

# Doctor Issues Warning And Tells How to Stop Tobacco Habit

New York, Dr. Connor, formerly of Johns Hopkins Hospital, says: "I am often asked if I know anything to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit forming drugs, is absolutely harmless and produces astonishing results in a very short time. The use of tobacco saps the vitality, vim, vigor and ambition of the slave who is enthralled by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, headache, tongue and lip cancer and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning.

If you want to free yourself from tobacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco—the craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an ironclad money back guarantee—any all up to date druggists including D. J. Fry.

Reinstatement of all strikers of the Pacific Electric in terms of their original demands; of all Los Angeles Brotherhood men discharged for refusing to handle cars of the P. E.; of all San Francisco strikers after demands affecting Southern California strikers are satisfied.

W. R. Scott, federal manager for the Southern Pacific, today issued a statement denying the report that men had been discharged for refusing to handle freight to and from the Pacific Electric in and about Los Angeles.

The statement follows:

"I noticed in one evening paper and one morning paper a statement attributed to some of the employees who have gone on strike to the effect that they were striking because some of their membership had been discharged for refusing to switch cars to and from the Pacific Electric railroad.

"I desire to state for the Southern Pacific that no man has been discharged for refusing to handle business to and from the Pacific Electric. Neither has any man been discharged for any connection with the strike which has been called or sanctioned by the Brotherhoods or their representatives."

The strike was expected to spread today to Sacramento, Stockton and other points.

The strike has paralyzed California at a time when thousands of summer tourists from eastern states were returning home.

Several hundred tourists are stranded at Barstow, a junction point on the Santa Fe in the desert above Los Angeles.

### FOOTBALL TO RETURN TO OLD FORM BELIEF

#### Pre-War Stars Of Pacific Coast Colleges Will Be Back In Moleskins.

Portland, Or., Aug. 27.—(United Press.)—Collegiate football on the Pacific coast is due for a strong come-back during the 1925 season, according to the early dope.

The Pacific northwest experts to turn out aggregations like those of the antebellum days, which trimmed the crack eastern elements; like the 1915 Washington State eleven, which walloped Brown, one of the strongest teams in the east, 14 to 0, and the wonderful University of Oregon machine of 1916, which treated Pennsylvania rough at Pasadena, Cal., on New Year's day, 1917, winning by the same score as that hung up by Washington State the previous year—14 to 0.

Scores of Pacific coast college stars temporarily gave up gridiron battle for fights against the Huns. They are all the better for the different kind of training they received, and are going to thrill the grandstand and bleacher crowds with all kinds of the "old fight" in their come-back.

The California teams, according to all indications, will be stronger than ever, and the fans are looking forward to the greatest collegiate season since rugby butted in and spoiled the fun eight years ago.

### WOMEN WILL DISCUSS NEW LEGISLATION FOR NEW YORK

Syracuse, N. Y., Aug. 27.—(United Press.)—The Women's Joint Legislative conference and State Federation of Labor in session here today, were expected to develop plans for introducing into the New York state legislature bills to provide workmen's insurance, an eight-hour day for women and a minimum wage bill. Candidates to defeat those officeholders known to oppose this legislation will be discussed. A drive also will be made on assemblymen accused of following the program of Speaker Sweet, looked upon as an enemy of "welfare bills."

### RAILWAY TRAFFIC

All trains scheduled to leave over the Southern Pacific, Western Pacific and Santa Fe from San Francisco and Oakland, including suburban trains down the peninsula were cancelled. No tickets were sold at the union ticket office of the railroad administration.

A platoon of state railroad police was thrown around the ferry building today, and others were stationed on the Oakland and Alameda moles. It was announced they were motioned "as a precautionary measure." The strike has not resulted in any violence.

Those on strike here include yardmasters, switchmen, engineers, firemen and shopmen. The strike began when 100 men walked out of the Southern Pacific yards. The strike spread to the entire bay district within an hour. It was spontaneous—practically without leader ship.

The men at a meeting last night formulated a group of demands which include:

### PORTLAND MAN GAINS 20 POUNDS

#### H. H. King, Well Known Contractor Gets Rid Of Old Trouble Taking Tanlac.

"I have gained twenty eight pounds since I commenced taking Tanlac, and am as well and hearty as I ever was in my life," said H. H. King, a well known carpenter and contractor who lives at 5027 55th Ave., south east, Portland, the other day.

