Government Paying Around \$7,250,000 In War Risk Insurance to Oregonians

Oregon families are being paid \$7,236,729 in war risk insurance claims by Uncle Sam. He is making restitution to those whose sons and husbands died in the service of their country during the greatest war of all times. There are 828 insurance claims being paid in Oregon through the bureau of war risk insurance to beneficiaries named at the time application for insurance was made by soldiers, sailors and marines, now dead. The average policy carried by these 828 men was \$5740. Disabled soldiers, as well as widows and children and dependent parents of those who have died, are being made comfortable by the government which is paying 544 compensation claims to residents of Oregon. In addition to the insurance and compensation claims now being paid in Oregon, there are 336 of both these classes of claims under investigation. These cases, however, are rapidly being adjusted following an investigation by bureau representatives. The bureau of war risk insurance which administers these affairs, has been established by the government as a permanent institution in recognition of the service veterans of the world war rendered their country. The insurance which veterans are able to carry as the result of this act of an appreciative government will be a constant reminder to them of the part they took in the war; whether it has been a matter of accomplishing a deed of valor as performed by Sergeant Alvin Cullum York of Pall Mall, Tenn., or that of the newest recruit who only underwent the discomforts of barracks life, and was deprived of overseas service by the armistice. Records in the bureau show that this has been a young man's war and a mother's war. More than 47 per cent of the men who carried government insurance made mothers their beneficiaries.

William Davenport, superintendent of schools, Medford, "The value of physical training"; Mrs. George McMath, vocational training board, "Vocational training"; Dean Fox, University of Oregon; unfinished business; executive board meeting. The North Salem Women's club will meet tomorrow at the home of Mrs. Emil Roth on North Cottage street. This will be an important session as delegates will be elected to attend the annual state convention in Corvallis. The club has promised its support of Miss Mattie Beatty for the presidency of the Oregon federation. Following the business session the members will visit the plant of the Salem Kings Products company, where the officials will show them all the points of interest and explain the dehydration process.

The Salem O. A. C. club will be entertained Thursday evening of this week at Corillon hall, 162 North Liberty street, by a group of young ladies belonging to the club. All former students and ex-faculty members are urged to attend and enjoy a social evening.

A pretty wedding took place Thursday evening at the home of Mr. and Mrs. M. Fifflet of Cloverdale, when their youngest daughter, Miss Clara, became the bride of William Massey, Reverend Mickey of Salem, formerly of the Methodist church of Turner, officiated, using the ring ceremony. The wedding was performed in the presence of about forty guests. The bride was beautiful in a lovely dress of light blue satin trimmed in gold beads, and carried a bouquet of white sweet-peas and roses. Miss Sybil Peetz acting as bridesmaid, wore a lovely dress of light silk lavender. Victor Fifflet, brother of the bride, attended the groom.

The living room in which the ceremony took place was artistically decorated in pink roses and ferns, while white asters were prettily used to deck the dining room, in which a delicious wedding luncheon was served. Mrs. Massey has a host of friends in Salem and neighboring towns and is very popular in the younger circles. Mr. Massey is in the railroad employ at Falls City, and after a short trip to Medford and Klamath Falls, they will make their home at that place.

Those present at the wedding were Mr. and Mrs. M. Fifflet, Oscar Fifflet, Palma Fifflet, Mrs. Chas. Lindquist and Mabel, Charlotte and Dagny Lindquist of Silverton, Mrs. Olson, Selma Olson, Elmer Olson of Salem, Mr. and Mrs. Peter Brien and son Sidney of Silverton, Mr. and Mrs. John Ludvikson of Silverton, Mr. and Mrs. J. Lyle and Sybil Peetz of Turner, Mr. and Mrs. Levi Fifflet and children of Salem, Rev. Mickey of Salem, Victor Fifflet and Mr. and Mrs. A. E. Kuske.

Mr. and Mrs. J. E. Hutchason have as their guest Mrs. Lyman Spencer of Roseburg.

Barbara Fritchie Tent number two, Daughters of Veterans will hold their regular meeting at the armory tomorrow evening at 8 o'clock.

Mr. and Mrs. J. B. Litter had as their guests over Sunday, Mr. and Mrs. E. Litter of Forest Grove. The two men are brothers.

