TEMPORARY ROTARY ORGANIZATION MADE Permanent Club Here To Be Formed At Meeting Tuesday Evening.

A temporary organization of the Salem Rotary club was effected this afternoon at a meeting held at the office of H. S. Gile. Until a permanent organization is made Mr. Gile will act as general committeeman on the appointment of the parent Rotary club in Portland, of which he is a member. Twenty-five men who are prominent in the affairs of the city have been named by Mr. Gile as charter members. The first meeting, at which there will be a permanent organization effected, will be held next Tuesday noon at the Marion hotel. Mr. Gile will address the meeting and tell of the reasons why a Rotary club was organized in this city. After the organization is made permanent and officers elected, a membership committee will be appointed and those who wish to join will have their names considered by this committee as to their fitness to join such an organization. According to a pamphlet issued by the International Rotary club, it is to be composed of men selected from each of the distinct business organizations of the city and also from the professions. The Rotary activities provide for extending the business horizon of its members and to stimulate their minds to travel in unfrequented channels of thought. Also to arouse their interest in others, to help each member to attain greater possibilities and to make each a leader of men. Charter members are as follows: Chas. Archerd, Jos. Baumgartner, C. P. Bishop, C. B. Chaney, F. G. Deckebach, P. E. Fullerton, H. S. Gile, Otto Hartmann, W. T. Jenks, Chas. Miller, John McNary, T. E. McCroskey, C. W. Niemyer, J. C. Perry, O. E. Price, Theo. Roth, Dr. R. Trio Lost In Olympics For Week Without Food Found Nearly Starved

Seattle, Wash., Aug. 22.—After being lost in the Olympic mountains near Mt. La Crosse for a week without any food save a small amount of sugar, Clarence M. Lewis, secretary of the Manufacturers association of Seattle, his son, Palmer, and a friend, Harold A. Potts, were rescued Wednesday by a man named Schluss of Tacoma. Lewis and his party started out on August 10 with sufficient food to last them ten days. They became lost when trails were obliterated because of forest fires. Their shoes were completely gone and their feet, when found, were wrapped in canvas shreds torn from a shelter tent. Their clothes were in shreds. Lewis is said to have collapsed when shown some food. London.—The term "Taking French leave" having been used in connection with desertion, Judge McCordie explained that it really arose from certain "nouveau riches" departing without saying "goodbye" to their hosts.

Chicago.—Let the wedding bells ring out. A clothing store offered a bonus of 10 percent of each employee's salary who marries and \$100 bonus for each only. Des Moines, Iowa.—Smoke enveloping coils and pouring from city jail windows last night caused panic inside and fire alarms outside. Firemen found prisoners battling bed bugs. ONLY ONE THING NOW LACKING—MONEY

"I have departed nine years for stomach and liver trouble and spent thousands of dollars, but instead of becoming cured of these ailments, my bloating and pains and attacks became worse. I was persuaded a year ago to take Mayr's Wonderful Remedy and have never suffered since taking the first dose. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry and druggists everywhere.

ORGANIZED SEARCH FOR AIRMEN MISSING SINCE WEDNESDAY CONTINUES

San Diego, Cal., Aug. 22.—Organized search for Lieutenant Frederick Waterhouse, Weiser, Idaho and Lieutenant C. H. Connelly of San Diego, army flyers connected with Rockwell field was underway today. The men have been missing since Wednesday noon when they left the hangar on the regular airplane patrol of the border. It is thought they were forced to land in some out of the way spot, probably below the international line in Lower California, which is largely desert and badlands. Fifteen brother flyers were in the search yesterday, but were unable to find a trace of the airmen. Lieutenant Colonel Arthur J. Hanlon commandant at Rockwell field, said today no further word of encouragement had been received and he had not yet decided what his next move would be. It is thought that strong wind current from the mountains back of Jacumba Springs, east of here, have driven the pilots off their course and forced them to land in Lower California, a barren country where food and water are scarce.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—D. J. Fry.

ROAD MAY BE PAVED BY CLOSE OF SEASON

Work On Salem-Aurora Highway Being Rushed to Escape Bad Weather. Granted a long working season, the 23-mile link of highway between Salem and Aurora should be finished this year and the two points thenceforth will be not more than one hour apart for real, live machines. Only the man who has bumped and splashed over the old road during the winter season can duly appreciate what this means; and especially the farmer with a load. Hard surface is now being laid on this stretch at the rate of 1600 yards per day, two eight-hour shifts of men being worked continuously. Rapid progress is being made with the Oscar Huber contract of five miles south from Aurora, about which it is thought can be finished about the first of September. About 150 men, with 14 trucks, are at work on this unit, gravel being taken from a bar in Pudding river about a mile from the plant. This unit has an unusually smooth, even base, and will make a most excellent piece of road. This will be one of the most valuable sections of highway in Marion county because of the

MINERS STATE DEMANDS

Wilkes Barre, Pa., Aug. 22.—A 60 per cent increase in wages a six hour day, a closed shop and a two-year agreement, are the principal demands of which the anthracite mine workers will submit to the coal operators. These demands were revealed here today, when the sale committee reported to the Tri-district convention which has been in session all week. The delegates are now discussing the report, which will undoubtedly be adopted.

Austrians Will Receive Treaty Monday; Answer Must Be Made In 7 Days

Paris, Aug. 22.—The peace treaty with Austria will be handed to the Austrian delegation Monday. The allies will give the Austrians seven days in which to submit an answer to the terms. Dr. Karl Renner, Austrian chancellor, has notified the peace conference that the treaty will be taken to Vienna before it is signed. London.—The renaming of German named streets in London proceeds. Haig street for Munster street; Beatty street for Osanburg street; Cavell square for Mecklenburg square, and Fryatt street for Hanover street are suggestions. Paris.—The famous Eubain Casino is threatened by the bill now before parliament prohibiting gaming establishments within a radius of 60 miles of Paris. General March, chief of staff, informed the senate military committee that the army of 510,000 and compulsory training proposed by the war department bill will cost \$300,000,000 a year.
