

Society

By Gertrude Robison

THE wedding of Miss Bernice Mae Clark and William Hiram East which took place yesterday at the home of the bride's parents, 1169 South Commercial street, was one of the principal social events of the week. Only the immediate relatives were present at the ceremony, at which Reverend W. C. Kautner officiated. The house was a perfect bower of autumn leaves and fall flowers.

The bride was lovely in sheer gown of white georgette, daintily elaborated with hand embroidery. She carried an arm bouquet of white carnations, Miss Bertha Clark, sister of the bride, who acted as bridesmaid, wore a pretty frock of pale green silk and a corsage bouquet of sweet peas in pastel shades. Miss Clark was also soloist at the ceremony, rendering Cadman's "At Dawning." Mrs. D. R. Ross (Larue East) accompanied her at the piano and played the wedding march from Lohengrin. During the ceremony she played the soft strains of "To a Wild Rose." Edward Clark attended the groom and H. L. Clark, the bride's father, gave her away. A delicious wedding luncheon was served at which Miss Gertrude East assisted and the young couple left immediately on their wedding trip. Mrs. East chose as her going away suit a smart tailor of dark blue, and a stylish hat to match. After a honeymoon at Seaside Mr. and Mrs. East will make their home in Portland.

The bride is extremely popular in Salem. She is one of the most accomplished musicians in the city, and has a wide circle of friends in art and social circles. She has been organist at the Congregational church, accompanist for the Apollo club and Peoples chorus, and is always greatly in demand at social functions. Her departure is being greatly regretted by her host of friends and acquaintances.

A group of prominent men and women met at the library last evening and formed the Salem Art League, the first of its kind to be organized in Salem. The purpose of the league is to promote interest in art, literature and music. The members expect to bring to the

city valuable loan exhibits and to secure the services of noted lecturers and critics. Mrs. Weister, for four years in charge of the art exhibits at the state fair, and Professor Alfred Schaeff of the University of Oregon, are among the important personages who will be invited to visit here in the interests of the new organization. A series of social teas and receptions will feature the year program.

Rumors that the American Legion is making plans for a big dance in the immediate future, has caused a noticeable bit of excitement among the members of the dancing circles, particularly the younger groups. So far the only definite step taken has been the appointment of the committee on arrangements, but assurance is given that it will be an event of October or early November. It will, of course, be strictly for ex-service men and their ladies, and as that particular class covers a goodly number of the city's young folk, together with some of the leading business men and society matrons of Salem, the prospects for an extremely enjoyable time are unusually bright. Detailed announcements of further plans will be made later.

The officers of the Salem Peoples' chorus met at the home of Professor John R. Sites last evening and completed plans for the winter work. The first rehearsal will be held next Monday evening at 7:30 in the Willamette university chapel.

Officers of the organization are as follows: Director, John R. Sites; president, Mrs. C. C. Clark; vice president, Mrs. John Carson; secretary-treasurer, Ben F. West; custodian, Frank Alley; press correspondent, Mrs. Ronald Glover.

With the fall season in full swing the various social clubs in the city are gradually resuming their activities. The latest one to make announcement of its opening event is the Tillium dancing club, composed of a number of prominent social leaders. The initial dance of the season will be held on Tuesday evening, October 28, in the

Masonic Temple and the members are looking forward to the event as the first in a series of enjoyable social evenings. The attention of the members is called to the fact that instead of meeting fortnightly as was the custom last year, the organization will meet but once a month during the coming season. E. E. Fullerton is president of the club and Lee Canfield, secretary-treasurer.

Mrs. C. P. Bishop went to Portland yesterday for a brief visit with friends. She plans to return tomorrow. Mrs. Starr and Mrs. Morfo, guests at the Bishop residence, will remain in Salem for a prolonged visit.

Mr. and Mrs. Ronald Glover entertained as their guests during the past week, Reverend and Mrs. M. C. Wine of Newberg, who were in the city attending the Methodist conference. Another guest at the Glover residence was Honorable Denton Mirex of Drain.

"Christian Americanization" will be the topic at the prayer meeting in the First Baptist church tomorrow evening. Mrs. Anna Peffy, wife of Dr. A. M. Peffy of Portland, joint secretary of the American Baptist Foreign Missions society and the American Baptist Home Mission society, will give an address. Mrs. Peffy has had large experience in mission work among foreign speaking peoples and has given careful study to the subject. She is an interesting speaker and will give a thoughtful, informing address. She will speak also at the meeting of the Woman's Missionary society Friday afternoon at the home of Mrs. L. H. Barnett, 1645 Court street.

The Ladies Alliance of the Unitarian church will meet with Mrs. Emma Hurst, Friday afternoon, at her home, 1491 South Commercial street.

Mr. and Mrs. William H. Prunk and Mrs. Rachel Reeder spent the week end at Concomly, where they were the guests of the latter's parents, Mr. and Mrs. Cooley, at a rabbit dinner.

The regular business meeting of the Loyal Women's class of the First Christian church will be held Thursday afternoon at the home of Mrs. D. W. Walchey, 1534 South Commercial street. Important business will be transacted and a large attendance is desired.

The Royal Highlanders were hosts at a delightfully informal evening, Monday evening, October 28, in the

William Lewis Gained 21 Pounds

Took Tanlac on Advice of Friend—Health is Restored

"Well, sir, I have gained twenty one pounds since I commenced taking this Tanlac, and I am so well and strong that I can do as hard days work now as I ever did in my life," said Wm. N. Lewis who for thirty five years was engaged in farming, but is at present living at 938 E street, Tacoma, Wash., and is employed at the Todd Ship yards, while talking to a Tanlac representative the other day.

