NEWS

(Capital Journal Special Service)  
Monmouth, July 22.—A most delightful social event of the summer school session was the Rose luncheon given by the Normal faculty recently in honor of Miss Rosa B. Parrott. The living rooms of the dormitory were beautifully decorated with a profusion of Lady Gay roses from the garden of Mr. and Mrs. Ostein. The luncheon was occasioned by the recent resignation of Miss Parrott from the position of head of the English department which she has filled for several years, and was in the way of a farewell reception. She goes on a year's leave of absence and will enter Columbia University in the fall.

The annual summer school musical is scheduled for Friday July 25th, under the direction of Miss Schuetz, head of the music department. "The Toy Shop" and "The Western Girl," two operettas will be staged and between these operettas Miss Schuetz will conduct a community sing.

Mr. Woodward, president of the state council of defense, spoke on the subject "The crisis in American history."

The Misses Martha and Dorothy Andrews, alumni of the normal, are spending their vacation in the forest service. Miss Martha is on Horsepasture mountain in Lane county and Miss Dorothy is at Prineas Point.

Miss Lucile Chase, domestic science and art instructor, has been quite ill for the past several weeks but is reported as better.

Miss Parrott has completed the revision of the story telling list for the new state course of study to be issued in September. Teachers will be pleased to learn that a list of books has been added which contain stories of the world war; also one which was helpful in teaching the stories and legends of Oregon.

Stanley Evans, who returned home from overseas last Wednesday, was greeted by a large audience Sunday evening when he spoke in the Evangelical church. Stanley is a member of this church and their service flag bore his star and his name. The talk was largely a recounting of his personal service, and reminiscence of experiences at home and in France.

A community picnic was held just south of the Helwick bridge on the banks of the Luckiamute Sunday afternoon. A bountiful dinner was spread under the beautiful shade trees and was enjoyed by more than one hundred persons, most of whom were strangers. After dinner the men folks tried their skill with the horse shoes while the young folks and many who were not so young, took a dip in the cool waters of the river.

Mr. and Mrs. L. E. Sheldon of Ellettsville, Texas, arrived last Wednesday for a visit with E. E. Ostrom and family. Mrs. Sheldon is a sister of Mr. Ostrom and the two have not seen each other for more than ten years. Ellettsville is in the famous Burkhardt oil field of Texas where Mr. Sheldon has interests.

Miss Neta Harvey, who has been picking loganberries near Salem, left Sunday for Corvallis where she goes to be with an aunt for a few weeks.

Mr. and Mrs. Ed Bedwell have moved.

## "WILL PRAISE IT LONG AS I LIVE"

J.C. Doss Relief Of Troubles By Tanlac—Says He Feels Better Than For Many Years.

"Not for a long time have I enjoyed such a good health or felt so well generally as I do since taking Tanlac," said J. C. Doss, a well known retired farmer who lives at 233 1/2 Main Ave., Spokane, while talking to a Tanlac representative the other day.

"For twelve months before I commenced taking Tanlac, I was in a bad condition and caused me a good deal of suffering. My appetite went back on me completely and I just had to force down everything I ate. I would have starved to death in the worst way, and this would cause gas to form so bad that I was hardly able to get a good breath. I would often get so dizzy that I could hardly walk or stand on my feet unless I had something to hold on to. I had a tired, draggy feeling all the time, and didn't have enough strength and energy to even walk around a little. The different medicines and treatments I took didn't do me any good at all, and I just kept going down hill until I was completely run down in every way."

"My sister, who lives in Talladega, Ala., wrote me about the good Tanlac had done her, and advised me to take it. Well, I was willing to try anything I thought would help me, so I bought a bottle of Tanlac and commenced taking it right away. It is simply marvelous the way my troubles began to disappear before I had even finished my first bottle of this wonderful medicine. I have just finished my third bottle, and honestly, I can hardly get enough to eat. In fact, I never had such an appetite, and everything I eat agrees with me perfectly. My stomach seems to be in as good condition as it ever was, and I never have a sign of indigestion any more. Those dizzy spells have left me, and I am never bothered with gas forming and causing me to have shortness of breath. To tell the honest truth, I feel as well and strong and as full of energy as I did when I was a young man. Yes, sir, Tanlac is a mighty good medicine, and as long as I live I will praise it for the good it has done me."

ON occasion. One of these occasions was when his faithful servant allowed his hand to slip—whereupon the General arose in his wrath and finished the job himself; for the Father of our Country was very properly fond of a good, clean shave.

And in his simple shaving kit may still be seen his equally simple razors. While their model is many hundred years old, they have never been bettered in left, or shearing width, or right shaving angle on the face.

At such times when his old servant failed him, Washington would have appreciated the guarded, two edged blade of the Durham-Duplex because he would have found it nothing more than his own well-loved model made safe.

## DURHAM-DUPLEX

A Real Razor—made Safe

Exactly the same shape and balance in the hand that uncounted generations of shavers have brought to perfection—with these extra advantages: (1) a guarded blade that can't cut your face. (2) a double-edged blade for economy's sake. (3) a detachable blade for the luxury of a fresh edge at a moment's notice.

(4) a stoppable blade, so that you don't have to throw good steel away. And it's the longest, strongest, keenest, best-tempered blade on earth. Seven million shavers have found that the Durham-Duplex gives them more shaving mileage than any other safety razor. Get your Durham-Duplex today.

### DALLAS UNABLE TO GET ICE.

Dallas, Ore., July 22.—During the present hot weather an additional worry has been shouldered on the people of this city on account of their inability to get ice for home use. Even the confectionery stores are experiencing no little difficulty in securing enough of the frozen article to successfully carry on their business. The reason for the shortage in ice is caused by the discontinuing of operations by the Dal-

las Ice Company which heretofore has supplied both this city and surrounding country with ice. For a few days ice was secured in Salem and brought here for sale but during the past few days the local trade in that city and territory has made it impossible for the company there to ship any of their out-

put and consequently outside customers have had to suffer. An ice and cold storage plant would do well in Dallas and it is hoped before long that one is established here.

The Molalls Electric company has been given the contract by the county court for installing electric power on the Wilsonville ferry. This is now a free ferry.

## What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection and Can Be Permanently Relieved.

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where

the poison lurks and which is not effected by salves and ointments. It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood purifier that has stood the test of time, having been in constant use for more than fifty years. It will do for you what it has done for thousands of others, drive the rheumatic poisons out of your blood, making it pure and strong and enabling it to make you well. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach. Write the physician of this Company and let him advise with you. Advice is furnished without charge.
