## GOOD DRESSING

(By Lucy Carter)

Late Fashions for all Ages—Color Schemes that stretch the Allowance  
Late fashions for all ages, color schemes that stretch the allowance. New York—(By mail)—No sensible person underestimates the importance of good dressing, and every mother desires this advantage for her children, but only the few know how to attain it at a moderate expenditure.

### Single Color Schemes

An individual color scheme is a great aid both to economy and good dressing. Family children, as well as older people, look their best in some particular shade or color. By adopting this as the basic note in the outfit, a becoming background is secured and every article in the wardrobe harmonizes in a way that makes for good dressing, individuality and style.

This does not mean that a note of contrast may not be indulged, on the contrary the dash of contrasting color is particularly effective, against a background of monotone tint.

### Line and Trimness

Style and good dressing demand that clothes shall fit the use to which they are put. Wardrobes should be built up and not down. Substantial necessities first and ornamental things later, if the money holds out.

The other way round always produces a ridiculous tacky appearance. A handsome coat and poor hat, a fussy frock and poor shoes, or a thousand and one other distressing incongruities that put their wearer at a disadvantage.

Style and attractiveness, are based on line and finish. Neatness and good grooming are essential and without those no dressing can be good. Carefully fostered habits start the child out toward the success that everyone covets and can attain in some measure.

It is not the woman who spends most whose family is best turned out, but the one who keeps informed of the general trend of style, and adapts her means toward the end she desires to attain. Clever management and attention to details are quite as important in the home as in the factory.

Secretary Jenks of the Willamette Prune association, returned this morning from a visit to their packing plant at Roseburg. He found the work of picking and drying prunes at its height in that section, the fruit being considerably more advanced than in this section. The loss from rain in Douglas county has been estimated at about 5 per cent, but by careful handling a large amount of the damaged fruit can be utilized. A number of the prune men in this section have commenced operations this week, and by the first of next week the dryers will all be in operation.

American League Leaders Meet With Intention Of Ousting "Prexy" Johnson  
Chicago, Sept. 16.—(United Press).—Three American league directors met here today for the avowed purpose of forcing the resignation of President B. B. Johnson.

Charles Comiskey, Chicago; Harry Frazee, Boston; and Jacob Ruppert, New York, charging that Johnson had "many things to explain and that he had done much to embarrass a person holding his high office," observed an technicalities in calling the meeting. Care was taken not to leave an opening for Johnson to begin a legal battle. "It will be hard to make a man getting \$30,000 a year resign," Frazee said. The other were more confident. Johnson was out of the city, but the directors planned to meet in his office. James Dunn, Cleveland, the fourth director, did not attend.

## SYMPATHY STRIKE IS FAVORED BY UNIONS

### Sentiment Among Boston Laborers Runs Toward General Walk-Out.

Boston, Mass., Sept. 16.—Sentiment in favor of a general strike in sympathy with the striking police was growing in Boston today.

The United Hebrew trades of the city, with a total membership of 30,000 workers, voted to walk out if the Central Labor Union calls a general strike. Other unions voting on the strike question gave unmistakable signs that they are in favor of such action.

Central Labor Union executives stated that in the event of a general walk-out workers in industries vital to the life of the city would not be called out. Firemen in hospitals, members of the city department, milk wagon drivers and others employed in necessary work would be exempt from a general strike call, it was understood.

Complete order prevails throughout the city.

It was announced that four hundred riot guns and 20,000 rounds of ammunition were ordered here today from Montpelier.

Captains and lieutenants in the fire department voted not to go on strike, according to Fire Commissioner Murphy, who informed Mayor Peters of the support of the officers of the department.

The firemen, outside of the captains and lieutenants, are expected to take a vote on the strike question tomorrow.

But due to the fact that the band will play at the Columbia county fair at St. Helens, it was learned this morning that it could not come out in full number. As the Cherrians do not go on a jaunt without the band, it was decided this morning to postpone the Eugene trip until a future date.

### Rumored Duel Between Two Army Officers Is Denied

Camp Merritt, N. J., Sept. 16.—With the announcement of the accidental wounding of Captain J. D. Cobb, company L, of the First division's "Sixteenth Infantry," denial was also made here today of the rumored duel between two officers.

It was announced that Captain Cobb received a slight wound in the head from a shot fired evidently by hunters in a wood which he was passing in an automobile with several other officers.
