### PERMANENT HOMES OF REGULARS ANNOUNCED

Washington, Aug. 12.—Demobilization of combat troops will be practically completed by the last of October, Secretary Baker stated today in announcing permanent home stations for the regular army divisions that served overseas. Their stations are:

- First division—Camp Taylor, Ky.
- Second division—Camp Travis, San Antonio, Texas.
- Third division—Camp Pike, Arkansas.
- Fourth division—Camp Dodge, Iowa.
- Fifty division—Camp Gordon, Georgia.
- Sixth division—Camp Grant, Illinois.
- Seventh division—Camp Funston, Kansas.

The second division had been slated to go to Camp Kearny, Cal.

In the divisional camps and in permanent camps in the southeastern department and elsewhere, the new "universities in khaki" will be maintained, Baker said.

In asking civilians to regard soldiers at the permanent camps in the same way that university towns regard students, Baker said:

"The nation's debt to the splendid units of the regular army can never be paid. Each one of them has traditions that should be inspirational in their effect upon the young men who belong to them, working for high standards of service and sound Americanism in the army and out of it. Let us realize this and show our gratitude by our helpfulness."

### Airplane Locates Sinn Fein Meeting For Police

Belfast Ireland Aug. 12.—Sinn Fein men encountered a new method of government vigilance yesterday when a forbidden meeting at Armagh was discovered by authorities who soared overhead in an airplane. Policemen and soldiers dispersed the meeting.

### MOTORMAN NOT LOSING ANY TIME

"I don't think anyone ever suffered more from stomach trouble and bloating than I have. I had to lay off my run more than half the time and could get no help from prescriptions or medicine. One of my friends advised using Mayer's Wonderful Remedy, which I found to be the greatest remedy ever put on the earth. I have not lost a day since taking it. It is worth its weight in gold." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. G. Perry and druggists everywhere.

### ROUND COAST LEAGUE BASES

(By United Press)

Lincoln's advice about horse swapping in ballroom doesn't apply to swapping baseball pilots in mid-coast. In the first week of Mullin's management, the Seattleites won a series—the first in ages. The Swashes split yesterday's doubleheader with the Beavers.

Curley Brown is still leading the coast heavies of 20 or more games with 15 wins and six defeats.

### Little Trouble Expected In Movement To Land 1920 Elks Convention In Salem

August Huestein, chairman of the delegation of Salem Elks who will attend the state convention at Klamath Falls this week, left Sunday with an automobile party.

E. Cooke Patton, of the publicity committee of Elks, announces that just a few herbs are left in the second coach reserved for Salem and that by Wednesday noon, it is probable that all reservations will be taken for both Pullmans.

Among those who yesterday reserved for the second Pullman are Zedek J. Riggs, Walter Johnson of Woodburn and George E. Halvorsen. Among those who left yesterday by automobile were Walter L. Touse, Eugene Eckerlin, Sam Manning, David Drager and F. L. Parvian. Others who will go by auto will leave Tuesday afternoon.

There is a general feeling among the Salem Elks that Salem will have no difficulty in landing the 1920 state convention, especially as Salem's claims are supported by the Portland delegation.

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without screens, or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.
