

REDS HAVE EDGE ON WHITE SOX IN MOUND STRENGTH

By Henry L. Farrell

New York, Sept. 25.—Eddie Cicotte and company may outshine the Red in field and the stock of the White Sox outfield may have points to spare in advantage over the National leaguer gangsters, but when it comes to pitching staffs Moran need doff his cap to no one.

In Sallee, Luque, Reuther, Fisher and Eller he has a crew of pitching experts that rank among the six leading hurlers of the National league. It is a combination that has won eighty games for him this year.

Gleason may have to concede quantity to the Red leader, but when it comes to quality, he does not have to grant an inch of superiority. Eddie Cicotte and Claude Williams will give Moran's best a run for the money. This game pair of "iron men" carried the White Sox through to fifty-one victories. They came through a terrific season when all the wise ones were expecting them to falter under the strain.

In drawing comparisons between the pitchers it must be remembered that the White Sox hurlers worked in a league that outlasts the National league in hitting strength. Gleason's men had to face an array of talent containing twenty-five .300, twelve of whom have higher marks with the stick than the leading National swatter. Moran's pitchers had a comparatively easy job against twelve .300 hitters, all under .325.

Sallee and Cicotte may be the opposing men in the opening game. If it is a warm day, on which the slim pitcher is at his best, it will likely be a real battle. Both are the leading pitchers of their leagues, both are tried veterans of world's series experience. With 28 victories and seven losses, Cicotte has a slightly better season record than Sallee who has won 20 and lost six games. The Chicago hurler is sturdier, more reliable and a more consistent worker. But Sallee has days of greatness. He may be right during the series. If he is right even the great Cicotte may not stop him.

Walter Reuther was a season's sensation in the National league. He may be called on to face Claude Williams, the ranking left hander of the Ban Johnson circuit. Reuther has every requisite of a star pitcher. But his lack of experience may handicap him.

Williams has shown that he can carry a lot of weight in tight places. He has the experience of a world's series behind him. With nineteen victories and six losses for an average of .700 Reuther has a better seasonal record than Williams, who has won 23 and lost 9 for .710.

Dicky Kerr, the wee left hander has developed since the middle of the season into a hurler good enough to be trusted for a start in one of the games. He is a fighter at heart.

Faber, James, Lovdermilk and Wilkinson complete the White Sox staff. Faber has been a big disappointment this season. James is erratic, Lovdermilk is unreliable and Wilkinson is just a recruit from Columbus, who is rated as being ready for fast company.

Hod Eller, the "no hit" king, is one of the best right handers in the National league. He is a graduate of the famous Moran school of control and will no doubt get a chance to start a game for the Reds.

Then Moran has Luque, an occasional, successful worker; Jimmy Ring, the king of hard luck hurlers; Ray Fisher and Babe Brooder, who worked most of the season in left field.

The Reds have a wonderful pitching staff and it will need to be wonderful to stop the attacks of the Gleason of fence.

Angels Say Seals Should Share St. Paul's Expense

Los Angeles, Cal., Sept. 25.—Business Manager Jim Anley of the Angels wired a protest to President Hickey of the American association today against the St. Paul ball club playing a series with the Seals at San Francisco unless the Seals pay part of St. Paul's expenses.

St. Paul is coming west to play the inter-league championship series with either Vernon or Los Angeles—which ever wins the Coast league pennant—and the local team has to foot the expense account.

Benton county road bonds to the amount of \$100,000 have been sold to the Seattle National bank at accrued interest and a premium of \$711.

To reclaim and develop lands in Klamath county is the purpose of the Plevna District Improvement company, which filed articles of incorporation at Salem Monday.

***** WASHING WON'T RID HEAD OF DANDRUFF *****

***** The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work. (Adv.)

D. C. SHERMAN, CIVIL WAR VETERAN, DEAD

D. C. Sherman, Civil war veteran, died yesterday at the home of his daughter, Mrs. W. J. Culver, at the age of 72 after suffering a year from a stroke of paralysis. He was born at Weathersfield, Va., March 29, 1847.

