Step Up, Gents! Don't Crowd Olcott Plays Cupid for "Liz"

Boy, page the best looking bachelor in Oregon.

Governor Olcott has a job awaiting for this particular individual as soon as he can be located. (Don't crowd there, please.) One at a time. Take your turn in line for official inspection.

Yes, it's a state job—state of matrimony—and all that the lucky (f) appointee will have to do is to take unto himself, for better or for worse, to love and cherish, etc., etc., one petite, brown-eyed, music teacher "who never did a bad deed before God in her whole life—however many years that may be—in spite of the fact that she lives in Pueblo, Colorado, and comes from one of the best families in that state—on her own admission.

Applicants for the position in order to receive favorable consideration from the governor—who has been impressed into the service as an aid to Olcott—must be tall, possessed of blue eyes, have lived and experienced fifty years, and have access to a bank account of not less than a million dollars—the last qualification being underscored.

If you're that kind of a bachelor meet Lizzie Leslie who, thinks that it would be possible for her to marry such a man and love him with all her heart and soul.

In her appeal to the governor of Oregon, which she heads, "Hunting for Happiness," Lizzie guesses thusly:

"I am looking for a tall, blue-eyed, 50 year old husband. He must have a million dollars. I am small. Called pretty. Brown eyes. Music teacher. I never did a bad deed before God in my life. If I find a person I can love with all my heart and soul better than life and am sure he loves me the same I will marry him. We are one of the Best Fam-

ilies in the state of Colorado. Please send photo and full particulars.

"LIZZIE LESLIE,
125 W. 12th St., Pueblo, Colo.

"Please give this to the best looking bachelor in state of Oregon. Thank you."

"NOTHING ELSE EVER HELPED ME"

This Is What Mrs. Campbell Says Of Tanlac—Suffered Six Years.

"Of all the medicines and treatments I have taken during the past six years, Tanlac is the only thing that has done me any good at all," said Mrs. Sadie Campbell, who lives at 1353 Geary St., San Francisco, Cal., the other day.

"I had suffered so much from stomach trouble," continued Mrs. Campbell, "that I was in a very weak, run down condition. When I began taking Tanlac, I had such little strength and energy about me that the least exertion would almost prostrate me. Everything I ate anything I would have bad spells of indigestion, and what I ate would sour and cause gas to form which made me miserable for hours afterwards. I had a dull headache nearly all the time. My liver didn't seem to act well, either, and I suffered a lot from biliousness, and would often get so dizzy that I could hardly stand on my feet. My nerves were in bad condition, too, and I hardly ever got a good night's sleep."

"Then I heard about Tanlac, and thought I would give it a trial, and it certainly proved to be a godsend to me. I have only taken three bottles so far, but I feel like a different person altogether. Why, I have actually gained eight pounds already, and feel so well and strong that I can easily do all my household and get about as well as I ever did in my life. My appetite is good, and what I eat agrees with me perfectly, and I never have a sign of indigestion or sour stomach any more. My nerves seem to be in perfect condition and I sleep soundly for eight or ten hours every night. I think Tanlac is the best medicine on earth, and I am so happy over what it has done for me that I just talk it to everybody I meet."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goehs, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Sorensen, in Silverton by Geo. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceteria Stores Co., in Donald by M. W. Monmouth Grange Takes Up Beautification Of Roads

Monmouth, Or., Sept. 17.—The Monmouth grange met for its regular business and social session Saturday afternoon. Owing to the busy season the attendance was not large. As had been previously arranged for the summer months, there was a morning session, the "family" gathering at noon and enjoying a beautiful meal together. In course of the afternoon session several interesting subjects were discussed, the name of a new applicant for membership was presented and other matters of business attended to. It was decided that the question of beautifying the new state highways would be taken up at the October meeting.

With regard to the state fair, it was decided that it would not be advisable to undertake a grange or community exhibit this season.

NORMAL SCHOOL OPEN

Monmouth, Or., Sept. 17.—The Oregon Normal school opened Monday with a much larger enrollment than last year. The exact number cannot be given at this time as students will continue to arrive throughout the week.

BUCHTEL SAYS ALIENS WILL NOT BE HIRED

American Legion Assured Of Support Of Public Service Commission.

No aliens whose names are on the objectionable list of the American Legion, will be employed in the grain department of the public service commission according to instructions issued by Fred J. Buchtel, chairman of the commission, to J. W. Church, chief grain inspector, Tuesday. A letter was also sent to James O. Conville of the employment committee of the American Legion, Portland, assuring him of the complete sympathy of the commission in its action against those aliens who renounced American citizenship in order to evade the draft.

