

A DEMOCRATIC TRAIN FOR A DEMOCRATIC PRINCE

The Canadian Pacific Train which is assigned to carry the Prince of Wales through Canada

Shower Bath

Dining Room

Observation Car

With the exception of two private cars, "Killarney" and "Cromarty," which are loaned by Lord Shauchnessy, chairman of the Canadian Pacific Railway, and Commander J. K. L. Ross, respectively, to the Prince of Wales, there is nothing out of the ordinary about the equipment of the distinguished visitor's train except that it is brand new from engine pilot to observation platform, and is manned by the most efficient train crews on the railway. When these cars have served their purpose of housing the Prince for two months on his trip across Canada, they will be put into the regular service the

same as any other equipment made at Angus Shops, the big Montreal car factory of the Canadian Pacific. Besides the two private cars, the train is made up of compartment car "Empire"; dining car "Canada"; two sleeping cars, "Carnarvon" and "Chester"; car "Chinook" and two

steel baggage cars that house cold storage plants, shower baths, sleeping quarters and a photographer's dark room, drawn by one of sixteen new 480,000 pound giant locomotives. The private car "Killarney" is the royal car. It has been decorated with the Prince of Wales' feathers

and embraces a small observation platform, observation compartment, secretary's bedroom, shower bath, dining room seating six and fitted with writing desk and library, kitchenette and chef's bedroom. The train is equipped with all modern devices for efficiency and comfort.

Ray To Attempt To Lower Present 100-Yard Record

New York, Sept. 20.—John Ray, national mile champion and record holder of the Illinois Athletic club, will try to lower Melvin Sheppard's 1000

yard record in a special race this afternoon at Pershing stadium, Jersey City. The event will be one of the features of the national A. A. U. all around championship meet, in which eight of America's star athletes will compete.

Representative Lea of California was at Grant's Pass this week and said he would urge the immediate starting of work by the government on the Crescent City harbor.

Sergeant Harry Hoxie, who prior to his enlistment was cashier in the state insurance department at Salem, has arrived from overseas and is now at Camp Merritt awaiting discharge.

A REAL FARM.

If you desire to purchase 46 acres of the very best of sandy loam, 25 acres in cultivation, 18 in stump pasture, the remainder in timber, see the John H. Scott Realty Co. at once. It will raise the very best of crops without irrigation during dry seasons like the one just past. You can see 8 acres of corn on this land that will go 80 bushels to the acre or better. You can raise from 200 to 500 bushels of potatoes per acre. It now has several acres of the very best of kale, stock beets, and carrots. There is no better land for strawberries, loganberries, raspberries, filberts, walnuts, or any kind of fruit. It has one acre in full bearing family orchard good six room house, good barn, and running water. It is subirrigated and will insure a heavy crop, every year. The price of \$500 per acre may seem high, but will not seem so when you see what the land produces, \$3500 cash, remainder on long time at 6 percent. This land will pay you wages and pay the incumbrance in two years if you handle it tight. Will put in for the above price a good team, harness and wagon, good cow, full blood brood sow, 75 bushels of potatoes, 5 tons of hay, all tools and machinery, and enough corn to fill a 40 ton silo. See us at once, if you are interested.

Rugs

In these days of high prices it is good to know there are rugs of sterling worth that can be used to good advantage to take the place of the high priced article.

Wool fiber rugs belong to this class. They are good looking, furnish well and give very good wear. We have them in the standard sizes, 8x10, \$15.75 to \$18.00; 9x12, \$16.75 to \$21.00. Ask to see them.

For bed room use we have a fine assortment of rice grass and colonial rugs. 6x9, 8x10 and 9x12. Very attractive designs, in blue, green, tan, pink, and mixed colors. Just the thing to furnish nicely and at a low cost.

In tapestry Brussels and Axminsters we have a good assortment. 7.6x9, 8.3x10.6 and 9x12 sizes. These goods were bought months ago, and are priced fully twenty per cent less than the same quality will be next season. If anyone reading this add think they will buy for less within the next year or two, they are very much mistaken. If in the market for rugs see our stock before you purchase.

Our rugs are priced as low as quality will let them go.

Complete list of new Victrola Records.

YOU GET MORE FOR YOUR MONEY AT MOORE'S

Home of the Victrola

Chevrolet Model 490
NO CHANGE IN PRICE
\$857.20

With a number of improvements. Pantisote top, improved springs, pivoted head lights, more room front and rear seats, more clearance, and most important of all every improvement does not affect the interchangeability with previous models.

You are not buying an experiment when you purchase a Chevrolet for it is the product of years of hard grinding tests.

WE MAKE THIS STATEMENT AND CHALLENGE ITS CONTRADICTION: "NO AUTOMOBILE FACTORY EVER BUILT A NEW CAR IN DESIGN THAT WAS PERFECTED THE FIRST YEAR AND THEY NEVER WILL."

They always find a lot of weak spots that have to be strengthened and it takes years to accomplish this.

You never find a complete stock of parts carried by the dealer on a new designed car. It takes years to get parts into the hands of dealers to properly service the car.

When you own a Chevrolet the item of service does not enter into the transaction for you know the dealer carries all the parts, hence your service is assured.

Meet us at the fair. We will be there with the improved Chevrolet at the old price \$857.20 and the service also.
