

# Get Acquainted With Your Own Teeth

By DR. PARKER

Founder and Executive Head of the E. R. Parker System

BRUSHING the teeth two or three times a day is fine, but it doesn't go far enough.

No toothbrush ever made and no amount of brushing with any tooth preparation will altogether stop the tendency to the formation of tartar upon the teeth, and when tartar forms, the foundation is laid for tooth troubles without end.

DR. PARKER

Your only salvation lies in having a thorough examination of your teeth made by a dental specialist who knows how.

Registered Dentists using the E. R. Parker System make these examinations without any charge, and the examinations are so complete that you have the satisfaction of finding out the condition of every tooth in your mouth.

You can also find out in advance how small the price will be for such dental work as you may need.

Why not have a free examination of your teeth today according to the accurate E. R. Parker System?

Dr. Wallace Hylander, Dr. Fred G. Bunch, Dr. Ray J. Greer

## SOCIETY

By GERTRUDE ROBINSON

A party composed of Mr. and Mrs. P. M. Hill and children, Mr. and Mrs. Howard Jones and children and Miss Jennie Jones have returned from a two weeks outing at Newport, reporting a highly enjoyable time and claiming the unique distinction of having devoured more clams, rock oysters and fish than any other crowd of their size at the resort. While at Newport they were domiciled at the T. D. Jones cottage.

Mrs. J. L. Stockton and Miss Zoe Stockton returned Tuesday from a three weeks stay at Seaside.

A lawn party and ice cream social, given under the auspices of the ladies of the Jason Lee church, will be held at the home of Mrs. E. E. Dennison, 1475 North Commercial street, this evening. Everyone is cordially invited to come and enjoy a pleasant evening.

Savenay, for two months a huge embarkation camp for American army nurses, holding as many as 5000 nurses at a time, is closed.

The camp was to remain open until September, when suddenly word came to move into new barracks. Twelve hundred nurses and their baggage moved in one day. By the next day, Miss Flora Curtis, head of the Y. W. C. A., hastily packed and left, six workers had knocked down several partitions to make a huge recreation room, had hung curtains and moved furniture so that the nurses, might have their usual cup of tea that afternoon and a party that evening.

The day following word came that Savenay was to be completely evacuated and everything—hospitals, nurses, units, convalescents and Y. W. C. A. hastily packed and left. At the end of the second day after evacuation orders were received Savenay was again a quiet French village despite the fact that a train load of patients and 600 nurses came in that night and had to be sent out and on to Brest as they were.

Choosing Spong's landing as an ideal picnic spot a merry party motored there Sunday evening and spent a most enjoyable time. Those in the group were Mr. and Mrs. Ralph Glover, Maxine Glover, Mr. and Mrs. Fred Lamport, Miss Margaret Goodin, Miss Helen Deekbach, Miss Ruth Boor of Portland, Mark Skiff Jr., John Carson and Charles Craig.

Mrs. R. B. Houston of Santa Rosa, California, is a house guest of Mrs. Paul Schmidt. She will remain for several days.

Mr. and Mrs. Irwin Griffith, who have been visiting in Marysville, California, returned home Monday.

The Eugene Morning Register last Sunday carried an attractive picture of Miss Marjory Kay, charming member of Salem's younger social set, with the following:

"Miss Marjory Kay, popular student at the University of Oregon, and member of Gamma Phi Beta sorority, who has gone to Denver, Colo., to attend the national convention of the sorority. Miss Kay is active in all student body activities and will be a senior next year. She is the daughter of Forest State Treasurer and Mrs. T. B. Kay of Salem. Before coming to Denver, Miss Kay, with the alumnae representative from the chapter at O. A. C., was entertained in Portland."

Swimming, hiking and a sumptuous picnic supper were the principal features of an all day outing, Sunday, at Mehana. Those that enjoyed it were Mr. and Mrs. Walter Kirk, Dr. and Mrs. Delbert Burton, Mrs. E. Hardy, Mr. and Mrs. Roy Burton.

Mrs. Mary E. Kirk of Payette, Idaho, is visiting at the home of her son and daughter-in-law, Mr. and Mrs. W. T. Kirk, Mrs. Julia Head of Boise, Idaho, is also a guest of the Kirks. Both visitors will remain several weeks.

# Shipley's

## Autumn Coats and Suits

The woman who thoughtfully expends her money and who makes sure of purchasing quality as well as style, will delight in the Autumn suits and coats which we have assembled.

Economy ever lies in buying right—buying the suit that is correct in style and that is so well tailored that it holds its trim lines and smartness through much service.

Our suits and coats come from makers who uphold the best ideals in garment making in every detail from cloths of assured quality to the finish of the slightest detail contributing to effective style.