"The undersigned, writing for the commission and for himself, directs your particular attention to the latter portion of the enclosed letter from which we quote 'that you watch your payroll's diligently and see that none of these men or others of the same stamp, are employed by the grain department,'" reads Buchtel's letter to Inspector Church.

"Prompted by our love of country and the worthy example of those who cheerfully sacrificed their personal ambitions and opportunities upon the altar of patriotism, we wish to most emphatically reiterate and endorse the sentiments expressed in the enclosure and to assure you that you will have the full support of this commission and of every true American."

In his letter to Conville, Chairman Buchtel conveys the assurance of the sympathy of the commission with the course which is being pursued by the Legion in its fight on objectionable aliens and assures him of the cooperation of the commission in enforcing the Legion's suggestion so far as employees in the jurisdiction of his department are concerned.

Seattle Divorce Mill Works Thorough—Exceedingly Fast

Seattle Wash., Sept. 17.—Here is the way the King county divorce mill works:

"And my husband stole my baby and took it to California, leaving me without a cent—"

"Divorce granted."

"—and she flirted with a girl right under my nose. God knows where she is now; she left me a year ago—"

"Divorce granted."

"—and my husband simply up and left for Montana. I support my baby and myself—not a cent of alimony—I never want to see or hear of him again—"

"Divorce granted."

"—and I married her up in Nome in 1906; picked her up to give her a home more than a year ago your honor, and after I gave her almost all I had—"

"Divorce granted."

"Yes he's just naturally shiftless and no good. Well, the last black eye was simply over nothing, judge—"

"Divorce granted."

COAST CHAMPIONS TO PLAY SERIES IN EAST

American Association Winners To Battle On Los Angeles Diamond.

Chicago, Sept. 17.—(United Press.)—Champions of the American Association and the Pacific Coast league will play a series in Los Angeles, beginning October 8 for the minor league championship.

ship of the world, according to announcement here today.

President Thomas H. Gray of the association said the agreement was reached after six weeks of negotiations. The teams will fight for five out of nine games.

St. Paul with a lead of six and a half games over Kansas City is the incumbent winner of the association title and probably will make the trip to bat in Los Angeles on Sept. 20 of the Coast league.

The International League series, a feature in previous years, was abandoned this year on the ground that a series on the coast also would become too belated.

Supreme Court Hears First Arguments Since Vacation

The first hearings before the supreme court since its summer vacation were up Tuesday when arguments were presented in the case of Kuntz vs. the Emerson Hardware company, a personal injury suit from Multnomah county, and Kruger vs. Brooks, also from Multnomah county. Attorneys here appearing in these cases were Chester Sheppard, C. M. Ideman, F. S. Senn and Norman C. Richards, all of Portland.

C. J. Hall, prominent Idaho stockman, has sold 1250 acres of wooded land together with 3800 head of sheep, and his camp equipment on the upper Snake river for \$102,750.

Commercial Club Takes Up Problem Of Securing Cars For Fruit Shippers

The Salem Commercial club is doing all possible to secure a supply of refrigerator cars for the northwest and especially Oregon during the coming fruit and apple season.

Senator McNary wired the other day that he had brought the matter before the railroad administration and that the shortage of refrigerator cars was receiving serious consideration.

Congressman Hawley has also been appealed to and reports that he is doing all that can be done to have the railroad administration understand the emergency that exists and the necessity for the northwest of having a proper quota of cars.

A telegram received yesterday from Congressman Hawley addressed to Robert C. Paulus, president of the Salem Commercial club is as follows:

"Have conferred personally with railroad administration relative to more refrigerator cars. Am assured by administration it will do all possible to furnish cars as needed. They say that chief difficulty is that consignees delay unloading refrigerator cars for many days, sometimes amounting to 10 days, and if consignees would urge prompt unloading, it would help very much."

"Have you at present sufficient cars? Can you make any estimate as to number of cars needed weekly by fruit growers of western Oregon? Have also presented suggestion of faster service. That problem being investigated."

Federal And State Experts Discuss Topographic Work

Thomas C. Gerdine of the United States geographical survey, was in consultation with State Engineer Percy A. Copper, Tuesday, relative to the resumption of topographic work in the Deschutes county in order to complete the Deschutes quadrangle. Gerdine, who is in charge of topographic operations in the west, is now engaged in making a map of the Deschutes country for general uses.
