

Auto Thief Escapes Pen; Steals Again; He's Back

Portland Or., Oct. 10.—Winter Willis, 24, has been returned to the Oregon penitentiary, and must serve a term of ten years there.

Willis escaped from the penitentiary last August, when he had only a few weeks more to serve on a charge of stealing two automobiles. But it is not to complete this sentence that Circuit Judge McGinn sent him to the penitentiary for ten years. Rather it was for stealing another automobile after he had made his escape.

McGinn announced, in sentencing Willis, there will be no leniency in his court hereafter to automobile thieves.

ST. PAUL TAKES SECOND

Los Angeles, Cal. Oct. 10.—St. Paul turned the tables on the Vernon Tigers in the second game of the minor league world series here yesterday, through the work of Pitcher Dan Griner, who held the locals runless.

The St. Paul aggregation broke loose in the seventh inning and amassed five runs. The final count was five to nothing.

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick,

gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; hiccups, gas and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit, without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores. (Adv.)

The first shipment of surplus army food purchased from the government by the people of Eugene arrived in that city Tuesday.

How Much More Tobacco Will My Heart Stand?

A Vital Question for Every Man Who Smokes or Chews to Answer.

May Cost a Life to Find Out By Experiment

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking, cigars, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find out how much tobacco your heart will stand without serious results.

and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit, make it easy for yourself by getting Nicotol tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure to quit.

Manufacturers' Note: Nicotol is sold under the positive guarantee that it is not injurious; that it contains no habit-forming drugs; that it will help any man to throw off the tobacco habit, and that any druggist will refund the entire purchase price if it fails. It is dispensed in Salem under this guarantee by D. J. Fry and other good druggists.
