

Special recipes are not necessary for using Mazola. Use any of your own—with less Mazola.

It is equal to butter, better and more wholesome than margarine or compounds and you use 1/4 to 1/3 less Mazola for shortening, as in pie crusts, biscuits, etc.

Use Mazola over and over again—it carries no flavors or odors. Its economy is remarkable.

FREE Wonderful 68-page Cook Book. Write today for it. CORN PRODUCTS REFINING CO. P. O. Box 101 New York

### SOCIETY

By GERTRAUDE ROBINSON

STUDENTS of the Oregon Agricultural college will be interested in learning that the following women have been appointed as instructors in various courses for the coming year. Miss Lila O'Neal has been appointed assistant professor of household arts in the school of home economics. Miss Louise Schneider will return to the department after a year's leave of absence. Miss Lela May, a 1918 honor graduate of the college, has been appointed instructor. The staff will include nine members.

Miss Sarah Lewis will return to the department of household science after a two years leave of absence at Columbia university. She will be head of the department, the staff of which will include nine members. Miss Bertha Davis, who has been on leave of absence at Columbia university, will return as professor of home economics education. Miss Zelta Fure, a 1918 graduate, is secretary of the school of home economics.

Miss Ethel Taylor of the Western reserve academy in Ohio, a graduate of the University of Michigan, and E. E. Williams, teacher of Spanish in a Detroit high school, have been appointed as instructors in the department of modern languages.

Mrs. George B. Burnett will leave for an outing at Bayocean tomorrow. While there she will be a guest at the home of her nephew, Judge Harry H. Belt of Dallas.

Mr. and Mrs. T. A. Livesley are enjoying a short sojourn at Gearhart.

After two years in the service, part of which time was spent in France, Lieutenant Lamar Toose, son of Mr. and Mrs. Walter L. Toose has arrived in Portland. At present Lieutenant Toose is visiting with his mother at the Multnomah hotel. Later he will begin his tour of the state, delivering lectures for the benefit of the woman's building at Eugene. Having made a special study of the peace conference, he will concern himself mostly with that topic, and will also give a returned soldier's opinion of the present economic conditions.

Mrs. Robert C. Paulson is in Portland as the guest of Dr. and Mrs. Clarence Hartley. She plans to be gone several days.

Mr. and Mrs. H. H. Vandevort and daughter, Jennie, accompanied by Miss Florence Young, are leaving today for a three weeks vacation at Netarts, Oregon.

The convention of women's clubs has closed in St. Louis, and the Oregon delegate, Mrs. Willametta McElroy, has returned to her home in Portland with a most favorable report of the entire proceedings. Oregon was one of the forty-five states to send delegates representing more than fifty thousand business and professional women. In speaking of the convention Mrs. McElroy said:

"An all embracing, nation wide organization of women was fully launched, and very definite plans were laid for backing up the work of the clubs that have been and are being organized in every state, and for making each one of these clubs effective in a big way. All of these clubs will be urged to join the federation so as to make the federation as far reaching and effective as possible.

This organization movement has received such an impetus that it cannot fail. It is felt by every one of the two hundred odd delegates at St. Louis that the convention there was a milestone in the progress of the woman's movement in this country; for the great object of the federation is to enlarge the opportunities for women by assembling and distributing accurate information regarding the possibilities in any line of business or any profession in any given locality, and to aid and encourage women and give them the confidence to step out and grasp the opportunities open to them."

A party, inclusive in which are Miss Helen Ross, Miss Grace Humphreys, Miss Katharine Slade, Miss Helen Lovell and Miss Mildred Gill are spending

### MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.--"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine so me so much good."--Mrs. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

### CLOVERDALE NOTES.

(Capital Journal Special Service.) Cloverdale, Or., Aug. 6.--Victor Elliot, who has been overseas for some time, was last heard of in New York and is expected home soon now.

Mr. and Mrs. Grant Farris, recently of Virginia, are visiting with his parents, Mr. and Mrs. G. W. Farris. Grant is well known here and a host of friends welcome him home, while Mrs. Farris is an eastern girl and is making her first visit to Oregon.

Mrs. W. J. Hadley's home was the scene of a most pleasant time Friday evening when a host of friends gathered there to celebrate Ivan's 22nd birthday and welcome him home from overseas.

Mrs. W. J. Hadley's brother, Charles Pickett, spent the weekend with her. F. A. Wood and sons have commenced threshing this week, this being the first machine in this vicinity.

Miss Mary Wiper and Mr. Earl Turner were married Saturday.

L. E. Heenan is building a pump dryer for Herman Tiper.

### JEFFERSON GERS GANNEY

An industry of much importance will start at once in our city. An expert carpenter, Mr. Grayes, of Shugburn, has secured the site of the steamlight and water plant and will immediately begin canning fruit and vegetables.

George W. Epley, well known to our people, will probably have charge of the plant. It is expected to use as the staff about 20 women and girls at a wage of \$2.50 a day. This payroll, which is only a starter, will help a lot in a small town and will continually increase. A permanent market for all small fruits and vegetables is assured, at a good price. Other industries will follow in due time and Jefferson will come into her own. The city council is to be congratulated on the enterprising it showed in securing this much needed industry. Mr. Grayes will arrive today to settle all preliminaries.--Review.

Don't let your children suffer. If they are fretful, peevish, puffy or cross, give them Halliwell's Rocky Mountain Tea--a harmless but safe laxative for children. 35c. D. J. Fry.