"I was certainly in bad shape when I commenced taking Tanlac," continued Mr. King, "for I had been suffering with stomach trouble for about three years. I had not been able to find a medicine or treatment that would give me any relief, and just kept on getting worse until I was simply all in and had to give up my work altogether. I had no appetite to speak of, and what little I did eat would sour and I would be all bloated up with gas for hours at a time. I also suffered from shortness of breath, and at times I would become so dizzy that I could hardly stand on my feet. Then rheumatism hit me in my right leg and hip and the pains I had from this would almost drive me wild at times. I seldom got a good night's sleep on account of the pain in my leg and hip.

"One day a friend of mine told me about this Tanlac, and advised me to give it a trial, and I am mighty glad I took his advice, for it certainly did the work for me, and I am a well, hearty man again. I have no signs of rheumatism, now, and instead of lying awake and suffering at night, I sleep right through until time to get up in the morning. I never had a better appetite, and eat three hearty meals every day and never suffer a particle afterwards. I am back on the job again, and never lose any time from my work. Tanlac just can't be beat, and I never fail to boost it everywhere I go."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. ### STATE HOUSE NEWS

Letters have been received at the office of the state engineer from the department of agriculture and from the railroad administration asking for complete data as to the irrigation projects of the state, together with estimates as to water power and its availability for the electrification of railroad lines.

The last of the fire patrol planes, sent to Salem on the joint request of the governor and State Forester Elliott, departed yesterday afternoon for the central base at Eugene, from which point the big DeHavillands will make the circuit of the forest area. They carried with them as ballast practically all of their field equipment. While Salem will no longer be known as an official training base, it is assured of frequent visits from the planes in their tours of Oregon, as the field is a favorable landing place. In departing yesterday Major Smith gave promise that one or two of the machines would be sent here to take part in the Labor day celebration, and it is expected by Secretary Lea that they will be here for the week of the fair.

Among other matters coming before the public service commission will be the question of forming a merger of two farm telephone systems at Sweet Home, where it was shown in an investigation by Commissioner Fred Williams that the combined patronage of the two systems did not aggregate 200 connections. Another matter is an application of the city of Portland for a private open grade crossing at the foot of Columbia street.

### MEHAMA NEWS ITEMS.

(Capital Journal Special Service)

Mehama, Aug. 27.—The fire warden and a crew of men went up to the South Burn north of Mehama yesterday to fight fire which has gotten quite a headway. A number of men working on the logging road have been pressed into service and it is hoped that they will soon have it under control, if ever rain was needed it is now.

Mr. and Mrs. C. H. Merrill are now residents of Mehama, having moved down from Gates last week. Mr. Merrill and four horses are helping on the new railroad.

Mr. and Mrs. Ray Stout and two children are visiting at the home of his father and sister, Lewis Stout and Miss Anna Stout.

Mrs. Lizzie Burdick attended the funeral of Mr. Kinsey, who passed away Saturday morning.

Mr. Thompkins while climbing into his wagon one day last week, lost his footing and fell, dislocating his shoulder and rendering him unconscious; a doctor from Salem was called and the injured man is getting along nicely.

Blackberry picking is quite the vogue these days, the price of 8 cents per pound being paid. At last the troublesome pest has been found profitable and many are wishing their places were adorned by the now welcome berry.

Threshing in this section is well under way and those who have threshed have gotten a good yield and they are receiving a good price for it making it a profitable business.

The Mehama hotel has experienced a good patronage lately, being filled to capacity some of the time. A number of the men have brought their families and are either camping or renting rooms, while working on the road.

### TOO EARLY TO TALK WORLD SERIES PLANS SAYS RIDLER

New York, Aug. 27.—"It's too early for world series arrangements. A lot of things may happen before October," President Ridler of the National League made this comment today on the report that the national commission had been called to meet in Chicago next Tuesday to make arrangements for the world's series.

Discussion of the existing estrangement with the minors was said by him to be one of the principal subjects to be handled.

### BONUS TO CANADIAN WAR WIDOWS TO BE INCREASED

Winnipeg, Man., Aug. 27.—An advance of 20 percent to the bonus to Canada's war widows and privates will go into effect on September 1, it was announced today. They will get \$48 a month.
