Total Seating Capacity Of Big Structure Announced As Being 10,000.

The big livestock coliseum will be the finest and most modernly equipped structure of its kind in the west, and with the exception of half of the seating capacity it will be complete when the fair opens," stated A. H. Lee, secretary of the fair board today.

"Its total seating capacity will be 10,000, its show ring 100 by 200 feet, and its illumination perfect," he continued. "The total cost of the building will be approximately \$135,000, and excepting \$20,000 appropriated by the recent legislature the funds for its construction have been derived from earnings of the fair, and donations from members of its board of directors.

"On Tuesday, Wednesday, Thursday and Friday evenings the horsemanship will be held in the coliseum and the afternoon every day of the fair band concerts and entertainment will be held in it. The stock judging and parades of the prize winning stock will also occur in this building.

"The horsemanship will unquestionably be the finest display of horsemanship ever shown in the west. Already horses have been entered from Los Angeles, San Francisco, Oakland, Spokane and Victoria, B. C. The entire Portland Hunt club will participate, and from many other cities in the state horses will be entered. J. D.
