

The Joy of My Baby's Health

I health and happiness like a interoll of sunshine | I never knew how easy it was to take care of a perfectly well baby. Why, he takes care of himself! He just lies in his crib all

day and smiles dreamily at the world, and grows like a flower, and gets sturdier, it seems to me, every minute.

ft's all because of histood. We used to have so much trouble with milk, when I found I couldn't misse him!

And then my mother told me that I had been brought up on Nextle's Milk Food when I was little—so wettled it. It is really just pure milk, you know, only changed into powder no the tough curds are broken up and it is caster to digest. And it is more nourishing, too, because they add just the right amount of sugar and cereal. All I do is add pure water

and hold a minute—and my baby is mate and well.

I know that if your baby has trouble with his food, the Nestie Company will be glad to help you. They will send you free, as they sent me, a big Mother's Book on how to nee, and states a box, and enough Nestle's Food for twelve feedings. All you have to do is to fill out and send the coupon. Then you can be, with me, the happiest woman in the world—because your baby is well.

Nestic's is pure milk in powder from that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modifica-tion, Neste's has stood the test of three generations and has raday ete largest sale of any holy find in the su