## RAILWAY TRAFFIC

(Continued from page one)

Stone's instructions will be presented to a mass meeting of local railroad strikers this morning.

At the same time a mass meeting will be held between striking street carmen of the Los Angeles railway and officials of that company in an effort to break the deadlock which has effectively ended negotiations. The company offers to receive the individual applications of the strikers. The strikers refuse to return unless taken back as a body and given their original status.

Tons of decaying fruits are either being thrown into the river or turned over to the city's poor, as a result of the freight tieup in the Southern Pacific yards.

Auto trucks are said to be proving able to supply city and outlying districts with gasoline.

Use of auto trucks by postal authorities is said to have broken the mail blockade in Southern California.

Daily improvement on both Los Angeles and P. E. systems is claimed by road officials. Businessmen admit industry has been slowed up and a general business depression is prevalent.

### Santa Fe Refuses Freight

Kansas City, Mo., Aug. 27.—The Santa Fe railroad has refused all business to points south and west of Barstow, Cal., because of the rail strike affecting Southern California. It was learned at the office of the division passenger agent here. Traffic to points in California north of Barstow was unhampered early today, it was stated.

Officials admitted that all trains running into California may be ordered cancelled today, because of the strike which was reported to have involved San Francisco.

## Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

On the Market Half a Century. When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired appetite, a feeling of lassitude and a general weakening

of the system. It is then that you should promptly take a few bottles of S. S. S., the great blood purifier and strengthener. It will cleanse the blood thoroughly and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 50 Swift Laboratory, Atlanta, Georgia.

# 30 A WEEK

Children under eight years of age of the First Methodist church will be given a jubilee party at Wilson park, Thursday afternoon from 2:30 to 4 p. m. At 4 o'clock the children and their mothers will go to the church and be served with light refreshments. This party is given for the Little Light clearer society of which Mrs. A. A. Lee is superintendent.

Constipation upsets the entire system—causing serious illnesses to the human family. Don't worry—Hollister's Rocky Mountain Tea will drive out constipation, regulate the bowels, tone the stomach, purify, cleanse. Without fail give it a thorough trial. 35c. D. J. Fry.

## INCREASED COST

(Continued from page one)

home consumption, the U. S. was exporting about three and a half billion board feet of lumber every year before the war.

Then the war called for wood. It went into temporary structures of every description such as camps, hospitals, recreation huts, and the like. We must come up with a sharp turn on the lumber question. A national forest policy must be adopted in this country or we face economic suicide. The American Forestry association asks for the views of the lumbermen, timberland owners and foresters on this greatest of our reconstruction problems in order that a definite policy may be arrived at.

We have just fought and won the fight to save us from imperial aggression, but the fight to save us from economic ruin is just ahead of us. Are we going to let the sacrifice of our heroes go for naught? What of the future in an economic sense? The situation is just this:

The original forest area of the United States was eight hundred and fifty million acres.

There now remains in virgin timber

about two hundred and thirty million acres, or one-fourth of the original.

Our total acreage of forest and cut-over lands is about five hundred million acres. One hundred million acres of this is waste land which produces nothing and one hundred and eight million acres more contain more or less second growth. A large percentage of this second growth timber is inferior quality. The new growth of timber is not more than one-third of the amount which is being used or destroyed every year.

There is plenty of food in that last paragraph but it is food for thought. What of our home building program when we realize that the center of our lumber industry is fast moving to the Pacific coast? What of our home building program, when we realize that New England is no longer self supporting in lumber and that the Lake states, once our greatest producers of lumber, are now importers of it from other states? This means long hauls and high freight rates which the home builder must pay. The time to build a home is now for without a national forest policy I do not believe cheaper lumber can be predicted.

The forests of France, millions of acres of which are now in ruins, kept the Hun from reaching Paris. Other vast acreages had to be cut down for war purposes. Civilization can thank France for having a forest policy of more than a hundred years standing. Her forests answered the call of war when war came. Had the war come fifteen years later we would have been pressed to meet the lumber program. Let us heed the call of the forests before it is too late.

### AN ENDLESS CHAIN

Here is the endless chain of recommendations for Lydia E. Pinkham's Vegetable Compound. There is hardly a town or village in the United States from which women have not written letters telling of health restored by Lydia E. Pinkham's Vegetable Compound. If you are suffering from some female trouble, ask your neighbor if

she has ever used Lydia E. Pinkham's Vegetable Compound. In many cases you will find that she has regained health by its use and will recommend it to you.

Chicago—Autoists from the city will drive around Evanston, a suburb, from now on. Police said complaints had been filed that urchins pelt drivers with over ripe tomatoes.

# WHITE SHINOLA

AMERICA'S HOME SHOE POLISH

Cleans all white shoes quickly and easily. Leaves the fabric or leather natural looking.