He enlisted in the Union army at the age of 14 years and served in several engagements including Fort Steadman, Va., and Petersburg, Va. For several years he was department commander of the G. A. R. for Oregon. At the time he was stricken with paralysis about a year ago, he was law examiner in the department of interior at Washington, D. C.

Besides his widow, he is survived by five children; Mrs. W. J. Culver of Salem, Mrs. Bessie Ashenbrenner of Colville, Cal.; Minette Sherman, Vina Sherman and Edgar Sherman, all of Portland.

The funeral services will be held from the chapel of Webb & Clough at 2 o'clock Friday afternoon and burial will be in the City View cemetery.

'ROUND COAST LEAGUE BASES'

***** (By United Press.)

Yesterday's winners: Oakland, Sacramento, Vernon.

Home run: Walter 2, Senators.

The Oaks subdued the Seals and took the second game of the bay district series, 7 to 6.

The "Yippers" didn't have a squeak left when the Beavers dropped a 12 to 1 game to them. Harry Wolter aided in the slaughter as noted above.

The Tigers came from behind and grabbed the game, from the Bees 6 to 2.

Train trouble has been diagnosed as the reason the Angels and Rainiers did not mix.

TIMBER BRINGS BIG PRICE.

Klamath Falls, Ore., Sept. 25.—One hundred million feet of California white pine in the Cliff boundary unit of the Klamath Indian reservation has been sold to the McComber-Savidge Lumber company of San Francisco. The sale price of \$5.3 1-3 per thousand feet for standard and \$1.25 for inferior grade is considered a staggering figure.

School Children

Often Require Glasses Without Knowing It

Have the children's eyes examined before they start to work.

Bring them here for a careful examination and learn for a certainty whether their eyes are in need of glasses.

Much suffering and harmful effects are avoided by BEING SURE on this point.

GASOLINE TAX PAYS \$212,585 INTO ROAD FUND

A total of \$212,585.21 has been poured into the coffers of the state of Oregon to the credit of the state's good roads fund up to August 31, under the provisions of the recently enacted law imposing a tax of one cent a gallon on all gasoline sold in Oregon and a tax of one half cent a gallon on distillate sales. These figures, on file in the office of Sam A. Koser, deputy secretary of state, show that since the taxing act became effective, February 25 last, Oregon consumers have used 19,629,895 gallons of gasoline and 3,237,264 gallons of distillate.

These figures assure results under the law far in excess of the estimates of the legislators who figured that the law would bring between \$250,000 and \$300,000 annually into the road fund of the state. Based on receipts to date these figures will be distanced by \$100,000 before the end of the year.

The following statement shows the amount of gasoline and distillate taxes since the law imposing the tax has been in effect and the number of licensed automobiles at the end of each month.

Month	Tax	No. Autos
Feb. 26-28	\$ 1,073.92	54,216
March	20,984.35	59,555
April	30,169.85	65,159
May	39,074.54	69,693
June	39,058.72	72,848
July	41,458.82	75,044
August	47,165.13	78,298
Total	\$212,585.21	

During the year 1913 there were 13,957 licensed automobiles in the state.

In the year 1914 this number increased to 16,347 or 2390 cars over the year 1913. During the year 1915 the increase was 7238 cars over 1914. In 1916 the increase over the number licensed in 1915 was 10,332. In 1917 the increase was 14,715 over 1916 and in 1918 the increase over 1917 was 14,691 notwithstanding our country was then actively engaged in prosecuting the war with Germany. For the year 1919 the increase over the total number of cars licensed for 1918 will undoubtedly be over 18,000, which number represents the largest sales of motor vehicles in Oregon since the use of the motor vehicle, both for pleasure and business purposes, has become a necessity.

Welcome Fair Visitors

To make the celebration more popular and remarkable our management has decided to hold a Fair Sale during fair week. Beginning Thursday, September 25, and continuing until Saturday, this sale will be for your benefit, not only for the present but for the future. You can send your mail orders during the whole year, we will deliver or we will make shipment to any part of the state, promptly. You will save 25 per cent on Each Dollar. When you spend \$500 during the year at the People's Cash store you will receive at least \$625 in value. Also our premiums on \$500 worth of goods means many nice decorations for your sideboard and China Closet, fancy crockery, glassware, silverware, etc. Our Premium Department is always open for everybody.
