Mine Owner Was Forced To Quit
Moves to Coast Seeking Health—Takes Tanlac and Will Return Home A Well Man

"I was forced to give up my mining business in Nevada and come out here seeking health but thanks to Tanlac I am coming back a well man," said William H. Hart, who owns the Vindicator-Divide mine in Tenopah, Nevada. Mr. Hart made this remarkable statement while in one of the Owl Drug company's stores in Los Angeles, Cal., recently.

"For nine long years I have suffered terribly with indigestion and stomach trouble," he continued. "No treatment or medicine gave me any permanent relief and I got in such a nervous run down and emaciated condition that I had to leave my mine and come out here and try to find something to help me. My appetite was poor and everything I ate formed gas in my stomach that would start pains which almost drew me double sometimes. I got so nervous that I couldn't grasp a pen long enough to write a letter and at night even the sound of the wind blowing around the house would upset me. I couldn't sleep any more. This trouble pulled me down until I had lost forty pounds of my weight. Back in June I had a more severe attack and couldn't stay on the job another day, so I just gave up and came out here. I didn't get any relief until a friend recommended Tanlac and I started taking it.

"I feel like a new man since I finished my fourth bottle of Tanlac. I'm eating three square meals every day and enjoying them. My nerves are as steady as a rock again and I can lay down at night and sleep as sound as a healthy child and get up feeling like a different man. To make a long story short, I am going back to my mines a well man and able to get on the job and stay there. Tanlac has overcome the troubles that kept me in misery for nine long years and I am glad to have a chance to tell everybody just how it has helped me. If I had only found Tanlac back at home it would have saved me the expense of the trip out here and all that I have paid out for treatment and medicines, but my experience with Tanlac alone has been worth more than that to me."

Tanlac is sold in Salem by Dr. S. C. Stone, in Hubbard by Hubbard Drug Co., in Mt. Angel by Bea Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Saarev, in Silverton by Geo. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beachamp, in Aurora by Aurora Drug store, in St. Paul by Groceria Stores Co., in Donald by M. W. Johnson, in Jefferson by Foshar & Mason and in Mill City by Marcketeria Gro. Co. (Adv.)

PLANS FOR Y. M. FUND DRIVE ARE OUTLINED WHEAT MEN GRANTED NEW APPEAL SOURCE

The annual Y. M. C. A. financial campaign will begin in this city next Wednesday. Plans for the fund campaign were made at a meeting of the board of directors Wednesday. The committee appointed to take charge was: Chairman, Paul I. B. Wallace, T. A. Livesley, John A. Farrar, T. F. Kay and R. J. Hendricks.

The work confronting the local branch of the Y. M. C. A., since the war, is greater than ever. To cope with this situation more funds must be procured. The committee is sending out a letter to all subscribers enclosing an interesting resume of the work of the Salem association, a copy of the budget for the coming year and a plea for generous support.

In support of the campaign James Elvin, secretary of the local Y. M. C. A., calls attention to the statement of General John J. Pershing:

"The Y. M. C. A. has served the army better than could have been expected, its aid has been a large factor in the great final accomplishment of the American army."

Washington, Oct. 10.—Effective immediately, the United States department of agriculture will handle all wheat appeals from misused inspectors' grades on intrastate as well as interstate transactions. Formerly under the grain standards act, wheat was required to be shipped or delivered for shipment across state lines before an appeal could be taken to the government.

The new arrangement has been made by the secretary at the urgent request of Julius H. Barnes, United States wheat director, and is effective under authority and during the continuation of the food control act, the wheat guaranty act, and the executive order of May 14, 1919. Mr. Barnes stated that it was necessary to have the appeal privilege on all wheat whether interstate or intrastate in order to make the guarantee good to the producer of wheat everywhere in the United States.

Pursuant to this agreement federal grain supervisors in all the large markets of the United States have been instructed to entertain all wheat appeals.

Sage Tea Beautifies And Darkens Hair

Don't stay gray! Sage Tea and Sulphur darkens hair naturally that nobody can tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray haired

Mint Growers To Meet In Eugene Saturday Morning

Willamette Valley Mint Growers association will hold a special meeting at the Eugene chamber of commerce Saturday morning at 10 o'clock. The meeting was called for the purpose of discussing the pool recently formed and the price that has been offered for this year's crop. The pool was for 30 days and the time has about expired.

The growers are holding their product at 88 per pound, while an offer of \$7.15 has been received, and the question now to be decided is whether the mint shall be sold for the price offered for the pool or whether it shall be held for the original price.—Guard.

Commander Of Letterman Hospital Killed Thursday

San Francisco, Oct. 10.—Colonel Robert M. Thornburgh, commandant of Letterman general hospital, is dead and six persons are suffering minor injuries as the result of an automobile accident here last night, when the automobile in which Thornburgh was riding crashed into a municipal bus.

F. W. Carew, driver of the machine that Colonel Thornburgh occupied, and James Lawless, driver of the municipal bus, are both charged with manslaughter because of witnesses' conflicting statements.

The Mosier fruit district shipped a carload of prunes this year, the crop being sold for \$100 a ton, a record price for the fruit.

Acids In Stomach Cause Indigestion

Create Gas, Sourness and Pain How to Treat

Medical authorities state that nearly nine tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and many do real harm. Try laying aside all digestive aids and instead get from any druggist a few
