## Walsh And Cohaian Urge Senate To Refuse Approval To Covenant.

Washington, Sept. 1 .- Before an en thusiastic audience of several hundred. that packed the senate foreign relations committee room to suffocation, representatives of the Irish independence movement today urged the com mittee to reject and destroy the peace treaty utterly, as a "diskonest docu-ment that no amount of amending can make honest," The andience frequent-ly applauded. Voicing, they claimed, the senti-ments of more than 20,000,000 Ameri-

ments of more than 20,000,000 Ameri-eans of Irish descent, Justice Cohalan of the New York supreme court, Frank P. Walsh former governor of Hilmois and Michael J. Ryan of Philadelphia members of the American commission on Irish independence that went to the peace coafference and to Ireland, the peace conference and to Ireland, made a two-fold appeal to the com-mittee. They urged rejection of the trenty as a menace to American sov-ereignty and commercial independence and also as a barrier to the indepen-dence of small nations like Ireland. They declared the Irish are united for a rounding that theme (they avoid a republic; that though "they would sink Ireland to the depths" rather than hurt the interests of the United States Americans of Irish blood are one with their brethrea in Ireland in will-ingness to fight to the death, if need

Noting the fact that an unfortunite condition has been brought about along the various departments of the state government, through the bidding of ore department against another in the dat ter of obtaining competent employes, Governor Oleott has decided to call a conference of the "various boards and ion heads on the morning of Sep tember 5, when the matter of standard ization of salaries will be discussed. Much department head is requested to

doctor and the mayor for advice. Everybody who had recently eaten beef concluded that he or she had contracted hydrophobin, and had conse

quently gone mad. Forty four of the inhabitants bought Porty four of the inhabitants bought present a tabulated statement of the clarical force employed and the scale of wages paid. In issuing the call for this conference the governor says in part-"I have become thoroughly convinced through long observation and experinee that a docided improvement can be eattle cars and made the journey stand-

effected in the manner of employment cat be effected in the manner of employment of elerical hete is the various depart-ments of state government. As now constituted, there is no uniformity or pitempi at uniformity in salaries paid by the different departments. It is even ery department for itself, losing sight the panic subsided.
