

SOCIETY

By Gertrude Robison

A PARTY of prominent Salem folk motored to Corvallis Friday for an evening of indefinite length. Those in the group were Mr. and Mrs. Dan J. Fry, Mr. and Mrs. F. W. Stenshoff, Mr. and Mrs. E. Hartley, Mr. and Mrs. J. B. Craig and Mr. and Mrs. R. S. Downing.

Plans are under way for the meeting of the Oregon Federation of Women's clubs, to be held in October in Corvallis. Mrs. Charles H. Castner, who has served as president, will retire from that office. It is expected that Mrs. Ida Callahan will be a candidate for the presidency. Mrs. Callahan is associate professor with Frederick Bohkold, head of the department of English language and literature in the Oregon Agricultural college and during the war as president of the Corvallis Women's club, led in Red Cross activities.

Mrs. Castner, although retiring from the federation presidency, will not retire from work, for she will be a valuable helper to club matters and is in line for honors in the Order of Eastern Star.

Mrs. Blanche Howard, who for a number of years has been assistant librarian at the Salem public library, left Friday noon for Butte, Montana, where she will be the guest of her daughter, Miss Irene Howard, recently returned from France. From there, Mrs. Howard will go to Iowa, where she will assume charge of a library of about the same size of the local one.

Mrs. Howard's departure is being deeply regretted by countless Salemites. Her circle of friends was a large and appreciative one, and her kindness and gentle consideration for the public will cause her absence to be keenly felt. Needless to say, the good wishes of the entire community accompany Mrs. Howard on her way to her new work.

Mr. and Mrs. T. B. Kay and Mrs. C. H. Robertson chose Mt. Hood as the most desirable place to pass the week end.

After spending a delightful time

DERWILLO

The Famous Beautifier

Have you tried it yet? Thousands everywhere are using it. It is a wonderful tonic for the skin, defies hot summer sun, and causes wrinkles, tan, freckles, sallow skin, blackheads, sun spots, roughness, ruddiness to quickly disappear. It brings roses to the cheeks and makes anyone look 10 years younger. Gives a youthful complexion and "A skin you love to touch." A single application proves it. See large announcements soon to appear in this paper. Ask your druggist about it.

MRS. CHARLES H. CASTNER
President of the Oregon Federation of Women's clubs, who will retire from that office at the meeting to be held in Corvallis this fall.

camping at Elkhorn, Mrs. George J. Pearce and her daughter, Miss Dorothy Pearce have returned to Salem. They have as their house guests, Miss Edna Lockridge of Honolulu, who, accompanied Miss Helen Pearce up from Portland for a few days visit. Miss Lockridge and Miss Helen Pearce were room mates at Radcliffe college.

Mrs. Louis Turpley and son, Lieutenant Donald G. Turpley, spent a number of days in Salem, the guests of Mr. and Mrs. J. C. Turpley of that city. Lieutenant Turpley had recently returned from service overseas—Oregon Journal.

Mrs. O. P. Hoff has returned home from a week's visit with her son and daughter-in-law, Mr. and Mrs. Norlyn Hoff of Portland.

Mr. and Mrs. Frank W. Durbin are occupying their cottage at Neakowin during the summer season. They have with them their grandsons, the two small sons of Mr. and Mrs. Curtiss Cross.

In harmony with the great interest in French music and drama, as well as other branches of the fine arts, a company is being formed from the French theater in New York to present a repertoire of modern French plays in the original in the important cities of the United States from New York to Cali-

fornia, next season. Except for the appearance of Madame Bernhardt, the opportunity has been denied cities beyond New York to hear the French language spoken as a dramatic medium and even Madame Bernhardt has been enabled to appear in but a few of the American cities. This dramatic company will present masterpieces of French dramatic art and will especially present plays of modern theme by the leading dramatists of the present. It will complete its American season by an engagement in New York of several weeks after finishing its tour.

Dr. and Mrs. Fred Ellis are entertaining their cousin, Miss Beatrice Rice of Portland.

Dr. and Mrs. Mark Skiff have gone to Breitenbush Hot Springs for a month's outing. They will be joined later by their son, Mark Skiff, Jr., and Theran Hoover.

