

DR. W. F. JONES MARION NATIVE, DIES IN ALBANY

Albany, Or., Oct. 14.—Dr. William F. Jones, native son of Oregon and a resident of this state during his entire life, which spanned almost half a century, died at his home here Saturday night.

Dr. Jones was a member of a pioneer family of Marion county and was born in the Waldo Hills near Silverton 49 years ago.

Dr. Jones was a member of the lodges of Masons, Oddfellows and Knights of the Maccabees in Jefferson. He was also a member of the Jefferson Evangelical church.

He is survived by his widow and one son, Kenneth of this city, and the following brothers and sisters: L. A. Jones, J. L. Jones and Mae Jones, all of Portland; G. W. Jones of Tulsa, Cal.; Mrs. C. M. Smith of Oak Lawn, Illinois, and Mrs. Lulu Wiede of Jefferson.

PROPOSED NEW RATES WOULD BENEFIT SALEM

Several Salem men, representing packers of this city, will go to Portland October 22 and attend the Portland district freight traffic committee's hearing on rates. The hearing will be held at room 805 Yeon, building at 10:30 a. m.

The committee proposes readjustment of rates on carload lots of canned goods between points in Oregon, Washington and Idaho; and points in Idaho and Utah, also from San Francisco to points in eastern Oregon and Washington, and northern Idaho.

PRESBYTERY'S FALL MEETING OPENS HERE

With President W. H. Lee, of the Albany college, moderator, presiding, the fall meeting of the Willamette Presbytery will be held in this city, commencing at two o'clock today, and extending over Wednesday. Work pertaining to Sunday schools will occupy the sessions of today and tonight.

Wednesday the sessions will be devoted to the organizing of the presbytery and business of the church. In the afternoon visitors will make a tour of inspection to local industrial plants and to the university.

Speakers announced for the sessions are: Dr. J. E. Snyder of Corvallis, Rev. A. M. Williams, Albany; Rev. W. V. McGee, Albany, and Rev. George H. Lee, Newberg.

A buffalo ewe, quite tame and unaccounted in reported roaming in the Cabage Hill vicinity of Umatilla county.

SOME BLUFFS WORK, AND— Sprague, Wash., Oct. 14.—(United Press.)—George Williams, transient, brandished a bottle. "It's a nitro-glycerin," he yelled at Sheriff Dan Mills. Mills brandished a shotgun. "I'll shoot you full of holes if you don't stop," the official threatened. Williams stopped. His bottle was empty. N. B.—So was the shotgun.

RUPERT HEAD OF CAMPAIGN FOR VALLEY GROUP

F. R. Rupert, of Salem, Oregon, has been appointed chairman for the Willamette valley group, including Albany, Carlton, Dallas, Dayton, Eugene, McMinnville, Salem and Woodburn in the nation-wide campaign of the Episcopal church, organization of which in the diocese of Oregon is now being completed.

Mr. Rupert will also be chairman of the St. Paul committee at Salem, working with the rector, the Rev. Charles H. Powell.

John L. Etheridge is chairman of the diocesan campaign acting under Bishop W. T. Sumner, and the diocesan committee.

The nation-wide campaign is a movement through which it is hoped the Episcopal church will learn all the truth about itself, its condition, short-comings and needs. It has been described by Bishop Sumner as a great spiritual movement. The nation-wide campaign has for its aim and purpose to spiritualize all the agencies, unify all the interests and co-ordinate all the activities and mobilize all the resources of the church.

Primarily it is not a drive for money. There will be a financial canvass, to be held at some future date, but no financial goal has as yet been determined. This will be done in the general conference of the church now in session in Detroit. Organization for the campaign includes a canvass of every member of the church, first of all to enlist the interest of those members in the church in spiritual affairs, community work and in foreign work.

The campaign will include five minute talks in every church every Sunday. Speakers will be known as "information men," working under the direction of Sherman Hall, who made a national record by handling the Four Minute men in the state of Oregon.

