Emperor Would Return To Politics; Empress Says No

Zurich, Aug. 16.—(United Press).—In view of Atchukko Joseph's success in heading the new Hungarian government, monarchists have urged the former Emperor Karl to reenter political activity. But Zita, the former empress, has decided against such a step, it was learned here today.

"No," she is quoted as saying. "The emperor's position was held. We have done our duty. We have suffered enough. And we don't want to return to power."

SILVERTON GRANTS FRANCHISE

The judiciary committee in whose hands an ordinance granting to the Port-

land & Southeastern railroad a franchise through the city was placed at a previous meeting, reported back on the ordinance. The ordinance came to the council bearing an emergency clause which stalled the city fathers for the first night and in order to sleep on the matter they adjourned until Tuesday evening, when the ordinance was passed granting the franchise on a 50-year basis but minus the emergency clause. In stating their reasons to have the ordinance go through with the emergency clause attached the promoters of the railroad said they were in a hurry to commence throwing dirt and the sooner they could begin work the better. Under the terms of the franchise the road is to be in operation by January, 1922. M. Lynott, J. W. Foster, Virgil H. Massey and E. C. Denney were present representing the railroad. Silverton Appeal.

SAW CUTS MAN'S HEAD

While the threshing machine was at his farm this week Bert Branch had the misfortune to fall against the wood saw and cut a long gash in his forehead, barely missing cutting through the skull. Dr. Beauchamp was obliged to take quite a number of stitches in the wound—Stavton Mail.

Mr. Johnson's parents reside near Roseburg on the Melrose road. Funeral services will be held at the Roseburg undertaking parlors Sunday, interment following in the Masonic cemetery—Roseburg Review.

BUYERS ASK COMFORT AND EASY OPERATION

Prospective Auto Owners
Sticklers For Convenience
Above All.

"To the average motorist the greatest appreciation of the motor car comes from its comfortable riding qualities and its ease of operation," says Lee L. Gilbert, distributor for the Elgin Six. Mr. Gilbert continues:

"The ordinary car owner is not a mechanic; he understands little about the fine points of his engine and he has small opportunity to indulge in any great bursts of speed. However, when his car carries him smoothly over rough roads, with no sideway or back breaking jolts, or when it slides easily through thick traffic with no special effort on his part, he will say to himself, 'This is a car.'"

"A car owner appreciates all the conveniences that make driving simpler and easier. He appreciates the comfortable riding qualities of his car. The accessibility of the gear lever, the effortless engagement of the clutch, an accurate speedometer, reliable brakes, a trustworthy starting and lighting system, the ready response and accurate action of the steering mechanism all add materially to the pleasure of motoring. The softness and depth of the cushions, the correct tilt of the seats, ample leg-room, the elimination of sideway and jolting and jarring aid in producing that sense of real motoring satisfaction."

"We Elgin people believe that the Elgin Six will give the vast majority of motorists that real satisfaction. The Elgin was built with just that idea, to give the average owner all that he demanded in a motor car. The full cantilever spring suspension of the Elgin, combined with the long wheelbase, the deep, soft cushions and the generous size of the driving compartment and tonneau, afford perfect riding comfort. The control levers are so located that they can be reached with the least effort. The clutch pedal operates with but the slightest pressure. The speedometer drive gear is packed in grease and enclosed in the transmission case, insuring accurate recording. An oil pressure gauge constantly watches over the lubrication. The starting lighting and ignition is the dependable Wagner two unit electric system. The steering mechanism, with its improved bronze bushing and strengthened tie rods is a marvel of strength and accuracy."

"In short, we believe the Elgin will give the average motorist that real car satisfaction that makes motoring a true joy."

CHICAGO SUGAR

(Continued from page one)

General Palmer. "I am glad to note that the information gathered by the bureau of markets, confirms the belief of this department that one of the chief factors causing the high cost of living is hoarding of great stocks of food. It thoroughly demonstrates the wisdom of the policy already adopted by the justice department."

