

JOHNSON ABANDONS ANTI-LEAGUE TOUR

St. Paul, Minn., Sept. 30.—(United Press.)—Senator Hiram Johnson today announced definitely his abandonment of a stumping trip to the Pacific coast. He planned to end his journey in opposition to the league of nations covenant with speeches in the Twin Cities today. Johnson's vigorous attacks on the league of nations agreement met with hearty response here. Before a joint session of the legislature, which last winter approved the Wilsonian idea, he drew members to their feet time after time for long sustained applause. At Duluth last night Johnson repeated his set speech, ironically commenting on the 14 points of the president's early program and the finished program; the manner in which England, France and Japan "had fashioned the covenant to their liking and handed it to America for adoption."

MEDIATION COUNCIL WILL BE DISCUSSED

During the past week several steps have been taken in the establishment of the newer and better way of adjusting all differences between employers and employees—voluntary mediation. The Salem district mediation council composed of three employers and three representatives of organized labor considered the printing trades controversy that had been hanging fire for several months and adjusted the same satisfactorily, giving a substantial wage advance that was offered by the employing printers a month ago but had been rejected by the unions. The new mediation plan was presented to the Salem ministerial union and endorsed unanimously by the organization. The churches are to be thrown open for discussion of the progressive program, and the first public service will be held at Dr. Kantner's church Sunday evening at which four speakers will discuss the subject. There will be a representative of Central Labor Council, of the Loyal Loggers & Lumbermen, of the Commercial club, and for the manufacturers. Employers and employees and the business and civic organizations are especially requested to attend and make this movement for the strikeless city where capital and labor are mutually protected and welcomed on equal terms, a great success.

Dallas Brothers Returning To Home In Alsace At Once

(United Press Staff Correspondent.) Dallas, Or., Sept. 20.—Joe and August Fritz, two brothers who have made their home in this city for a number of years, will leave next month for their old home in Alsace-Lorraine where they intend to remain the balance of their days. Both men have met with accidents since coming to this country which incapacitates them for work, August having had the misfortune to lose both eyes in a premature explosion in a mine in Idaho a little over a year ago and Joseph being mentally deficient as a result of injuries received in a train wreck near Black Rock several years ago. Another brother of the two men, Rene Fritz died last winter during the epidemic of influenza in Dallas. The men will be accompanied to Alsace-Lorraine by Joseph Glath, one of the proprietors of the Dallas Iron works, who will visit at his old home which is also in that country. Mr. Glath expects to return to Dallas about the first of the new year. The healthfulness of the Dee orchard district in Hood River county is emphasized by the fact that no family there has ever had a death, and the district has no cemetery.

RED CROSS HEAD WARNS AGAINST FLU RECCURANCE

Henry W. Meyers, as chairman of Willamette chapter, American Red Cross, has issued a general warning to all Red Cross auxiliaries to prepare for a possible returning of the influenza this winter. It is well known among Red Cross workers that when the influenza was raging in the city last winter, there was a scarcity of nurses and that in many instances \$7 a day was paid for trained service. It is also known that many professional nurses have moved from the city since last winter and that many who did go into the service, do not care to again volunteer or even to accept engagements. There are today but few trained nurses in the city and those available are with the hospitals. It is felt at Red Cross headquarters that the city is not prepared to withstand another influenza situation in the city and to call attention to this, Mr. Meyers has issued the following to all auxiliaries: "Lest we forget, I deem it pertinent at this time as your chairman to urge you to combine in combating the dread disease known as the 'flu.' A wave of this plague is inevitable as it has appeared in Chicago and when it comes, toll is taken without regard. Preparedness is the one means of defense and concrete examples could be cited and evidence shown where communities realizing the need of co-operation by prompt action and organization have reduced the danger of this epidemic and in some instances, entirely eradicating it. The Red Cross has in a measure driven the gloom out of this trouble, and it is an instrument for your welfare by its position in being able to be at your service at all times through the bureau of home service or department of civilian relief and is ever ready to serve and assist you. Every branch and auxiliary of Willamette chapter and also every community, is earnestly requested to organize and should have listed with its secretary or some prominent person the name and address and phone number of every available nurse and volunteer helper. This list should be sent to the chapter headquarters without delay. Salem is expected to respond. We want to register the names of all helpers now. Do not wait. The call may come anytime and we must be prepared."

Pastor Explains Check Given Him For Work In Mexico By Oil Company

Washington, Sept. 19.—The Rev. Dr. Henry Allen Tupper, pastor of the First Baptist church of Washington, today appeared as a voluntary witness before the senate committee investigating Mexican affairs, to tell of his work in Mexico. Tupper's name was brought into the hearing when a draft was submitted which he had cashed in New York. The draft, paid to the Mexican treasurer general by the Haustera Petroleum Coal company was given Tupper by the treasurer-general. Tupper said the draft was in payment of actual expenses during the years 1913, 1914 and 1915 and that he repeatedly refused personal remuneration.

Strike Halts Shipments Of Better Cigar Brands

And new comes troubles for the man who has a favorite brand of cigar. Cigar dealers in the city today received notice from one of the biggest cigar factories in the country as follows: "Owing to strike conditions at the factories, we are shipping a very limited quantity of our special brands. Until we are in a position to fill orders promptly, our selling representatives will not make their usual trips."

Premium List Of Floral Exhibit At Fair Will Be Closed Monday Morning

If exhibits are brought to the floral section at the state fair before 10 o'clock Monday morning, no entrance fee will be required. It is hoped by those in charge of the exhibit that the Salem people who have flowers for exhibit will not only show an interest in this display, but that they will make a special effort to enter all exhibits Monday morning. To aid in collecting potted plants for the exhibit, arrangements have been made for their delivery Saturday at the following places: Mrs. Frank L. Purvine, 1009 North Fifth street; Mrs. Ross Moore, 517 N. Front street; Mrs. George Pearce, 267 North Winter street, and Mrs. W. P. Lord, 796 South High street.

Members of the Salem Floral society urge their friends to aid in putting on an exhibit that will be a credit to the city. Oregon has been taking premiums at state fairs and even in Chicago and members point out that the exhibit next week should be representative of Oregon. Members of the Portland Floral society will visit the fair Thursday and will be entertained at a luncheon both at noon and in the evening. Mrs. E. W. Wallace is in charge of the committee with Mrs. W. P. Lord as chairman, assisted by Mrs. Frank L. Purvine, Mrs. D. J. Fry, Jr., Miss Oda Chapman and Miss Mabel Robertson.