A part of the campaign will be the enrolling of a large group of persons, pledged to daily prayer, for the success of the nation-wide campaign. They will be known as intercessors and the campaign to recruit them will be directed by the Rev. C. H. L. Chandler of Oregon City.

Milton B. Klepper, identified with many of the Liberty loan and other patriotic campaigns, is campaign director. Publicity will be in charge of Orton N. Goodwin. Canvasses and mass meetings will be under the direction of Dr. H. C. Fixott, who made a successful record in Liberty loan and Red Cross work. William Whitfield, the Portland accountant is in charge of the supervision of survey and budget, on which will be based the financial campaign, and the Rev. L. H. Clark has charge of the publication of charts and descriptive maps.

Headed by Bishop Sumner, the diocesan committee which will supervise the campaign includes:

The Ven. H. D. Chambers, the Very Rev. R. T. Hicks, Rev. Thomas Jenkins, Rev. John D. Rice, Rev. O. W. Taylor, Rev. C. H. L. Chandler, Rev. John Dawson, Rev. F. G. Jennings, Rev. William Horsfall, J. L. Etheridge, Dr. H. C. Fixott, Rodney L. Glisan, J. W. Ganong, Judge W. T. Slater, S. D. Vincent, C. H. Huggins, R. W. Hastings, A. G. Newell, William Whitfield, A. M. Ellsworth, Mrs. Julia S. Whiteford, Mrs. James Muecke, Mrs. Wilson Johnston.

Wrecking Of Lousanne Hall Nearly Complete; None Hurt

Old Lousanne hall is almost down and without any serious accidents. There were over a hundred men working on the hall last Friday and quite a number on Saturday. "Close shavers" and minor injuries were numerous such as stopping a two-by-four with the head of an axe with the hand. But Hugh Doney, son of President Doney, was the only young man who tried to improve on St. Nicholas' style of descending the chimney. While working on the third floor young Doney backed into an open chimney and slid down two stories to the first floor, where he scored the prettiest tooth back of the season. He was only scratched and burned up, but played the rest of the quarter.

CAMPAIGN TO RAISE \$9,100 FOR "Y" TO STARTS WEDNESDAY

The campaign of the Y. M. C. A. to raise \$9,100 in Salem during a three day drive, begins tomorrow. Committees to push the campaign to a successful conclusion have been named and instructed and it is believed that no obstacles will be confronted in raising the fund. As the budget this year is \$300 higher than that of last year, additional effort to raise the money will be made.

The campaign will be in charge of the following directors of the association: W. L. Staley, R. J. Hendricks, Jos. H. Albert, Curtis Cross, Paul B. Wallace, T. A. Livesley, F. E. Brown, T. B. Kay, W. T. Jenks, H. C. Epley, A. A. Lee, J. H. Farrar, B. L. Steeves, Carle Abrams and Geo. E. Halvorsen.

The following persons have volunteered to assist the directors in soliciting for funds: J. F. Hitehason, Wm. Gahbedorf, Wm. Hamilton, O. B. Gingsrich, L. H. Compton, O. J. Hull, John Bayne, Dr. Findley, Mark McCallister, Wm. H. Trindle, John Harrison, Elmer M. McKee and a number of others whose names will be announced later.

These men will meet at luncheon Wednesday at 12:15 sharp at the Y. M. C. A. It is hoped that the entire budget will be raised in a three-day campaign.

Professor Crowder-Miller Resumes Work At Varsity

Professor Della Crowder Miller, head of the public speaking department, resumed full charge of her work at the university Monday, after a four weeks' convalescent visit with her father, Rev. J. H. Crowder, of Decatur, Illinois. Mrs. Miller suffered a slight nervous breakdown as a result of her strenuous work on the pageant of last spring, a production which she wrote and directed, and after three weeks in the Deaconess hospital here, was given a month's leave of absence by the university. She returns to her work with improved health.

Professor Miller's work was in charge of her son, Orville Crowder Miller, who is also a graduate of Dr. Curry's school of Expression, Boston, and who was in charge of the public speaking department at Eton college, N. C., before coming to Willamette.

