## WALLACE REID IN "The Love Burglar"

OREGON

### CONGRESS RELUCTANT

(Continued from page one)

Authorities here today at the warehouses of the Central Cold Storage company. Officials previously had announced no seizures would be made until a complete survey of food conditions in Chicago had been made.

First steps in the campaign against hoarders and profiteers were to be furthered today in the seizure of 700 bags of sugar said to be stored in the Central Sugar company's warehouses at Rockford, Ill., where it was alleged the company had been selling its stock at 14 1/2 cents a pound.

OREGON

### Polk Farmer Is Arrested For Setting Brush Fire

(Capital Journal Special Service.)  
Dallas, Or., Aug. 14.—J. H. Jones, a prominent farmer residing northeast of this city was arrested the first of the week upon a complaint filed by W. V. Fuller, supervising fire warden for the county, charging him with having set out a brush fire contrary to the laws of the state passed at the recent session of the legislature which forbids the setting out of fires in the summer months without a permit from the district fire warden.

Jones was tried before Justice of the Peace Sibley and pleaded guilty to the charge and was fined the usual amount. This is the first case of an arrest by the fire warden this year for parties setting out fires and Mr. Fuller is anxious to have the season pass without further arrests. Last year several parties were arrested for leaving fires in the timber and it was undoubtedly a good lesson for the same cause has been reduced to practically none at all.

#### A Billious Attack

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clear out your stomach and you will soon be as well as ever. They only cost a quarter.

**MADGE KENNEDY,**  
Goldwyn Pictures Star.

### BEAR OVERACTS IN KENNEDY PICTURE

Madge Kennedy lost her dignity during the filming of a scene in her new Goldwyn picture, "Through the Wrong Door," to be seen at the Liberty theater, beginning today.

Madge Kennedy, with the aid of a ladder, found a place on a screech bough; and then the bear was told to go to it. He did. And he didn't stop going. Not content with acting the part expected of him, he ended every one and kept on climbing. Then the thrills began.

However, the owner caught up with his four footed charge because he had a chance to overtake Mrs. Kennedy.

# SOCIETY

By GERTRUDE ROBINSON

THE call of the beaches and mountain resorts is as insistent and inviting as ever, and daily the ranks of Salem families who answer it, are being swelled. Notwithstanding the fact that easterners, visiting the city are enthusiastic in their praise of the mild weather of an Oregon summer, and consider the little city a veritable Eden in comparison with the almost unbearable heat of the east, Salem after reading the weather report, look skeptically at the thermometer, and call up the nearest depot for a train schedule. Newspaper correspondence from the various summer resorts is filled with names of capital city visitors, and the list is rapidly becoming longer. As long as the exodus continues, it is useless to expect any great amount of social activity in the town, and one can only look forward to the fall season and its inevitable resumption of club gatherings, dances and dinner parties.

Governor and Mrs. Ben W. Olcott have returned from Crater Lake where they went as guests of the National Editorial association.

Mr. and Mrs. A. J. Rahn arrived home yesterday from a two weeks motor trip through central Oregon. They report a most enjoyable time, and the roads in comparatively good condition.

Mr. and Mrs. Carey F. Martin and children, Frances Marie and Carey Jr., left this morning for Belknap Springs. They took with them as their house guest, Miss Evangeline Powell, daughter of Reverend and Mrs. C. H. Powell of St. Paul's church. Mr. and Mrs. Martin enjoy an outing at the springs every year. The party plans to spend the remainder of the summer there.

Mr. and Mrs. William McEllebrist Jr., are home after an enjoyable outing at the coast.

Miss Grace E. Smith left for Seabeck this morning to attend the Y. W. C. A. conference which is being held there.

A resolution asking Governor Olcott to call a special meeting of legislature to ratify the national amendment to the federal constitution granting equal suffrage in each state was adopted Tuesday by the Woman's club of Portland at its weekly noon luncheon held in the Benson hotel. The resolution was adopted with the understanding that it did not violate the club's standing policy of no politics having no place in its sessions.

