Perfect Health Is Yours If the Blood Is Kept Pure

Almost Every Human Ailment Traceable to Impure Blood.

You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can easily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pains; Catarrh, often a forerunner of dread consumption; Scrofula, Eczema, Tetter, Erysipelas and other disfiguring skin diseases; Malaria, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

You can easily avoid all of these diseases, and rid the blood of them, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly, and roots every vestige of impurity. It is sold by druggists everywhere.

JOHNNY KILBANE HAS VISION OF COMEBACK

Featherweight Champion To Battle English Boxer In East Tonight.
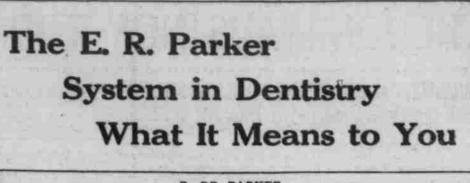

By H. C. Hamilton
(United Press Staff Correspondent.)

New York, July 28.—There will be two comeback efforts in pugilism tonight.

One of these reeks with the breath of old time championship battle; the other merely raises the question of whether or not Ted Lewis was defeated by Jack Britton on merit or was ill, as Lewis claimed after the knockout.

More interest centers in the six round bout at Philadelphia between Joe Fox and Johnny Kilbane, for it is Kilbane's first honest to goodness effort to battle since Benny Leonard knocked him out in Philadelphia. Kilbane himself regards the match as a sort of trial, for he is planning on going into a heavier action next September provided he can prove to himself in a bout with Fox that he possesses his old time cunning and punching power. Fox is a high class little scrapper. He has a reputation in England hardly second to Kilbane's in this country. That he will give the world's featherweight champ a tough argument for a while at least, is a foregone conclusion. But with Kilbane in anything like his old time form, the visiting featherweight will have little chance.

The bout between Jack Britton, the welterweight champion, and Ted Lewis, in Jersey City, is the twentieth meeting between the pair and folks have ceased to take their efforts seriously, despite the fact that Britton forgot himself and knocked Lewis out the last time they met. There seems to be some animosity between them, engendered by the last fight and the boxers are promising divers kinds of damage to each other. It even is reported they have made a side bet of $10,000.

*ROUND COAST LEAGUE BASES

(By United Press.)

Yesterday's winners: Portland, San Francisco, Los Angeles, Salt Lake, Vernon 2.

Home runs: Rumler 2, Sheely, Bees; Cooper, Oaks; Meusel, Tigers; Griggs, Senators.

Two wins for the Tigers gave them the entire series with the Rainiers, Sunday's games were taken 4 to 2 and 5 to 1.

Doc Crandall hurled eight innings of hitless, runless baseball, much to the disgust of the Senators and won 4 to 1. However, the Solons took the series 4 to 3.

The Beavers won the odd game of the series with the Seals, when the two clubs went fifty-fifty on Sunday's bill. Portland won in the morning, 7 to 1, the Seals grabbing the afternoon game, 7 to 2.

A ninth inning rally netted five runs for the Oak, but it proved insufficient and the Bees won, 13 to 10. Salt Lake took the series, four to three.

Pendleton will have pure spring water by August 1, a new pipe line being laid to Chaplish springs in the Blue mountains.
