Increased Car Fares For Chicago Predicted Today

Chicago, Aug. 4.—Seven and eight cent fares on Chicago surface and elevated lines will begin tomorrow, in the opinion of authorities here and officials of the state public utilities commission. The higher fares were declared to be necessary to pay the increased wages agreed to in the settlement of the 4-day traction strike last week. Five cents is the surface car fare now, while six cents is charged on the elevated lines.

Doctors Recommend Bon-Opto for the Eyes.

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guarantee by all druggists.

Fall Of Bela Kun Fails To Check Rumanian Offensive

Paris, Aug. 4.—(United Press)—The Vienna correspondent of the Agence Reuter reported today that Rumanian forces had advanced on Budapest, despite Bela Kun's overthrow and had occupied the city. Bela Kun, former soviet dictator, has arrived in Vienna, where he has been interned, the dispatch said.

CANBY WATER PLANT

The Molalla Electric company is now installing a 120 horsepower Hart-Parr oil engine as an auxiliary to their water power plant at Canby. This engine was contracted for and was supposed to have been delivered June 15th; but on account of numerous delays has just been delivered. Through the use of the engine the company will have continual service through the low water season of the year.—Aurora Observer.

SURPLUS ARMY EQUIPMENT MAY BE SOLD TO PUBLIC

Washington, Aug. 4.—Army surplus clothing and equipment, including \$17,000,000 worth of underclothes and \$9,500,000 worth of blankets, may be marketed in the same way surplus food is being sold, if present plans are successful, Secretary Baker said to newspapermen today. Total value of all items classed as clothing and equipment, including cots and leather, is \$21,530,341.

FOREST PATROL WITH PLANES PRACTICABLE

Scouting Flight Shows Big Area Can Be Covered In Single Day.

The scouting trip of the two patrol planes which arrived in this city last week were eminently satisfactory in several respects. They demonstrated that under ordinarily favorable conditions the entire circuit of the north portion of the valley could be thoroughly patrolled in a day, with Salem as a base. The flight, which ended in the return of the machines to Orest field Saturday afternoon at 4:30, proved that even with low-lying clouds and a hazy atmosphere small fires could be detected at a great distance. With a clear sky and the help of good field glasses it would be possible to scan the entire inter-mountain region by ascending to a height of 4000 to 5000 feet, which was the highest altitude reached in the flight Saturday. In course of the tour they passed over or in sight of a number of the lumber camps and mills. The tour, which covered a distance of about 180 miles, confirmed State Forester Elliott in the opinion that the airplane will prove a most valuable adjunct in combating forest fires. Further than that, it may assist in the detection of parties responsible for the starting of fires, either deliberately or through carelessness.

Timber region have been sent to Colonel Arnold, in command of the Mather flying service in California, and a reply is expected at any time.

In the meantime State Forester Elliott has informed the fair board that he has called a conference of foresters to be held within a few days, when the matter of securing funds for hangars and equipment will be discussed. It is his suggestion that the funds be furnished jointly by the fair board, the forest department and the commercial, a plan that is favored by Manager McCroskey. Members of the fair board are practically agreed that a part of the open acreage of the fair grounds shall be devoted to the use of the planes, not only in account of the patrol machines but in view of the fact that in the near future great numbers of commercial planes will make this city a landing point.

PHONE QUESTION IS AGAIN UP TO COUNCIL

Possibility Of Municipal System Revived With Raise In Rates.

Like Banquo's ghost, the municipal telephone question will not down. In fact, it is more alive than ever, according to some members of the city council, and at the meeting to be held this evening, the proposition will come up of calling an election to vote on a municipal telephone company for Salem.

A few months ago there was a discussion in the council of municipal telephones and although there was a special hearing at which E. T. Busalie presented some figures, the telephone company had little the best of it. As a result, it was decided to drop the municipal telephone question.

But the recent advance in rates has revived the subject and it is probable that at the meeting this evening of the council, a resolution will be introduced making the telephone company by what right it had increased rates and whether it intended to reduce them at the expiration of four months from July 29.

The question of calling an election to vote on the municipal telephone proposition will come up for discussion along with the resolution and if sufficient aldermen can be lined up in opposition to the recent advance in rates, it is probable that some definite action may be had.

At the meeting held a few months ago when the telephone company had several experts in the city, the showing was made that the company here was doing business at a loss and that it would be necessary to secure higher rates.

In addition to tackling the telephone proposition, the council will be called upon to elect a successor to J. S. Austin, of the third ward. It is probable that Robert Craig, of 1216 Court street, will be elected and with his election the council will again be complete. The new members to sit in council this evening who were elected two weeks ago are Harold Hager of the first ward and Gerald Volk of the fifth ward.

Governor Olcott left recently for Cannon Beach where he will spend several days with Mrs. Olcott and children who have been at the beach for several weeks.

A list of 28 rural pastors from various parts of the northwest have sent in their names as students in the Willamette summer school which opens next Monday, August 11.

When You Feel Dumpy And Out of Sorts Generally

Look around a little and see if the trouble is perhaps with the food. A lot of people need better nourishment.

Grape-Nuts

Contains marvelous nutriment—all the goodness of wheat and barley, including their rich mineral elements. Have Grape-Nuts as a daily ration with other food and see if life doesn't take on a brighter look. A delicious, economical food! You'll like it.

"There's a Reason"

Pacific Fleet Undamaged By Earthquake Off Colima

Washington, Aug. 4.—Naval officials said today they believed no serious damage had been done to the Pacific fleet by a double earthquake shock which shook the big vessels off Colima, on the western coast of Mexico.

At Georgetown university, here, observers said the seismographs did not record an earthquake shock. They expressed the opinion the ships might have been struck by a tidal wave, set up by volcanic action.

"Forget It"—Buy At Home

Buy Shoes Now for Fall

We have thousands of pairs of shoes on hand now bought at the old prices and we are going to PROTECT OUR CUSTOMERS up until SEPTEMBER 1st. Any of our Customers wanting these shoes can get them during this time at a saving of from one to three dollars. After September 1st the new shoes will be arriving and will be necessarily higher than our present stock. Our orders are placed ahead so that we are at least one season under all competition. Our fall shoes are bought so that they are as cheap as you will pay at other stores at the present time, saying nothing of the difference in quality.

The way to appreciate our high grade shoes is to buy a pair some place else and compare the difference in wear.

We will surprise you what we can save you on your fall bill of shoes at the present times.
