A Bilious Attack When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clear out your stomach and you will soon be as well as ever. They only cost a quarter.

"While I was in Ashland, Kansas, a gentleman overhauling a case of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitehead, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. A few months ago, the Commercial club made a call for the most suitable name by which Oregon products might

be advertised, following the idea of California in advertising "Sun-kist" oranges. There was a liberal response and there is now filed away in the records of the club the suggestions made at the time. Now comes the Oregon Growers Cooperative association which really wants a suitable name by which to advertise nationally the products of Oregon. Early this fall the association will announce prizes for the name that suggests all that is best in the Oregon products. The name must be an easy one to pronounce, suggest Oregon and one that a six year old child might remember while traveling half a dozen blocks to a grocery store.