"The presentation of this resolution before our club is the presentation of an issue bigger than politics and which affects all womanhood," declared Mrs. William P. Strandberg, speaking in the interests of the matter. "It is the least we can do for the women of our country. When women of Oregon were endeavoring to win equal suffrage eastern women came here with funds and workers to give us assistance. Now we have the privilege of voting and they have not. We have no money with which to help them and if the adoption of this resolution is sent to the governor can in any way assist, it is our duty to give it our full approval."

The resolution was presented by Mrs. Ocean Jolly who in addition gave a short history and explanation of the national and local suffrage situation.

Mr. and Mrs. Guy O. Smith and children have gone to Newport for an outing of indefinite length.

Mrs. Frances Smith of Grantsville, Idaho, has been the guest of her daughter and son-in-law, Mr. and Mrs. Carey P. Martin, during an extended visit in Salem. She left yesterday for southern Oregon where she will visit with relatives before returning home.

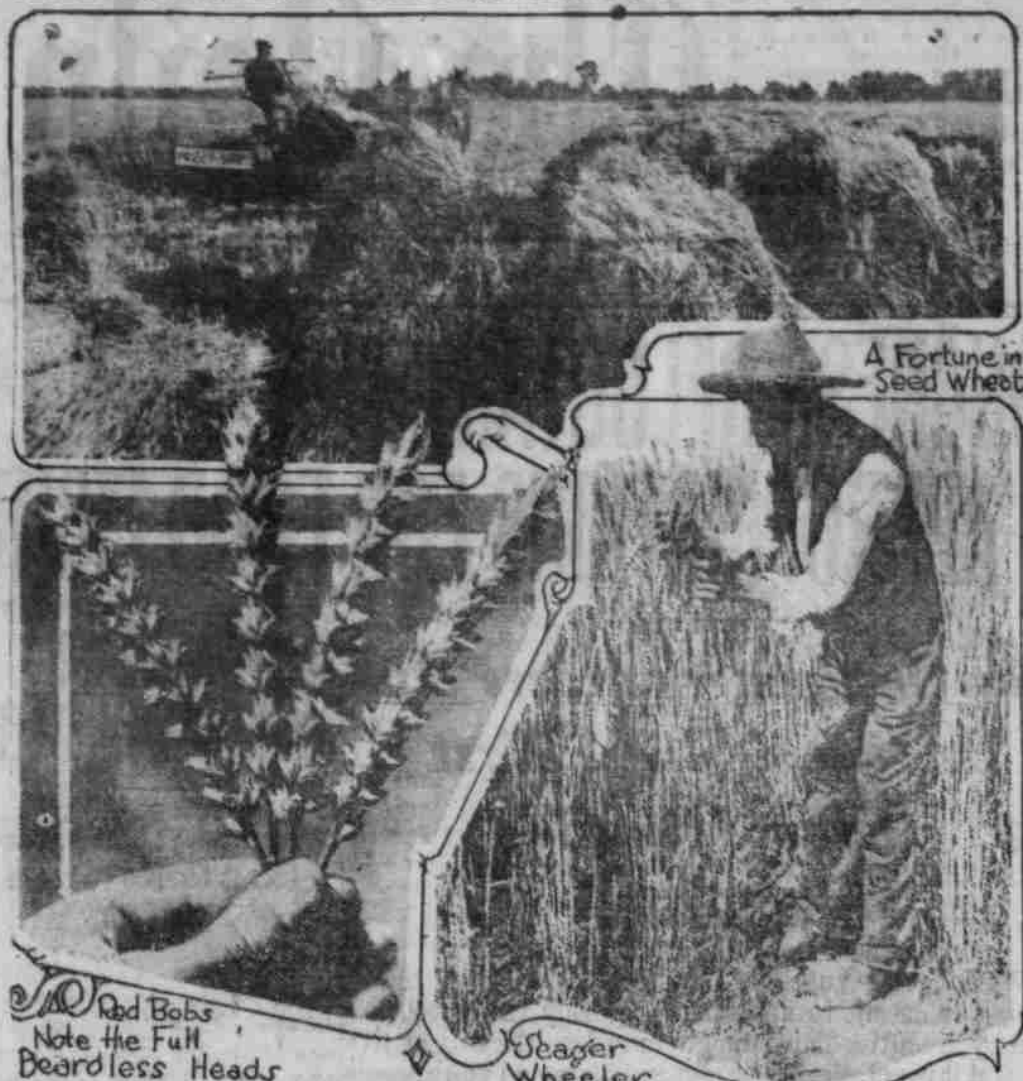

**Cure for Dysentery**  
"While I was in Ashland, Kansas, a gentleman overhauled me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

Chicago — Thirty nationalities will sing here next Sunday but not all at once. They are to advertise the all-American exposition to be held here.

Oakland, Cal. — Mrs. Sarah Matheson admitted in a civil suit that she killed her pet parrot but said she did so to protect its morals, as it had taken to swearing since her son came to live with her.

# RED BOBS CROWDS WHEAT FRONTIER 100 MILES FARTHER NORTH

Red Bobs wheat, a new variety bred by Senger Wheeler, the cat wizard of Canada, is expected to push the frontiers of the western wheat belt 100 miles farther north. Red Bobs seed has been widely distributed throughout the wheat provinces by the land department of the United Grain Growers' great co-operative farmers' organization and will be given its first test this year.

Wheat, which is generally grown throughout the Canadian wheat belt, was the invention of Mr. Senger. He evolved it from Red Bobs, a heavy yielding variety, and ripened a week earlier. Red Bobs wheat carried the wheat a 100 miles farther north than any other variety had ever grown. Red Bobs ripens a week earlier than Marquis and is expected to add millions of acres to the wheat growing lands of Canada.