"About a year ago," continued Lewis, "I went up to Roberts, Idaho, and while working on my home stead I noticed that I was falling in strength and health. I was losing weight and getting weaker day by day. This condition kept up for the whole time I was there, and at the end of the year I was almost a complete wreck. I had no appetite and the climate there seemed to affect my breathing. I finally got to where I would have to get out of bed at night and walk around in the yard for hours at a time in order to get a good breath. My physician told me that I would have to get out of that climate or I could not possibly live much longer. Then I gave up the homestead and came back to Tacoma, and when I got back here I was simply down and out in health.

"Shortly after I got back, a friend

of mine told me about Tanlac and advised me to give it a trial, and after taking a couple of bottles of it I felt so much better that I actually went to work doing hard labor like handling brick and steel. My appetite came back and from that day to this, it just seems I can't get enough to eat. I have no trouble in breathing now, and can go to bed at night and sleep right thru without a break until time to get up in the morning. That was twenty two weeks ago, and I have gained an average of a pound a week ever since. I am as well and strong now as I ever was, and am still swinging to my job at the shipyards and my work doesn't

Plumbing and Water Systems Installed by GEORGE BROS., 141 South Liberty St., Phone 550. Also agent for Fairbanks-Morse Gas Engines.

Men's Overcoats

Small in Numbers
Big in Values

It's the smallest stock of Overcoats we have ever advertised, but, it's a BIG thing to just nineteen men in the community. These nineteen coats are all that remain from what was once a large, assorted stock. Naturally they are no longer first choice but they are all good, serviceable Overcoats, lined and unlined, some with full back; others have belted back. They are all:

Last Year's Overcoats
Last Year's Prices
Less Twenty Per Cent

An absolute reversal of conditions. For example: An Overcoat that would have cost you \$25 a year ago, may now be bought for \$20.00.

This table shows just what is left. DEDUCT 20 PER CENT FROM THESE PRICES.

Look at Tongue! Remove Poison From Stomach, Liver and Bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Pull distresses for child's dose on each bottle. Give it without fear. "California" Mother! You must say "California" (Adv)

Skin trouble costs many a man his job

No matter how efficient a man may be, if he has an ugly skin-eruption, there are positions in which he cannot be tolerated. He may know that it is not in the least contagious, but other people are afraid, they avoid him, and he must make way for a man with a clear, healthy skin. Why run this risk, when

BOARD OF HEALTH WARNS AGAINST FLU

Authorities Nervously Await Recurrence of Dreaded Epidemic

Medical authorities seem to be of the opinion that this country will again be visited by the dreaded scourge of influenza, and have already taken steps to warn the public as to the precaution that should be observed.

- The board of health of the state of Connecticut has had large placards printed and widely distributed containing the following advice, which will be found valuable in any locality, its purpose being to avoid, if possible, a recurrence of this dreaded epidemic.
- 1. Don't inhale any person's breath.
 - 2. Avoid persons who cough and sneeze.
 - 3. Don't visit close, poorly ventilated places.
 - 4. Keep warm and dry.
 - 5. If you get wet, change your clothes at once.
 - 6. Don't use drinking cups or towels that other persons have used.
 - 7. For the protection of others, cover your mouth when you cough or sneeze.
 - 8. Clean your teeth and mouth frequently.
 - 9. Don't spit on the floor.

In addition to the above, the health commissioner of New York city, in an interview in the New York Times, predicts a return of influenza, warns everyone to guard their health carefully, and those who are weak, he advises to build up their strength to better be prepared for the attack.

The medical profession practically admit their helplessness, and health authorities are nervously facing the situation. They can only advise that precautionary measures be adopted,

that will prepare the system for the attack.

They are advising that the system not be permitted to get into a run down condition, but that it be kept in a healthy, vigorous state so that it will be prepared to better withstand the danger of influenza. The blood is the most vital force of life; therefore, it follows that upon the condition of the blood depends largely the condition of the entire system.

Every organ, nerve, muscle, tissue and sinew of the body is dependent upon the blood supply for nourishment, and as it circulates through the system pure and rich and free from all impurities it furnishes these different members the healthful properties needed to preserve them and enable them to perform their various duties.

So long as the blood remains free from infection, we are able to escape disease, but any impurity in this life-giving stream acts injuriously on the system and affects the general health. Disordered blood comes from various causes, such as a sluggish condition of the circulation, imperfect bowel and kidney action, indigestion, etc., but whatever the cause the blood must be purified before the system is in such a robust condition that it is able to ward off disease.

S. S. S., the fine old purely vegetable blood remedy, is a valuable agent in building up the system, and giving it that robust and vigorous vitality that is so essential as an aid in resisting influenza, and other dangerous ailments. A course of S. S. S. will prove to you its real efficiency, as it has in so many cases of impaired and impoverished vitality. It is sold by all druggists, and is worth many times its cost in building up and strengthening the system, and giving it a robust vigorous and healthy circulation that is so important in helping to ward off the attacks of disease.

You can obtain without cost free medical advice by writing to Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga. (Adv)

Many cannot drink coffee within four hours of bedtime and get their natural sleep. . . . But bear this in mind, when a cheery evening table drink is wanted —

You can drink