The Woodburn Women's club has pledged its support of Miss Mattie Beatty for president of the Oregon federation of women's clubs.

from war, eventually, after the general restlessness brought about by the war has subsided, will be about 500,000.

Records in the bureau of war risk insurance, compiled during the rapid demobilization, covering the period from January 1, 1919, to June 1st, last, show that more than half the men change their residence after being mustered out of the service.

A certain percentage of the veterans of the world war are keeping up their government insurance. In order to reach those who temporarily have allowed their insurance to lapse, the bureau of war risk insurance has organized a voluntary field force which will endeavor to conserve as much as possible of the nearly \$40,000,000,000 of insurance carried by men in the service.

Until recently the bureau of war risk insurance was housed in 16 buildings in Washington, ranging from garages to the new national museum. At present there are about 15,000 people who are engaged in administering this insurance of world war veterans. If the women workers of the bureau stood finger tip to finger tip, they would extend more than 13 miles.

There are more than 39,000,000 individual records in the bureau, this large number being necessary in order to keep the data on every man's insurance up to date. More than five miles of files are required to hold these records.

Some idea of the magnitude of \$40,000,000,000 may be gained by figures compiled by the actuarial section of the bureau showing that if this amount were in dollar bills, end to end, the line thus formed would extend to the moon more than 14 times.

To July 1st there had been 17,828,445 checks mailed. If these were in a line, end for end, they would extend 2391 miles. During the first six months of 1919, there were more than 4,000,000 letters received by the bureau. An army of correspondents is needed to take care of the great daily inflow of letters from former service men seeking information on all phases of war risk insurance.

There are six permanent forms of government insurance, as follows:

- 1—20 year endowment.
- 2—30 year endowment.
- 3—20 payment life.
- 4—30 payment life.
- 5—Endowment at age 62.
- 6—Ordinary life.

Applications are being received by the bureau of war risk insurance for changing the present term insurance, which was issued at the time of entering the service, into the permanent forms. The government, in an effort to aid every man in keeping up his war risk insurance, has made unusually liberal provisions covering reinstatement of insurance, where the former service man has allowed it temporarily to lapse. In this way every bit of insurance which has been allowed to lapse may be reinstated under the following provisions:

- 1—The applicant must be in as good health as at the date of discharge, or at the date the insurance lapsed, if lapse occurred after discharge, and must so state in the signed application for reinstatement.
- 2—The application must be accompanied by a remittance to pay the premium for the month of grace during which protection was provided after discharge, and for the first month on the reinstated insurance.
- 3—Ten features which prominently stand out in the government policy are as follows:
 - 1—The total permanent disability clause is granted without cost to the insured and it is free from all restrictions.
 - 2—Government insured does not charge its policy holders any overhead expense.
 - 3—It contains an extremely liberal definition of disability.
 - 4—It gives very substantial payments.
 - 5—It contains no age restrictions.
 - 6—It is unrestricted as to travel, residence or occupation.
 - 7—Premiums paid in advance are refunded down to the month, in case of death.
 - 8—The policy is non-taxable.
 - 9—Unusually liberal cash loan, paid up insurance and extended term insurance values are included.
 - 10—It participates in dividends.
- 4—If the policy holder is unable to keep the full amount of the war risk insurance he carried while in the service, he

may reinstate part of it from \$1000 up to \$10,000 in multiples of \$500. Reductions may be made in multiples of \$500 to any amount, but not less than \$1000. Premiums are due on the first of the month, although payments may be made any time.

Poisoned Kidneys Cause Rheumatism

Nature warns you of poisoned kidneys by causing rheumatic pains. Applying liniments to swollen joints and muscles cannot reach the cause. Stop all rheumatic agonies at once by taking Rheumachol, an internal treatment for rheumatism that will positively flush this poison from your system. At drug stores or send \$1 direct for bottle and a booklet to H. E. Muehler, Idaho Springs, Colo. (Adv)

"CARRY ON!"
If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like salts, oil, calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half sick bodies. They work while you sleep.

Sage And Sulphur Darkens Gray Hair

Brush this through faded, streaked locks and they become dark, glossy, youthful

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. SIMPLE WAY TO END DANDRUFF

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and

Too Ill to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism? Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."

—Mrs. J. TIMOTHY GRANEY, 426 Connor Ave., Joplin, Mo.

And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."

—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.
