Governors In Conference Ask \$400,000,000 Of U.S. For Road Building Plans

Salt Lake City, Utah, Aug. 21.—Governor Henry J. Allen of Kansas today prepared a resolution to be signed by 20 governors, asking an additional federal appropriation of \$400,000,000 for road building on a five year program.

An exception is made of sparsely settled western states, which under the resolution would be given larger allotments than the amounts raised by them. The government would pay the entire amount spent on roads through government lands.

J. B. Fisher has filed a suit against W. J. Linfoot and wife, charging false misrepresentation and fraud in the exchange of 320 acres in Alberta, Canada, and 123 acres in Polk county, in township 6 south of range 3 west. He claims that Mr. Linfoot placed a value of \$125

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product HORLICK named Malted Milk. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

an acre on the Polk county land while the real value is only \$75 an acre. Mr. Fisher asks for \$900 damages for interest for two years on the value of the Canadian farm, \$600.82 advanced to Mr. Linfoot and for \$9400 as the difference between the represented worth and real worth of the Polk county farm. Postmaster August Huckestein, who is with the Ecklerin party touring the central part of the state, writes that he expects to be home late this evening or tomorrow.

UNITED STATES RAILROAD ADMINISTRATION DIRECTOR GENERAL OF RAILROADS SOUTHERN PACIFIC RAILROAD—LINES NORTH OF ASHLAND OUTING PLACES

The first steps toward the organization of a live Rotary club in Salem were taken at a luncheon at the Marion hotel this noon when Messrs Nelson Pike and J. H. Joyce, two enthusiasts of the Portland Rotarians, met with a group of local auto owners for conference. The Portland visitors outlined at length the activities and the advantages of their organization, which now numbers over 200 members, and has done much to further "rubber tired" interests in Multnomah county. The plan is to establish rotary clubs in all the larger centers of the state, and to have them all federated with the national organization which has become a most influential body. Heartly sympathy was expressed by the local autoists, and a self constituted committee will at once enter up on the work of lining up the Salem eligibles, arrange for the election of officers at a future meeting, and apply for a charter. As Salem probably has more automobiles to the square rod than any other city in Oregon, it should enroll a very strong organization.

The two boys who escaped a few days ago from the Frazier detention school at Portland, were picked up on the streets of Salem yesterday by Officer Rowe. They were held in the city jail until officers from the detention school came for them.

In order to steal three boxes of candy and one gold pen, a thief climbed up the fire escape of Willamette university last night, entered a third story window and came down onto the main floor of the building.

A harmless inmate of the Oregon state hospital, bearing the name Walter Wascem, escaped from the institution yesterday while at work on the hospital farm. As he was committed to the institution from Portland it is presumed that he started for that city.

Geo. N. Thompson of the Keizer district was in the city this morning, having recently returned from a visit to Oregon, Iowa. He found everything booming in that country, with a fine show of crops. He states that corn land in the vicinity of his old home which once sold at \$15 an acre is now worth \$400 an acre and the farmers are driving high grade automobiles.

Clayton Holm of this city has taken advantage of the government's offer to men who enlist to aid them in their studies. He recently enlisted and was sent to a camp in southern California where he is taking up a special study of mechanical development as applied to airplanes.

The funeral services of Napoleon B. Brown who died Aug. 18, will be held Thursday morning at 11 o'clock from the Rigdon chapel and will be according to the Masonic ritual. The body will be sent to Portland for cremation. Mr. Brown had for a number of years been mill superintendent of the Spaulding Logging Co.

For a number of weeks Commissioner Walt S. Low could get no laborers for his street work. But when the council last Monday evening instructed him to do about three blocks of paving and a lot of curbing besides, and to hurry it along while the weather conditions were favorable, Mr. Low expressed himself as being up against it. Finally the idea of advertising for help suggested itself. He did advertise in the "new today" of the Capital Journal and now he has the workers and will begin the paving tomorrow morning.

The brightest and strongest electric lamps in the state are to be installed in the coliseum of the state fair grounds. While the electric lamps around the dome of the capitol building are of 500 watts, those in the coliseum are to be 1,000 watts each. These 1,000 watt lamps are the largest manufactured for commercial purposes and are 6 1/2 inches in diameter and 13 1/2 inches long. The coliseum will be the most brilliantly lighted building in the state as the architects have planned for 34 of the 1,000 watt lamps. In the business houses of the city a 200 watt lamp is the largest now in use.

Messrs Williamson & Griffith, of the Valley & Siletz Lumber company, were in town this morning from camp No. 1 bringing with them a three-month-old black bear cub which they captured in the upper Siletz country. At the same time they killed the mother bear and two other cubs. They state that they have secured four black cubs thus far this season in the wilder regions of the coast mountains.

O. B. Clancy attended a meeting of the Portland Floral Society yesterday at which there was a large attendance of professional and amateur flower growers. He found there was a lively interest in the coming flower contests at the state fair. About twenty professional florists from Portland and other

Mrs. Rollins Feels Better Than In Twenty Years. "Tanlac Is Worth Weight In Gold."

"I am seventy years old, and have been in poor health for a good many years, but since taking Tanlac I feel better in every way than I have for twenty years, and have actually gained twenty five pounds in weight," said Mrs. M. B. Rollins, who lives at 110 West 39th street, Seattle, the other day. "When I moved to Seattle about twelve years ago," she continued, "I was in hopes that the climate here would help to improve the condition of my health, but I have been gradually growing worse all the time. I suffered constantly from stomach trouble, and what I ate caused me so much misery that I had actually reached the point where I dreaded to see next time come. I suffered terribly from rheumatism, too, and sometimes my feet and legs were so badly swollen that I couldn't walk, and my arms would get so stiff and sore that I couldn't use them at all. More than half the time, I wasn't able to wear my shoes. In fact, I had gotten to where I was in misery nearly all the time. My nerves were in such a bad condition that the least noise would upset me, and I never got a good night's sleep. I finally got so weak and run down that I just had to give up and go to bed, and for five weeks my folks didn't have any hopes that I would ever get up again.

"Then I heard about Tanlac and the good it was doing so many people, and I told my son that I would make one more effort to get well, and asked him to get me a bottle. Well, to make a long story short, I am perfectly well again, and Tanlac is responsible for it. Why, I honestly feel twenty years younger, and am so well and strong now that I can get around and do all my housework without the least trouble. I have a fine appetite, and eat just anything I want and never suffer the least bit afterwards. The rheumatism has left me entirely, and so has all that swelling in my feet and legs. My nerves seem to be in perfect condition, and I sleep soundly for eight or nine hours every night. The way Tanlac has overcome my troubles and built me up is more like a miracle than anything else, and any medicine that will do that much for a person my age, is certainly worth its weight in gold."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Stelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groetscher Store Co., in Donald by M. W. Johnson, in Jefferson by Foshey & Mason, and in Mill City by Marketeria Gro Co.

Don't let your children suffer. If they are fretful, peevish, puny or cross give them Hollister's Rocky Mountain Tea—a harmless but safe laxative for children. 35c. D. J. Fry.
