PLANS TO ENTERTAIN

for with the Commercial club towards preparing a pamphlet, one that will be worthy of the capital city, soon to become famous as the great and only loganberry city.
And to properly prepare the Masons and Shriners of the city for the time when the city will receive its overflow from the 75,000 who will attend the ceremonies at Portland next June, an Arabian Patrol will soon be organized under the direction of Joe McAllister and M. L. Meyers. It will be the duty of this patrol to meet all trains passing both to and from Portland with Shriners and their families and to present them with samples of the famous loganberry juice and the booklet which is to be prepared, telling of the resources of the valley.
Harvey A. Wells, chairman of the outside committee of Al Kader temple, told members of the Arabian Knight club last evening of the immense preparations going on in Portland to entertain the visiting Shriners next June. Already Los Angeles, Seattle and Vancouver, B. C., are sending out literature inviting Shriners and their families to stop, either coming from or going to Portland. Los Angeles expects 40,000 Shriners to stop over and Seattle 20,000. Literature is already being sent out calling attention to the attractions of these cities.
Philadelphia will come to Portland with 12 special trains and in all Mr. Wells estimated that 8000 people would live in Pullmans during the ceremonies. Portland will be blocked into districts in order that accommodations might be had for the biggest crowd that ever came west. There will be 75 bands, 90 patrols and every visiting Shriner will be given a souvenir book of Oregon, in which Salem will have its share.
Salem is expected to loan some of its autos, especially for the big Salem day, Mr. Wells said. Seattle has promised 1000 cars and Tacoma 500. Assurance had been given by the state highway engineers that the paving on both sides of the river would be completed by next June, as well as through to California.
