

—well, I never before heard of a linen rug

Into the rug department they come, curious to see these revolutionary floor coverings of linen—these

Klearflax LINEN RUGS

And away they go, wondering all the more at the distinctive excellence of the thing they have purchased. Let us tell you how the tough durability of linen is given to these Klearflax Linen Rugs, how the flax is piled, strand upon strand, until a weight of four pounds to the yard makes them thick and flat-lying. They are reversible, sanitary, mothproof and extremely economical when you consider their wear. And the rich solid colors they come in! No wonder the verdict of the discriminating is Klearflax Linen Rugs for every room in the house. May we show them to you today?

One Company Sells 568,772 Gallons Of Gas In August

The statement of the Union Oil company of California, of motor vehicle fuel sold in the state of Oregon during the month of August, 1919, shows that during that period it sold 568,772 gal-

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It is a Blood Infection. Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered. Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons. This explains why lin-

Uniform Policy To Govern Public Utility Extensions Is Sought By Commission

In order to establish some uniform policy for the guidance of public utilities in the extension of water, light or gas service, the public service commission has instituted an investigation into the problem on its own motion. A hearing in the matter has been set for September 29 at Portland. At the present time there is no uniform policy governing extensions, each utility extending its service on a policy of its own. The policy under which the P. R. L. & P. company extends its light and power service to suburban districts adjoining Salem provides that the cost of the extension shall be paid by the patrons to be served by the particular extension. The patrons, in turn, are credited with the cost of the line and are given two years in which to consume electricity to the extent of this credit. While the commission does not expect to promulgate any hard and fast rule it is hoped to form some policy for the guidance of all utilities alike and one which will lead to a more liberal extension of service.

Standardization Of Prune Crop For Shipment Urged

Solicitous for the standard and reputation of the Willamette valley prune, a conference of growers and packers was recently held in Salem, following the suggestion of Secretary W. T. Jenks, of the Willamette Prune association, and the Gile Mercantile company, one object of the meeting being to guard against the packing and shipping of damaged prunes, which have suffered more or less from the rains. While a large percentage of the cracked prunes can be salvaged and will make a perfect article for table use, the slight discoloration will put them out of the first class. The point was emphasized that it would be necessary for the growers and packers to co-operate in segregating the damaged prunes, to be put in a class by themselves. With this in view it was arranged that all the organizations affiliated with the Northwest Packers association should mail out circular letters to the growers throughout the prune area, urging upon them the necessity of action in this matter in order to forestall future trouble with the eastern buyers.

Portland Railway Company Objects To Extending Line

The Portland Railway, Light & Power company, in an answer filed with the public service commission this morning, makes vigorous objection to the application of the city of Portland for the extension of the St. Johns line of the street railway from its present terminus to the newly constructed terminal elevator. The company claims to be sustaining a loss on every passenger hauled on the St. Johns line now and asserts that any addition to the service could only result in a larger loss if required to operate on the present basis of fare. Operation of the extension as an interurban line, as had been suggested in the application, would be impractical unless the whole line was so considered and a rate established on a mileage of zone basis, it is argued.

Correspondent Says Italy's Adriatic Claims Are Lost

Sept. 14.—The Paris correspondent of the Idea Nazionale, reports to his paper that notwithstanding Foreign Minister Tittoni's efforts, Italy's fight for her Adriatic claim has been lost. He says that under the last project submitted to the peace conference neither Fiume, Zara nor Zebenico will be Italian. He added that President Wilson might even veto these concessions made to Italy in the settlement proposed.

New Haven Reporters On Strike; Issue Own Paper

New Haven, Conn., Sept. 15.—Reporters on New Haven's four papers went on strike today for an increase in wages. The reporters, fully organized, immediately began publishing a daily paper, the Reporter.