Its early ripening quality renders it immune from any frost but those that may chance in some freak season. It also renders it practically immune from black rust, that annual plague of the wheat fields. Rust makes its appearance in Canada in late July or early August. By this time, Red Bobs will be so near maturity as to escape damage.

Red Bobs was produced by Mr. Wheeler from carefully selected red-grained heads of White Bobs, an extremely early, beardless wheat or variety of white grains. White Bobs was the result of a cross between Australian white wheat and Nepaul barley. Red Bobs has not only a full round berry but a valuable strength of straw which enables it to defy any but the most destructive hail storms.

Senger Wheeler, internationally famous as a wheat grower, farms only a "selected" farm of 160 acres in the fine mixed farming country along the Canadian National line near Rosheim, Saskatchewan. He has won five championships at international exhibitions with his wheat and holds the world's wheat producing record with eighty-two bushels to the acre. His first big prize was the \$1,000 in gold offered at the New York Land show in 1911 for the best bushel of wheat grown on the continent. His prize bushel was of Marquis wheat that yielded seventy-five bushels to the acre. An average bushel of wheat grown in 1911 was only sixty-two and a half pounds to the bushel, which was two and a half pounds more than standard weight.

### DALLAS NEWS.

(Capital Journal Special Service.)

Dallas, Or., Aug. 14.—Professor D. M. Metzger, who is an instructor in the De Mars college at De Mars, Iowa, was in the city Monday greeting old friends. Professor Metzger was for many years connected with the Dallas College and is one of the best English teachers in the state.

Mrs. F. J. Coad, Miss Alice and Miss Frankie Corder returned Monday evening from a sojourn at Newport.

L. D. Brown left the first of the week for Rockaway Beach in Tillamook county to visit with his family who are spending the summer at that resort.

Mr. and Mrs. Walter L. Toose, Jr., and little son were Newport visitors the latter part of last week, returning to Dallas Monday evening.

Mrs. Ann B. Robinson returned Monday evening from an over-Sunday visit with relatives at Independence.

Walter G. Vassell, vice-president of the Dallas City bank, returned this week from a trip through Yellowstone National Park.

