

HORSE SHOW AT FAIR ATTRACTS MUCH INTEREST

To the music of Tommasino's Italian band, the parade of blooded horses around the arena last night marked the first practical use of the new stadium at the state fair. Thousands were at the horse show to view the best of the Pacific coast has to offer and considerable enthusiasm was manifested by the spectators.

Congressman C. N. McArthur, introduced by Fred Lockley, Portland journalist, made a short address. Lauding the splendid exhibits to be found on the grounds, Mr. McArthur praised the stockmen for their interest in the fair and their habits of encouraging the best efforts in pure stock breeding.

Drawn by blue bloods that drew much applause from the crowd, many smart coaches were paraded around the auditorium. In the initial parade a few pure strain cattle were included.

With Mrs. J. H. Murphy driving Brigada, securing first honors, a demonstration in driving singles to light four wheelers was given. Second place was given C. W. Bowers who drove Barnet and W. J. Burns and Dancing Girl received third.

Despite the fact that, in the heavy harness class, the outlookers obviously favored All Glory, Strawberry received first place. Later it was made known that All Glory was not entered as a contestant, being introduced as the famous winner of the San Francisco exposition.

Perhaps one of the most interesting features at the show last night was put on by the ladies of the Portland Hunt club. For the showing of good judgment and capable mount, first honors were given Miss Louise Flanders, on Mowatha. Second went to Mrs. J. H. Murphy and third to Mrs. Nicol, riding Firelock.

Spectators were of the opinion that the show held last night was one of the most interesting of any kind ever seen at the state fair. The show was brought to an end with an artillery drill which proved worth viewing.

VON BRINCKEN PUTS TRUST IN OFFICIALS

Seattle, Wash., Sept. 24.—Wilhelm Von Brincken, ex-attache of the former imperial German consulate at San Francisco, now completing a two year sentence in McNeil's Island prison for participation in the notorious German-Rindue conspiracy, has thrown himself up on the mercy of the United States government and today is awaiting decision of the secretary of labor as to his deportation.

Von Brincken was the go-between for the German government in the conspiracy which resulted in the outfitting of a munitions ship at San Francisco which was to have been sent to India for the Hindus to fight the British in that theater of war. The vessel, however, was seized near Anacortes and Von Brincken, Franz Bopp, the German consul, and a large number of other Germans, Hindus and a few Americans arrested.

Von Brincken and Sautokh Eligh, another of the conspirators, were served with a warrant of arrest in deportation proceedings in McNeil's Island prison on August 26. A hearing was conducted before Deputy Immigration Commissioner W. P. McCalahan of Seattle which lasted two days.

The charge against Von Brincken was

that he had been more than once sentenced to more than one year imprisonment in the United States for acts of moral turpitude.

Elks Face Strike of Feature Trio; Archerd to Act

The Elks have a real strike on hand. For the past week the lodge has been advertising for three lefty women who would take part in the style show to be given Thursday noon in the stadium.

After taking a look at the costumes and hosiery and such, E. Cooke Patton, who has been taking applications received the sad news that Samantha Tubbs of Hopewell simply will not act. And now comes Jezebel Tripp of Mehama and goes on a strike and to cap the climax, Lucy Bones of Talbot writes that she has decided not to appear.

However, it is thought that the costumes prepared will fit Exalted Ruler Charles R. Archerd, and that by a little padding out, one suit will fit B. W. Meay and that another can be fixed so as to make Alderman A. H. Moore presentable in the fat ladies' costume.

But the Baby Elks will appear as that is an assured fact, guaranteed by Wharton L. West. It is all to take place Thursday noon in the stadium.

What's A Broken Finger Compared With A Merry-Go-Round Ride Says Lad

"And then can I ride on the merry-go-round?" Sobbing from pain of a broken little finger of his left hand which had been badly mangled when accidentally caught in an electric wringer at the fair grounds yesterday afternoon, the question was put by Rex Copeland, nine years of age, to his father, I. H. Copeland, of Albany when he had been told he must go to the doctor's office.

"Yes," he was told and, still trying to stifle sobs, the youngster was taken reluctantly from the grounds.

The boy had been toying with the apparatus when he accidentally set the wringer in motion.

REWARD OFFERED FOR TRACE OF ASSAILANTS

A reward of \$100 has been offered by William Burger for any information that will lead to the arrest of the parties who assaulted and shot him three times a few evenings ago as he was crossing the foot bridge over Mill creek.

This offer of Mr. Burger comes through the police department and anyone having this information is given the assurance that such will be treated as confidential by both Mr. Burger and the police.

Due to the fact that the assailant threw a strong flashlight in his eyes, Mr. Burger has been unable to give a very definite description of the three men who did the shooting.

If the information leads to the arrest of the right parties, the \$100 will be paid over and no outside information given. Mr. Burger rested well last night and reports he is feeling better today.

Couple Arrested Upon Bootlegging Charge In Hotel Forfeit \$75 Bail

The first arrest of the week for what looked like bootlegging was made last evening by the police at a rooming house on North Commercial street.