ROUND COAST LEAGUE BASES

(By United Press.)
Yesterday's winners—Sacramento, Salt Lake, San Francisco, Los Angeles 2, Portland 2.
Home runs—Wolter, Sacramento; Compton, Seattle; Fitzgerald, San Francisco; Sheely 2, Salt Lake; Ellis, Los Angeles.
The Yips made it eight straight wins and the complete series from Seattle by tapping Thomas, Reiger and Williams for a six to four victory.
After winning the first game 10 to 4 by hard hitting, the Bees weakened in the second and the Seals clouted Soud and Dale for a 7 to 5 win.
The Angels tied the Tigers for league leadership through climbing while the Tigers slipped. Both games yesterday went to Killifer's side. Fournier's double with three on won the morning game 6-5 and the afternoon game ended 6-2 in the tenth with three singles and Rube Ellis' homer.
The Beavers took both from Vernon, out-hitting the Tigers in the first, five to three, and in the second, dragging them down to Los Angeles' level by winning a tightly played game 3 to 2.

One of these days, you're going to give your husband the surprise of his life.

You'll hand him his first cup of Schilling Tea. He'll see at once how much better it is than common tea, and free from the puckery taste of tannin. And then—

You'll tell him that it is actually cheaper per cup than common tea—there are so many cups to the pound.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

Oriental Immigration Into Lower California Blocked

El Centro, Cal., Sept. 15.—All Japanese and Chinese immigration into the northern district of Lower California is prohibited until the Mexican congress passes new immigration laws, under an order Governor Cantu of Lower California is reported to have issued. In the Imperial valley the order is expected to have a good effect on the campaign to stop smuggling of oriental labor across the border.

CZECHS ARREST PRINCE

Vienna, Sept. 14.—A dispatch from Prague reported today that Czecho-Slovak leaders, fearing a royalist coup d'etat, have arrested Prince Zdenko Lubkowitz, former adjutant to Emperor Karl of Austria.

MRS. EMMA RICE WAS ASTONISHED

Thirty Years Trouble Ends In A Few Weeks After She Takes Tanlac.

Remarkable, indeed, was the statement made recently by Mrs. Emma Rice, who resides at 9303 Baring Crags, Los Angeles, Cal. Mrs. Rice declares that four bottles of Tanlac have completely relieved her of a rheumatic trouble which she has been trying for thirty years to overcome. Here is her statement:

"Some astonishing things happen in this world and what Tanlac has done for me in the past few weeks is one of them. I had suffered with a severe pain, like rheumatism, in my back for thirty years, and while I was under treatment a number of times and tried many different kinds of medicines I got no relief. Then in January of this year I caught a severe cold and my hands became so affected with rheumatism that I was unable to use them to do my work. I was so badly run down and so weak I could scarcely keep up and about

"After reading in my home paper where so many friends and neighbors had received such good results from Tanlac I decided to try it myself and words can't express my gratitude for what it has done for me. The pain disappeared from my back before my first bottle of Tanlac was gone. I am now on my fourth bottle and feel better than I have in thirty years. The rheumatism has also left my hands completely and I am now able to do my housework and attend to my chickens and little garden without any trouble whatever. Tanlac certainly is a grand medicine and I can recommend it to everyone, especially those suffering from rheumatism and a run down condition."

40 ACRES FOR SALE BEARING LOGANBERRIES PRICE \$80,000

And why not \$2000 an acre! When grain land is selling at \$200 an acre which nets around \$40 an acre a year. On the same basis loganberry yards should sell for at least \$2000 an acre. Many of them are netting as high as \$500 an acre. And what is more the day is not far distant when it will be almost impossible to buy first-class land near Salem under \$1000 an acre.

I have a splendid selection of tracts and farms at all prices from \$100 an acre up.

Tobacco Habit Dangerous

says Dexter Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and let the pernicious habit quickly vanish. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the mean time try Nicotol tablets; you will be surprised at the result.—D. J. Fry.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.
For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.
The E. W. Rose Co., Cleveland, O.

Do You Want to Save Some Money?

Re-insulating a battery is about the most expensive repair there is.

And there's only one kind of battery in general use that isn't practically certain to be re-insulated—or junked—within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation.

Come in and we'll tell you why.