Constipation affects the entire system—causing serious illness to the human family. Don't worry—Hollister's Rocky Mountain Tea will drive out constipation, regulate the bowels, tone the stomach, purify, cleanse. Without fail give it a thorough trial. 35c. D. J. Fry.

HUBBARD HOSPITAL NOTES

The little folks came in for their share of injuries from cuts and bruises the past few days. The six-year-old son of Clarence Kropf had three fingers caught in a pulley last Friday and badly cut. Saturday afternoon the young son of Jim Mishler was leading his colt to the water trough; the colt wanted to play and whirled and kicked the boy on the head above the left temple, making a cut which required four stitches to close. On Tuesday the small child of George Hunford was badly burned with hot water on one of its limbs.

On Tuesday morning Mrs. F. Zimsteg was brought to the hospital with a dislocated shoulder, which caused her a good deal of pain as Mrs. Zimsteg is past 50 years.

A four and a half pound boy was born to Mr. and Mrs. J. A. Pusmark, of Yoder, Wednesday night at 9:30. Both doing well at this time.—Enterprise.

Don't let your children suffer. If they are fretful, peevish, puny or cross, give them Hollister's Rocky Mountain Tea—a harmless but safe laxative for children. 35c. D. J. Fry.

BOLSHEVIK INTEND

acter of the activities which the Russian soviet government is carrying on in Afghanistan and India, as well as other Mohammedan countries?"

Answer: "These activities are the same as ours among the non-Russian people within Russia. We made it possible for a lower people to create their autonomous republic within Russia."

"We help all independent free development of every nationality to increase and spread, for which we offer the most heroic resistance toward the brigades and capitalists of Japan and the United States."

"Our further political aims are to promote knowledge regarding our own soviet constitution, which has the misfortune to please more than a billion inhabitants of the earth belonging to colonial subjects and oppressed nationalities more than do western European or American constitutions, which try to strengthen the yoke of the few 'civilized' capitalist countries over the hundreds of millions of masses in Asia and African colonies."

SETS FIELDING RECORD

Los Angeles, Cal., Aug. 4.—Jack Fourrier, first baseman for the Angels, set a coast league record in his two games here yesterday, according to local baseball experts. Fourrier handled 17 putouts a-ll three assists in the morning game and 19 putouts and seven assists in the afternoon contest, a total of 41 chances in one day—without an error.

SPENT THOUSANDS SEEKING HEALTH

Gratz Traveled Far and Wide But Got No Relief—Gains 35 Pounds Taking Tanlac.

"I spent thousands of dollars and traveled over nine states and even into Mexico and Canada trying to regain my health, but nothing ever helped me until I started on Tanlac and that not only completely relieved me of my troubles but actually helped me to gain thirty five pounds in weight," was the enthusiastic statement made by Michael Gratz, of 1942 South Sheridan street, Tacoma, Wash., recently.

"For about twenty five years I suffered so terribly with my stomach that I don't believe any man living ever went through the tortures I did," continued Mr. Gratz. "I think my trouble was started by drinking iced tea, because working about the hot ovens naturally kept me thirsty all the time and I used to drink a lot of iced tea. Anyhow, my stomach gradually got in such a bad fix that it wouldn't digest anything I would eat just seemed to ferment and form gas, and sometimes this gas would press so around my heart that I could hardly stand it. I finally stopped trying to eat any solid foods and I really don't understand how I managed to keep up at all. I even tried starving myself and would go for maybe forty eight hours without eating a thing, but that didn't seem to help me any. My head would ache so terribly sometimes that it would feel like it was going to split and I was in so much misery all the time that I hardly knew what it was to get a good night's sleep. I took all kinds of medicines, but nothing gave me any relief and, after giving up business I had at different times in Portland, Ariz., Los Angeles, Cal., and Billings, Mont., I started traveling for my health. I went from Mexico to British Columbia through nine states—just everywhere that I heard there was treatment of any kind that might help me, but I didn't find any relief and then I started back to the state of Washington. But I really didn't think I would get back alive. I had about exhausted my money, so I went back to my trade as baker, but wasn't able to keep at it and I told my wife it was no use; I might just as well be dead as to feel like I did."

