

OH! FOR RELIEF FROM FLAMING SKIN DISEASES

Terrifying Itching Causes Continuous Torture

Do you sometimes feel like you will scream if you do not get relief from the tormenting and terrifying itching and irritating burning that makes you feel like your very skin is ablaze?

Possibly your disorder has not reached the torturing stage as yet, but there are thousands of victims of skin diseases that know too well the almost unendurable pain that comes from eruptions, irritations, pimples, boils, ulcers, eczema, psoriasis, carbuncles and the numerous other forms of torment that attack the delicate tissues of the skin.

The only proper method of treatment for any disease, is a remedy that will remove its cause, and not simply palliate its symptoms. Many forms of skin ailment come from a enjoly of millions upon millions of tiny blood. Naturally, then, these germs must be eradicated from the blood before a cure can be expected.

You know well enough that you can not reach the blood by applying lo-

tions, ointments, salves, washes and other local applications to the surface of the skin. So when you use such treatment for your tormenting skin diseases, the most you can expect is a temporary discontinuance of the pain, which promptly returns, and keeps you constantly applying the local remedies, making no progress whatever toward permanently ridding yourself of the disease.

Why longer continue such makeshift treatment? Go to your drug store today and get a bottle of S. S. S., the reliable blood purifier, and begin a treatment that will prove satisfactory, as it has to thousands of others who were afflicted just as you have been. S. S. S. has been used for more than fifty years, so that you are not experimenting when you take it. It will counteract the germs that attack the skin and its tonic properties will build up the general health.

Don't continue to suffer, but begin taking S. S. S. today, and write our head physician, who will give you full instructions about your own case. Address: Medical Director, 404 Swift Laboratory, Atlanta, Ga.

LEAGUE MEANS NEW GOVERNMENT FORM

Johnson Says President's Report To People Mere Generalities.

Sioux Falls, S. D., Sept. 17.—President Wilson intends to place the United States under a substantially new form of government by the league of nations, Senator Hiram Johnson declared here last night.

Johnson was forced to hurry his speech in order to catch a 10 o'clock train for Lincoln, where he speaks tonight. After the Lincoln speech he will again take up President Wilson's trail at the Twin Cities.

"When Mr. Wilson started his speaking tour he told the people that he was going to make a report to them," said Johnson. "But instead of facts, they have had nothing but glittering generalities."

The senator declared "Mr. Wilson has outgrown this old and honorable government of ours."

"He admits that the league offers a new system of government. But why give up the government of Washington, of Lincoln and of Roosevelt? Because he says so?"

"No," was the roar of the audience. Referring to the charges of pro-Germanism made against those who oppose the treaty by Mr. Wilson, Johnson said: "It is a bad and lost cause which in its extremity resorts to epithets and vituperation and the choice is not between the league of nations and Germanism. The choice is between the league of nations and Americanism. The choice is between Mr. Wilson's internationalism, which subordinates and subjects Americanism to European and Asiatic power and the Americanism that has been ours for 140 years."
