By Gertrude Robison

THE many friends of Miss Marie V. Lodge, who has been employed as stenographer in the office of State Treasurer Hoff, are regretting her departure for Seattle, where she will be employed by a New York bonding house.

Miss Lodge is widely known in Salem and will be greatly missed both by state house officials and employees, and by her numerous friends in other circles. While in Seattle she will make her home with her sister.

Mrs. A. B. Manley, a prominent Portland woman, while attending the Methodist church conference, was a guest at the C. W. Niemeyer residence on Ferry street.

Mr. and Mrs. J. R. Hawthorne and daughter, Lucile, returned to Salem Thursday morning from visiting their son, J. A. Hawthorne and family, of Long Beach, California, who also is expected to arrive in Salem in about ten days. Mr. Hawthorne and family are at present located at 1510 State street.

Father and son contemplate purchasing a farm in the vicinity of Salem.

Mr. and Mrs. W. T. Rigdon are entertaining as their guests, Mr. and Mrs. J. A. Smith of Wasco, who arrived in Salem recently for a visit of indefinite length. Mr. Smith and Mrs. Rigdon are brother and sister.

The Luella Kimball club was hostess this afternoon at a reception, held from 3 to 5, for the ministers wives and visiting ladies of the Oregon Methodist conference. Mrs. Matthew Simpson Hughes, wife of Bishop Hughes of Portland, was guest of honor at the affair which was held in the Kimball school of Theology.

Friends of Mr. and Mrs. U. G. Boyer have received word that Mr. Boyer is returning home. Mrs. Boyer is visiting with her daughter in Chicago and will remain another month. The Boyers have just completed an extended tour of the southern and middle western states.

BUSINESS AND REAL ESTATE TRANSFERS ESTABLISH RECORD

More than 700 papers for record were filed with the office of the county recorder during the month of September, breaking all previous records for general activity in real estate matters and business agreements which call for a permanent record.

Of this 700 or more records, 280 were warranty and quit claim deeds. Activity in real estate matters has been most noticeable the past few months. While there has been some selling of real estate in Salem the great activity in real estate has been in the transfer of fruit tracts and in lands especially adapted to the raising of loganberries and prunes. There has also been sold many valuable tracts in this part of the valley at a radical increase in value over that of one year ago.

While the sales of real estate have been breaking the September record, the number of mortgages paid off, as shown in the filing of satisfactions, has also broken all previous records with 14 for the month. Many of these satisfactions run up into thousands of dollars, while others not so large, are cancellations of mortgages that have been running from seven to ten years. Real estate men point with pride to this record of cancelled mortgages, indicating the prosperous condition of the farming community.

While there has been 112 real estate mortgages filed during the month, fully one-half of these are to secure deferred payments on large farm tracts purchased. That is, with 280 deeds filed, there has been an unusual activity in real estate, wherein the purchasers pay in cash a portion of the purchase price and secure the amount unpaid by mortgage. The mortgages are not those getting behind and going in debt, but of those who are taking a chance on increased real estate values and buying valuable tracts.

Only 22 chattel mortgages were filed in September, a few of these being for unpaid amounts due on the purchase of automobiles.

The benefits arising from having an army discharge recorded has been appreciated by returned army men to the extent of 46 during the past month. Navy men have filed their discharge papers to the extent of 11.

In matters of real estate and other property matters affidavits are frequently necessary and 23 were recorded last month. Assignments are also recorded, although but 13 were recorded during the past month. Other papers recorded are as follows: Conditional sale 1, contract 1, agreements 3, hop contracts 3, certified copies 1, leases 2, power of attorney 2, bill of sale 2 and inheritance tax 1.

ORCHARD COMPANY TO CONSTRUCT RESERVOIR

The Dufur Orchard Company Owners company has filed with State Engineer Capper an application for permission to construct a reservoir on Tumacac creek for the storage of 450 acre feet of water and for the appropriation of this stored water for the irrigation of 3652 acres of land. The construction of a dam 50 feet in height, nine miles of pipe line and other improvements at an estimated cost of approximately \$105,000 is contemplated in this development.

Other applications on file in the state engineer's office are:

By Florence L. Harris of Glendale, Cal., covering the appropriation of 137 second feet of water from City creek and Steamboat creek in Douglas county for hydraulic mining purposes.

By the Prairie Power company of Prairie City, Or., covering the appropriation of ten second feet of water from Strawberry creek for the development of approximately 222 horsepower. This development contemplates the construction of a pipe line and other improvements at a cost of \$16,000.

CATTLE RUSTLERS KNOWN THROUGHOUT NORTHWEST CAUGHT

Dallas, Or., Oct. 3.—With the arrest here of Clarence R. Seudder and John Seudder, brothers, and of George Seudder, another brother, at Portland Tuesday, a gang that has been rustling cattle and horses through the northwest is believed to have been broken up. The arrests here were made by Sheriff John W. Orr of Polk county and Deputy Sheriff W. E. Splun of Cascade county, Mont., who had traced the men to Oregon.

The plan of operation of the Seudders, it is said, was to rent a farm with considerable livestock on it, paying a small amount down and giving a chattel mortgage for the balance. After a few weeks it is alleged, they would ship the livestock away and disappear. A shipment of 100 head of cattle and 20 horses to Portland led to the arrests.

The arrest here was made on the old Judge Boise farm, two miles west of Dallas, which they had rented. The men were accompanied by an elderly woman, supposed to be their mother, who was not taken into custody. They came in a few days ago in wagons, driving several head of cattle and sheep, believed to be part of the stock stolen in Montana.

Splun left Wednesday for Great Falls, Mont., with his prisoners.

Court News

Alleging that the sawmill firm of J. H. Johnson, and associates, had unlawfully removed timber from his place, William Kennedy was granted damages to the extent of \$992 by a verdict rendered in Judge Bingham's court Thursday. The suit has occupied the attention of the court for several days.

MARCOLO MAN KILLED

Eugene, Or., Oct. 3.—Albert W. Nett of Marcola, aged 32 years, died at Mercy hospital in this city last night as the result of injuries sustained Wednesday when he was drawn into the gear of a donkey engine and crushed and mangled.

Banish Catarrh.

Breathe Hyomei for Two Minutes and Relieved Stuffed up Head

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei.

It should clean out your head and open up your nose in two minutes and allow you to breathe freely.

Hyomei often ends a cold in one day, and brings quick relief from snuffles, hard crusts in the nose, hawking, spitting and catarrhal mucus.

Hyomei is made chiefly from a soothing, healing antiseptic oil, that comes from the eucalyptus forests of inland Australia, where catarrh, asthma, bronchitis, tonsillitis, influenza, pneumonia and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at Daniel J. Fry's and druggists everywhere. If you already own an inhaler you can get an extra bottle of Hyomei at druggists. (Adv)

Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract.

Tells Dyspeptics What To Eat

Avoid Indigestion, Sour Acid, Stomach Heartburn, Gas on Stomach, etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and

often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestive. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole

whole cause of the trouble and the meal digests naturally and healthfully without need of peptic pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat." (Adv.)

EXCESSIVE ACIDITY is at the bottom of most digestive ills.