Charles Bilyeu, proprietor of the Gail hotel, spent Sunday with friends in Newport. Mr. Bilyeu was formerly a resident of that place.

Dr. and Mrs. V. C. Staats and little daughter and Mrs. and Mrs. H. G. Black returned this week from an automobile trip to Crater Lake.

Mrs. C. E. Howes, Mrs. Sallie Sevier and Mrs. Lillian Fellover Marshall returned Sunday from a short visit at the home of Mrs. Fred Rich at Linger-Longer Lodge, Newport.

P. A. Finseth, proprietor of the Bee Hive store, left the first of the week for a short visit at San Francisco.

Mr. and Mrs. Eugene Hayter returned from a month's visit at the home of their daughter, Mrs. H. R. Patterson at Blinn Slough, Oregon.

Mr. and Mrs. W. E. Kearns of Newport are visiting in Dallas this week. Mr. Kearns was formerly manager of the electric light company in Dallas and for the past few years has had charge of the electric light plant in Newport. Hon. and Mrs. W. V. Fuller are spending a few days this week at the beach at Nye Creek.

### DONALD SUTHERLAND DIES

At almost his 90th milestone, Donald Sutherland, father of Mrs. Phil Metcalf Sr. of Portland, passed away at the home of his granddaughter, Mrs. E. M. C. Neil of Grants Pass, August 6. He was born in Scotland February 14, 1830, going later to Ontario, Canada, where his children were born.

In 1890 he moved to San Rafael, Cal., where he was for many years in charge of the harness and saddlery works at the federal prison at San Quentin, leaving this to enter business for himself.

Mr. Sutherland came to Oregon ten years ago, making his home at Ardenburg farm, where Mrs. Neil lived. He is survived by Mrs. Metcalf and another daughter, Mrs. Louise Whitney of Ashland. His son, John D. Sutherland, who died last winter in Salem, was for 25 years chief clerk of the state treasurer's office.

Cleveland, Ohio — Carl Westerman went fishing and fell asleep. Some one hooked him for his watch and money.

### Australians And Americans Settle Championship Today

Boston, Mass., Aug. 14.—Australia faced America today for the right to play for the tennis doubles championship of the United States.

William M. Johnston and Clarence J. Griffin, the brilliant California team, and Norman E. Brookes and Gerald Patterson, the Antipodean cracker, yesterday finished up the field and today were to meet in the final round.

Johnston and Griffin triumphed over

Maurice E. McLoughlin and Thomas G. Bundy, also Californians, in a close match, during which "Red Mac" played like the comet of old.

Patterson and Brookes had small trouble in conquering Fred B. Alexander and S. H. Voshell.

**The Best Plaster**  
A piece of Chamberlain's Liniment and bound on over the seat of pain is often more effective for a lame back than a plaster and does not cost anything like as much.

## Stock Raising in Western Canada

is as profitable as Grain Growing

In Western Canada Grain Growing is a profit maker. Raising Cattle, Sheep and Hogs brings certain success. It's easy to prosper where you can raise 20 to 45 lbs. of wheat to the acre and buy on easy terms.

**Land at \$15 to \$30 Per Acre**  
**—Good Grazing Land at Much Less.**

Railway and Land Co's. are offering unusual inducements to homesteaders to settle in Western Canada and enjoy her prosperity. Loans made for the purchase of stock or other farming requirements can be had at low interest.

The Governments of the Dominion and Provinces of Manitoba, Saskatchewan and Alberta extend every encouragement to the farmer and ranchman.

You can obtain excellent land at low prices on easy terms, and get high prices for your grain, cattle, sheep and hogs—low taxes (none on improvements), good markets and shipping facilities, free schools, churches, splendid climate and sure crops.

For illustrated literature, maps, description of lands for sale in Manitoba, Saskatchewan and Alberta, railroad rates, etc., apply to Immigration Department of Immigration, Ottawa, Canada.

J. L. Parke, Gen. Agt. and Post Stn., Spokane, Wash.
