Due to a breakdown in the power system of the Salem Street Railway company about noon, car service was delayed for about a half hour. And now the drygoods men say silks will be higher than ever next spring. While one manufacturing plant announces the probability of lower woolen prices, another is sending word to the trade to look out for higher prices next spring in ladies' suits. The cotton goods market seems to have reached its limit, this Salem authority says, and the fancy gingham dress next spring will cost about the same as it did this year.

Couldn't Eat Meat or Bread for Two Years—Gains 18 Pounds Taking Tania

"No one could see the wonderful change that has taken place in me during the past few weeks and doubt Tania being a grand medicine," said Mrs. Louise Rogers, who resides at 4017 Brooklyn avenue, Los Angeles, Cal., in an interview, recently. Mrs. Rogers lived for six years in Wenatchee, Washington, and her many friends there, as well as those in California, will be glad to learn of her complete recovery.

"I have been in perfectly wretched health for the last four years," she continued, "and had become almost a nervous and physical wreck. I suffered from nervous indigestion, liver trouble and disordered kidneys, and I don't believe I had a well day in all those four years. I had indigestion in its worst form and everytime I ate anything I would bloat up with gas until I was miserable. For over two years I did not eat any bread, milk or meat, and just had to live on the very lightest of foods. I fell off twenty pounds in weight and suffered so with pain and nervousness that sleep was almost impossible for me. I was under treatment for eighteen months but kept getting worse in place of better until I just became so discouraged and despondent that I lost nearly all hope of ever getting any better.

"In April of this year my condition became so serious that my husband thought I was going to die. He finally decided a health resort might help me, but I was so low I had to be carried and have an attendant all the time. It was then that I was persuaded by a lady from Vancouver, B. C., to try Tania and got my first bottle. Well, I have never seen or heard of anything

like. Honestly in three days after I began taking it I noticed a change for the better. I am now on my fifth bottle of Tania and have actually gained eighteen pounds. The medicine has just renewed my whole life and built me up until I am like a different person. I am eating three good meals a day now and am never troubled a particle with gas or any other signs of indigestion. My nerves are perfectly calm and now I sleep all night long like a child. In fact, my health seems to be just perfect, and I am just so thankful for what Tania has done for me that I want to tell everybody about it."

Tania is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Saarev, in Silverton by Geo. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Clayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groeteria Stores Co., in Donald by M. W. Johnson, in Jefferson by Foshay & Mason and in Mill City by Marketeria Gro. Co. (Adv.)