While the two arrested were not caught in the act of selling booze, there was found a suit case in their room pretty well filled with standard brands of whiskey.

The men arrested had on his person \$183.27 and the woman \$29.47. They were allowed to proceed on their way upon depositing \$75 bond for their appearance in court at 10 o'clock this morning. They failed to appear.

Carson Estate Opens Suit Upon Alleged Claim Due

Helen F. Carson, as administrator of the estate of John A. Carson, has filed suit against Grace D. Barnes for \$1500.

It is alleged that John A. Carson and George G. Bingham, collaborating together, rendered professional services for the defendant in 1913 at her special request and that she agreed to pay a reasonable compensation. That the services were worth \$1500.

That the defendant has not paid the amount nor any part. That John A. Carson died Dec. 6, 1916 and that letters of administration were issued to the plaintiff. That prior to the commencement of the suit, George G. Bingham had assigned all his right, title and interest in the amount.

Mrs. Carson asks for judgement for \$1500, together with interest from Oct. 27, 1913.

Portland Rose Society To Visit Fair In Body

For the first time in the history of the organization, the Portland Rose society will visit the state fair in a body, and during their stay in the city Thursday, will be guests of C. B. Clancy and of the Salem Floral society.

Arrangements have been made by Mr. Clancy to entertain at luncheon at the Commercial club, 100 of the Portland guests and to give them a ride about the city before going to the state fair grounds.

During the afternoon, the visitors will be cared for by members of the Salem Floral society and will be given a dinner at 6 o'clock in the floral show department at the grounds.

The visitors will arrive in Salem on the special which is to bring the Portland Elks and Rosarians which is scheduled to arrive about 10:30 o'clock in the morning.

Divers Hunt \$10,000 In Bar Silver Lost In Bay

San Francisco, Sept. 24.—Divers were busy today off pier 42 picking up ten bars of silver that slipped into the bay while a \$10,000,000 shipment of gold and silver bullion was being loaded onto the Pacific Mail liner Columbia.

The ten bars are worth \$10,000.

The shipment is consigned to the Orient by San Francisco banks.

General Motors Holds No Control Over Elgin Plant

Answering false rumors said to have been circulated lately to the effect that the Elgin Motor Car corporation is a subsidiary, or controlled by the General Motors corporation, Lee L. Gilbert, Elgin distributor for western Oregon,

is today in receipt of a telegram from the Elgin company flatly denying the accusation.

"The Elgin Six is manufactured by the Elgin Motor Car corp which is controlled absolutely and is not dominated by any other person, or company," says C. S. B. president and general manager company, in the telegram.

THE PANGS OF RHEUMATISM

Cannot Be Rubbed Away With Liniments

You who are afflicted with this most painful disease—who know from experience just how excruciating its pangs are—get this fact fixed firmly in your mind, and it will aid you in finding a way to complete recovery. Rheumatism cannot be rubbed away with liniments—its pains and pangs cannot be wiped out as if by magic. A disease that is so full of torture and finally renders its victims so helpless, is a deep seated one; it is not on the surface, hence it cannot be reached by external, surface remedies. This is no theory, for your own experience doubtless has shown you that you can never expect to rid yourself of the disease in this way.

This is a typical case, and every one who has had the slightest experience with rheumatism will continue to refer and grow worse until they are fully practically helpless, unless realize that the disease must be batted at its source. Rheumatism often a diseased condition of blood, the disease attacks through the blood, hence the can be rid of its pains only after blood has been cleansed of the of the disease.

For the chances are that you, like thousands of other sufferers, have been misled into the hope that liniments, lotions and other applications would cure your rheumatism. But what has been your experience? The pains possibly lessened for the time being, but have they not promptly returned, often with increased severity, and are you really any nearer a cure than before? You certainly are not, and you never will be as long as you rely upon treatment that at best is merely a makeshift.

Lotions, liniments and ointments applied to the surface may in some instances tend to soothe the pain for the time being until you attack the disease, foundation, you are making no progress toward a cure, and you are admitting the trouble to get a hold on your system every day. This is one reason why rheumatism is a permanent disease, staying its victims year after year. Getting of the disease is merely a matter of treating it intelligently. Knowing it cannot be cured by external applications, it is folly to rely upon such means.

See what Mr. J. L. Agnew of Mt. Vernon, Ohio, says of what S. S. S. did for his rheumatism:

"For ten years I was badly afflicted with rheumatism, the pains in my knees, legs and ankles being almost unbearable. I tried various remedies without results, until a physician advised me to use S. S. S., stating that the disease was in the blood. After taking a few bottles the pains and soreness were greatly lessened. I continued this medicine until all pain, soreness and inflammation were gone, and I was completely cured."

S. S. S. is without question the thorough blood medicine ever and it cleanses the blood of every impurity and disease germ. That it seldom fails to give satisfactory results in even the severest case of rheumatism. Being purely vegetable in its composition, it works eliminating and forcing out of blood all impurities, acting as a tonic to the entire system at the same time. It has been in use for more than years and thousands of sufferers rheumatism give it unstinted praise.