"She suggested that I take Tanlac, and said that so many people were recommending it that there must be some good in it so I let her get me a bottle, and I want to say right now that by the time I had finished my second bottle I was feeling nearly a hundred percent better and I kept on taking it until now I feel as sound and healthy as a man can possibly be. I have a splendid appetite, eat everything I want and never suffer a bit afterwards. I sleep like a log the whole night thru, am never troubled with headaches any more and can do as good a day's work as any man. I have gotten back every bit of my strength and weigh 175 pounds which is thirty five pounds more than I weighed when I started on Tanlac. If anyone would offer me ten thousand dollars to go through for a year what I went through before I took Tanlac, I would refuse. I am in such good condition now that while in Seattle a short time ago I had a physical examination and he said I was one of the healthiest men for my years in the city. When I think of all that Tanlac has done for me, I not only feel it a pleasure, but a duty as well, to recommend and endorse it every chance I get."

Tanlac is sold in Salem by Dr. S. C. Sisco, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goch, in Gervais by John Kelly, in Turner by E. F. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. F. McCarty, in Stayton by C. A. Beaschamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co., in Donald by M. W. Johnson, in Jefferson by Poshay & Macdon, and in Mill City by Marketaria Gro. Co.

France and England were each given copy and other were distributed among seats of learning in the east and the Oregon state library happened to come into possession of the greater part of one set.

Another book especially prized by Miss Cornelia Marvin, state librarian and one which she just recently added to the state library is entitled, "Original Indemnity Claim of Factors and Chief Traders of the Hudson Bay Company."

Salem's a Good Place to Trade

Schilling Tea, fine as it is, costs less per cup than any other tea we know of, and surely less than any tea selling at a lower price.

It costs a lot of money—the biggest part of the price you pay for tea—to get tea to you from the tea-plant.

So why pay that good money and get only common tea?

Schilling Tea costs more per pound but less per cup.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In package sizes—100, 200, 500, 1000 packages. At grocery stores everywhere.

LIBERTY STREET SALEM OREGON

Rare Books Found In State Library Attract Portland People In Research Work

All the way from Portland and the Portland public library came Mrs. Eleanor Rockwood and Mrs. J. F. Carl to the Oregon state library to take a look at several historical books that are most rare in the libraries of the United States and only to be found in the northwest in the Oregon state library at Salem.

The two Portland visitors who were in the city are associated with the reference department of the Portland public library. The books they came especially to see are "Wilkes' Exploring Expedition of 1838 and 1842," with texts and atlas.

This expedition was accompanied by a number of learned eastern college professors. After the texts had been written and drawings made of the fauna and life of the far away Oregon, they were returned to Washington, D. C. where the government printed only 100 copies.

France and England were each given copy and other were distributed among seats of learning in the east and the Oregon state library happened to come into possession of the greater part of one set.

Another book especially prized by

High Cost

(Continued from page one)

that high prices are due to government manipulation of the market in the case of wheat.

Gronna also charged that millers are buying wheat graded as inferior and selling flour made from it at high-grade prices.

Senator Pittman, Nevada, declared that President Wilson and the administration, realizing the danger, were opposed to legislation fixing the price of wheat.

"We must break the cycle of higher wages and higher food cost," said Pittman. "It's got to be stopped by this government or some other force will stop it."

The packers are not to blame for the high cost of living, Senator Sherman asserted. They only made 1.6 percent profit on all their business, he said.

Senator Smoot urged the American people "not to lose their heads over this thing."

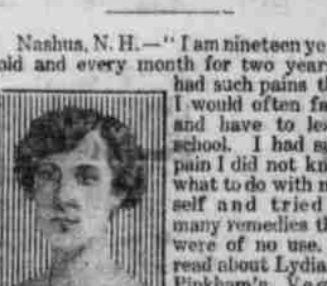

"I look for trouble," said Smoot, in spite of his "keep cool" appeal, "unless a change comes within a reasonable time."

"If any committee of congress wants to know where to begin let him begin with the retailer. The whole system of distribution is wrong and too costly. As long as retailers agree on

SCHOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried no many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I use to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELIA MARTIN, 29 Bowers St., Nashua, N. H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The reason so many girls write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice, is because from their 40 years experience they have a store of knowledge which is invariably helpful.