The canvass made by the bureau of markets shows that cold storage holdings of creamery butter August 1, 1919 were 40.6 percent in excess of those of Aug. 1, 1918, or an increase of 36,053,340 pounds. Holdings August 1, 1919, totalled 124,820,792 pounds.

Case eggs held in storage August 1, 1919, showed an increase of 20.4 per cent over one year ago when only 6,523,942 cases were reported. The total August 1, 1919, had jumped to 7,853,258 cases.

Chickens classed as broilers increased 28.2 percent during the year. Other increases in stock held August 1, 1919, as compared with August 1, 1918, follow:

American cheese, increased 20,023,605 pounds, or 47.2 percent.

Swiss cheese, including block cheese, 1,371,428 pounds, or 357.8 percent.

Brick and monster cheese, 306,691 pounds, or 57.8 per cent.

Hoarding of nearly all varieties of poultry showed increases in keeping with the increases of dairy products.

CAMPAIGN IN PORTLAND KEEPS BREAD PRICE DOWN

Portland, Or., Aug. 16.—While the investigation of alleged food profiteers and hoarders in Portland has not resulted in any arrests so far, it has prevented the retail price of bread from being advanced from 10 to 11 cents Monday.

The bakers had announced that the cent increase would become effective August 18 but changed their minds after the "fair price committee" began operations. Federal authorities this afternoon are investigating a report that surplus stocks of foodstuffs have been dumped in the public market so that prices might be maintained.

75,000 POUNDS OF BEANS SEIZED IN KANSAS CITY

Kansas City, Mo., Aug. 16.—Seventy-five thousand pounds of beans which have been stored for over a year at the Brokers Office and Warehouse company were seized today on a libel order issued by United States District Attorney Francis N. Wilson. The beans will be held at the warehouse until an order to dispose of the mislabeled beans is issued by the United States district court.

The beans were the property of the Western Export company of San Francisco and the Mount Nebo Canning company of Spanish Fork, Utah.

HOARDED FOOD CONFISCATED BY OFFICERS AT SAN DIEGO

San Diego, Cal., Aug. 16.—United States Marshal William Carson today seized a large quantity of eggs, butter and cheese.

G. L. Richards, president of the San Diego Ice and Cold Storage company, ordered his men not to release any of the products, now under seizure there by the federal authorities, to any of the owners.

Assistant United States Attorney, C. Perry's.

enormous quantities as such as investigators have completed their evidence. Under orders from Mayor Hylan, Fire Commissioner Drennan assigned 350 men from his department to inspect warehouses.

The board of health has joined the fight on high prices. Commissioner Cope land threatens to revoke the health department licenses to all firms found hoarding or profiteering.

Arthur Williams, federal food administrator for New York issued a warning to consumers, asking them to avoid hoarding on a small scale for fear prices would soar still higher.

Detroit Has Raid

Detroit, Mich., Aug. 16.—Butter and eggs worth \$442,763 alleged to have been hoarded since April 1, were seized by federal agents here today at the Detroit Refrigerating company. Two concerns well known in the central west—the Fox River Butter company and the H. L. Brown company, Chicago—were said to be owners of the food.

WHITLOCK-SANDERS WEDDING

A pretty wedding was that of Miss Della May Whitlock and Guy E. Sanders of Portland, was solemnized Saturday evening, July 26th at 8 o'clock at the home of the bride's parents, Mr. and Mrs. C. Whitlock.

The bride was attractive in a gown of Georgette crepe over taffeta. Her tulle veil was caught with orange blossoms. She carried a bouquet of bride's roses.

The home was beautifully decorated, the color scheme being pink and green.

Rev. Boyd Moore of the Methodist church of Portland, officiated in the presence of about fifty relatives and friends.

Miss Dorothy Meyers of Scotts Mills played the wedding march.

After congratulations a bountiful lunch was served.

They are at home at Lents, Oregon, after a short honeymoon at Newport.

The happy couple received many beautiful and useful gifts.—Silverton Appeal.