During her visit in the east Mrs. Miller attended the International Lyceum Chautauqua association convention in session at Chicago.

HERO OF EASTLAND DISASTER SPEAKS IN SALEM TONIGHT

Describing in all its horrible details the sinking of the Eastland, excursion boat, in the Chicago river July 24, 1916, Arthur Loeb, 39, world famous diver, will speak tonight at the Oregon theater. He will appear on the stage in the garb—a common bathing suit—that he wore when he saved 35 lives, and recovered 67 bodies from the hull of the submerged Eastland.

Loeb carries the only Carnegie five-diamond studded medal in the world, and a large medal, given by the city of Chicago in recognition of his bravery when the Eastland sank with its bur-

den of 4000 souls, which reads: "For heroism displayed in saving 35 lives and recovering 67 dead bodies, July 24, 1916."

Briefly the Eastland, chartered for 2,200 persons, left the piers in the Chicago river with 4000 persons aboard. The gigantic load, caused by the increased number of passengers, caused the Eastland to list and capsize in the river. Of this number 1463 persons lost their lives. After 25 days the hull was raised and 153 more dead bodies were removed from the silty interior of the hull.

In order to raise the Eastland, Mr. Loeb says, it was necessary to cut holes in the hull of the craft with oxy-acetylene torches and pump 260,000 gallons of water out each minute. During this process Mr. Loeb was under the water for 72 hours, without a diving outfit, never coming to the surface for longer than five minutes.

The hero of the Eastland disaster points with pride to the fact that he doesn't smoke, drink or chew. He says that these things would hamper his diving and swimming as a life guard. He was stationed as a life guard for 13 years at Jackson Park, Chicago.

Mr. Loeb is now enroute to France where he will undergo an operation on his skull, to alleviate injuries sustained when he made a 14-foot dive into the hull of the Eastland. He is said to be the only man alive with a broken blood vein and a fractured skull.

Assisting in the raising of the United States submarine P-4, which sank in the harbor at Honolulu in 1915, Mr. Loeb won recognition for his efficient service. He established the world record for depth diving, going down 267 feet.

Orders were received in this city yesterday morning for the complete transfer of all airships, equipment, supplies and all men, except three mechanics and one lieutenant, from the Eugene aviation field to Mather field, near Sacramento, Cal. Orders to take effect immediately.

The orders come as a complete surprise to the aviators in this city. Lieutenant F. E. Roeder and three mechanics are to remain here indefinitely as part of the government forestry patrol. They will maintain aviation headquarters on the hill back of the present field, where is already established a government carrier pigeon loft. Lieutenant Roeder will have a new airplane which is to arrive from San Diego in a few days to maintain the forestry patrol work.

Whether the orders come as an aftermath of the recent tragedy near Gold Ray, Oregon, in which Lieutenant Henry W. Webb lost his life last Tuesday, or whether the government has simply decided that one aviator and one plane is sufficient to maintain the patrol work in this vicinity, is not known. However the forest fire season is about at an end and it was expected that activities would cease by November 1.

Complete denial that the government investigation at Gold Ray was conducted under suspicion that someone had tampered with the mechanism of the ship previous to Lieutenant Webb's flight, were made last night by Lieutenant Roeder, who was a member of the investigating squad. The other officers on the investigation were Lieutenants Carlisle, Ridenour and Eugene Batten, of this city.—Eugene Register.

Five former citizens of Germany were refused citizenship at Dallas last week on the ground that petitions for their first papers were not filed at least two years before the declaration of war.

Shipments of peaches and pears by the Ashland Fruit & Produce association have passed the record mark of 40 carloads this season. Independent shippers have sent out about 30 carloads by express.

Patrol Planes Are Ordered to Mather Field; One Remains

Orders were received in this city yesterday morning for the complete transfer of all airships, equipment, supplies and all men, except three mechanics and one lieutenant, from the Eugene aviation field to Mather field, near Sacramento, Cal. Orders to take effect immediately.
